Independent Auditor's Report

The Plan Administrator
403(b) Thrift Plan of Marcus Jewish Community Center of Atlanta, Inc.
Dunwoody, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the 403(b) Thrift Plan of Marcus Jewish Community Center of Atlanta, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of the 403(b) Thrift Plan of Marcus Jewish Community Center of Atlanta, Inc. (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 403(b) of the Internal Revenue Code (IRC) and covers substantially all employees of Marcus Jewish Community Center of Atlanta, Inc. (the Organization or Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees of the Organization are considered eligible for participation, except for nonresident aliens with no U.S. source of income. There is no age or service requirement for employee contributions. An eligible participant can enter the Plan immediately upon meeting the eligibility requirements. Participants must be 21 years old and have one year of service to be eligible for Employer matching contributions.

Trustee and Administration of the Plan

The trustee of the Plan is Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF) (collectively, the Trustee). The administrator of the Plan is the Organization. The Trustee holds the assets of the Plan in accordance with the service provider contract with the Organization. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. In addition, the Plan provides for Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan document provides for a matching contribution which is equal to 50% of participant contributions up to 5% of eligible compensation. During the 2023 Plan year, Employer matching contributions of \$107,473 were contributed to the Plan. The Plan accepts eligible rollover contributions from qualified plans on behalf of the participant.

Participants may direct the investment of their contributions into various investment options offered by the Plan as provided by TIAA. Certain participants still have balances with Mutual of America, the former recordkeeper of the Plan. Participants may no longer direct contributions into Mutual of America funds.

403(b) Thrift Plan of Marcus Jewish Community Center of Atlanta, Inc.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions, the Organization's contributions, if any, and an allocation of Plan earnings thereon, as well as charges by Mutual of America and TIAA for an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Organization's contribution portion of their account is based on years of continuous service. Participants are fully vested after two years of credited service for all Employer contributions as defined in the Plan.

Notes Receivable from Participants

Participants may borrow from their TIAA fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loans are repaid over a period of five years or less, unless used to purchase a principal residence. The loan interest rate is set at 1% above the prime rate, as defined by the Plan. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or separation from service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or other specified payment options as provided in the Plan. Withdrawals from the Plan may also be made upon attaining age 59½ and upon circumstances of financial hardship in accordance with provisions specified in the Plan document. All vested balances less than \$1,000 may be automatically distributed after termination of employment. Effective for distributions subsequent to October 1, 2023, vested balances \$5,000 or less will be distributed automatically.

Forfeited Accounts

Forfeitures by non-vested participants are used to reduce future Employer contributions.

During the 2023 Plan year, forfeitures of \$11,441 were used to reduce Employer contributions to the Plan. Forfeiture balances available to offset Employer contributions were \$873 and \$1 at December 31, 2023 and 2022, respectively.

Administrative Expenses

Administrative expenses include certain annual participant fees and investment consulting fees. Fees related to the administration of notes receivable from participants and for loan withdrawals are directly paid by the participants and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

403(b) Thrift Plan of Marcus Jewish Community Center of Atlanta, Inc.

Notes to Financial Statements

Revenue Credits

The Plan's trust agreement with TIAA provides for a participant revenue credit arrangement, whereby the Trustee allocates quarterly deposits into the accounts of eligible participants who are invested in certain funds. There were no unallocated revenue credits at December 31, 2023 and 2022. During 2023, the Plan received credits of \$9,005, which were used to pay administrative expenses. Administrative expenses are presented net of revenue credits in the statement of changes in net assets available for benefits.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions

Participant contributions and any related matching contributions are recognized in the period during which the Organization makes the respective payroll deduction from the participant's compensation.

Payment of Benefits

Benefits are recorded when paid.

403(b) Thrift Plan of Marcus Jewish Community Center of Atlanta, Inc.

Notes to Financial Statements

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2023 and 2022. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account - The pooled separate account is divided into distinct subaccounts that are referred to as separate accounts. The pooled separate account operates similarly to a mutual fund at the investment level and is invested in assets that match the investment objectives of the separate accounts. The Plan's interest in the pooled separate account is evidenced by units of account. The unit value of the pooled separate account is based on the NAVs which are calculated by using quoted market prices of the underlying investments and adjusted for certain separate account charges. The fair values of the pooled separate account have been calculated using the NAV per share of the underlying investments. The NAV, as provided by Mutual of America, is used as a practical expedient to estimate fair value. The NAV would not be used if it were probable that the investment would not be traded at NAV.

403(b) Thrift Plan of Marcus Jewish Community Center of Atlanta, Inc.

Notes to Financial Statements

The following table summarizes the separate accounts that are measured using NAV as a practical expedient:

December 31,

	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2023	2022			
Pooled separate account:					
Equity Funds ^(a)	\$ 49,119	\$ 58,262	\$ -	None	None
Fixed Income Funds ^(b)	6,455	6,352	-	None	None
Balanced Funds ^(c)	18,435	16,459	-	None	None
Asset Allocation Fund ^(d)	1,674	1,460	-	None	None
Retirement Target Funds ^(e)	3,809	3,499	-	None	None
Total Investments Measured at the NAV as Practical Expedient	\$ 79,492	\$ 86,032	\$ -		

- (a) *Equity Funds* - These funds invest in a diversified portfolio of primarily common stocks with a broad exposure to the market. The portfolios may invest in companies with smaller or larger market capitalizations, investing in domestic and foreign issuers. Investment objective is to seek over provide long-term capital appreciation. The Mid Cap Equity Index Fund and the Equity Index Fund seek investment results that correspond to the investment performance of the S&P MidCap 400 Index and the S&P 500 Composite Stock Price Index, respectively.
- (b) *Fixed Income Funds* - The Money Market Fund seeks current income to the extent consistent with the maintenance of liquidity, investment quality and stability of capital. The fund invests in U.S. Treasury bills and commercial paper. The Intermediate Bond Fund seeks current income with a secondary objective of preservation of capital. The fund invests primarily in investment-grade, publicly traded debt securities, such as U.S. Treasury bonds and investment-grade corporate bonds.
- (c) *Balanced Funds* - The funds in this category seek to achieve capital appreciation and current income, competitive total return or high total return with reduced risk over the long-term by investing in a diversified portfolio of common stocks, debt securities, and short-term instruments.
- (d) *Asset Allocation Fund* - The Moderate Allocation Fund seeks capital appreciation and current income. It invests in both fixed income funds and equity funds of the investment company. The Aggressive Allocation Fund seeks capital appreciation and, to a lesser extent, current income. It invests primarily in equity funds of the investment company and also invests in fixed income funds of the investment company.
- (e) *Retirement Target Funds* - These funds invest primarily in equity funds and fixed income funds. Each fund seeks current income and capital appreciation appropriate for asset allocation associated with the fund's approximate year of retirement, which is included in the fund's name. The funds invest in proportions that are balanced to meet the current target of the funds, which will move toward preservation of capital and production of income as the target retirement date approaches. The target of the funds changes over time, so the mix of fixed income funds and equity funds changes to reflect the periodic modifications in the fund's target.

403(b) Thrift Plan of Marcus Jewish Community Center of Atlanta, Inc.

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,870,294	\$ -	\$ -	\$ 10,870,294
Total	\$ 10,870,294	\$ -	\$ -	10,870,294
Total investments measured at the NAV as practical expedient				79,492
Total Investments, at fair value				\$ 10,949,786

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,180,937	\$ -	\$ -	\$ 9,180,937
Total	\$ 9,180,937	\$ -	\$ -	9,180,937
Total investments measured at the NAV as practical expedient				86,032

4. Investment Contracts

TIAA Stable Value Contract

The TIAA Stable Value Contract is a fixed rate group annuity contract issued by TIAA. Contributions are deposited into a non-unitized separate account of TIAA and buy a contractual or guaranteed amount of future benefits for the participants. Allocations to the TIAA Stable Value annuity are backed by the value of the assets in the separate account and, if insufficient, by TIAA's claims-paying ability. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract provides a guaranteed minimum rate of interest of between 1% and 3%. Although the liability to provide contract guarantees and accumulations is backed by the assets in the separate account, any amount to be credited above the minimum guaranteed rate is determined by TIAA. There are no reserves against the contract value for credit risk of the contract issue as of December 31, 2023 and 2022.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value, as reported to the Plan by TIAA, represents accumulated cash contributions, interest credited, and transfers, if any, less any withdrawals and transfers, if any. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their

403(b) Thrift Plan of Marcus Jewish Community Center of Atlanta, Inc.

Notes to Financial Statements

investment at contract value. There are, however, “equity wash” provisions that prevent the immediate transfer of amounts to any competing funds available in the Plan for a 90-day period. If the Plan sponsor chooses to terminate the Plan’s investment in the contract, the Plan will receive contract value in a period not to exceed two years. If the two-year payout applies, a discontinuance fee will be assessed which has the effect of reducing the interest credited during the two-year period by a maximum of 75 basis points.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Deposit Administration Contract

The Plan has a fully benefit-responsive guaranteed interest account with Mutual of America. Mutual of America maintains the contributions in a general account. The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investments contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The investment contract is fully benefit-responsive and is reported at contract value in the statements of the net assets available for benefits. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on a formula agreed upon with the issuer but can never be less than 1%. The crediting rate is reset quarterly.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Organization or other Organization events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring. The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Notes to Financial Statements

5. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, interest income, dividend income, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, qualified institutions.

Investments totaling \$135,319 as of December 31, 2023 and related interest income of \$877 and net appreciation in fair value of investments of \$12,178 for the year ended December 31, 2023 were held by Mutual of America and are not certified.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Mutual of America and TIAA. Mutual of America and TIAA are the recordkeepers of the Plan and, therefore, these transactions qualify as party-in-interest. Notes receivable from participants also qualify as exempt party-in-interest transactions. As described in Note 1, the Plan paid certain expenses related to Plan operations and investment activity to service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

7. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

8. Tax Status

The Plan uses a 403(b) volume submitter plan document sponsored by TIAA. TIAA received an opinion letter from the Internal Revenue Service (IRS), dated August 7, 2017, stating that the 403(b) volume submitter plan document satisfies the applicable requirements of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
