Report of Independent Auditors

To the Plan Administrator of
Aurora Health Management, LLC 401(k) Plan
Millersville, MD

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Aurora Health Management, LLC 401(k) Plan an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Aurora Health Management, LLC 401(k) Plan's financial statements performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Aurora Health Management, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Aurora Health Management, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Aurora Health Management, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aurora Health Management, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2023 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV, line 4i – Schedule of Assets Held (At End of Year) and Schedule H, Part IV, line 4a – Schedule of Delinquent Participant Contributions, as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Prior Period Financial Statements

The financial statements of Aurora Health Management, LLC 401(k) Plan as of and for the year ended December 31, 2022, were audited by other auditors whose report dated October 16, 2023, expressed an unmodified opinion in accordance with ERISA Section 103(a)(3)(c).

AURORA HEALTH MANAGEMENT, LLC 401(K) PLAN
Notes to Financial Statements
December 31, 2023

Note 1 - Description of Plan

The following description of Aurora Health Management, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering specified non-union employees of Aurora Health Management, LLC (the "Company") who have completed one year of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally effective February 26, 2012 and was amended and restated effective October 27, 2021.

Aurora Health Management, LLC, Citizens Care and Rehabilitation Center of Frederick, LLC and Odyssey Assisted Living at Montevue, LLC are the only active participating entities subsequent to the partial plan termination on October 31, 2018. The participating entities (collectively the "Company") are all part of the same controlled group.

Contributions

The Plan provides for both pre-tax and Roth participant contributions, as defined in the Plan. All eligible employees who have not made an election to participate in the plan will be automatically enrolled in the Plan, with an automatic deferral of 2% of their compensation. Participants may still elect not to participate in the Plan. Participants who have attained age 50 before the plan year ends are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company makes a fixed matching contribution equal to 50% of each eligible participant's deferrals for the Plan year, up to a maximum of 2% of compensation. Participants must be employed on the last day of the Plan year in order to receive the fixed matching contribution. The Company may also make a nonelective discretionary contribution. Contributions are subject to certain limitations. During the year ending December 31, 2023, the Company made a fixed matching contribution, net of forfeitures, of \$67,161. During the year ending December 31, 2023, there were no nonelective discretionary contributions.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's employer fixed matching contributions and nonelective discretionary contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Investment options

Upon enrollment in the Plan, participants may direct the trustee of the Plan as to the investment of their account balances in accordance with guidelines established by the Plan. The Plan currently offers registered investments and common/collective trust funds as investment options for participants.

Note 1 - Description of Plan (continued)

Payment of benefits

On termination of service due to death, disability, retirement, or other termination of employment, a participant may elect to receive a lump-sum amount or in installments, equal to the value of his or her account. Participants may also elect to take a hardship withdrawal from the elective deferrals of his or her account, as defined in the Plan. Participants are also allowed to take in-service withdrawals upon reaching 59 ½ years of age. Distributions are required once the participant reaches age 70 ½. Certain income taxes and penalties apply to withdrawals prior to age 59 ½.

Forfeitures

Forfeitures of terminated non-vested account balances during the year ending December 31, 2023 were \$13,372. Forfeitures may only be used to reduce future Company fixed matching contributions. During 2023, \$5,842 of forfeitures were used to reduce the Company fixed matching contribution. As of December 31, 2023, there were forfeitures of \$39,220 available to reduce future Company fixed matching contributions.

Note 2 - Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States (U.S. GAAP).

Investment valuation and income recognition

The Plan's investments are recorded at fair value or contract value, as applicable. The Plan's registered investments are recorded at fair value based on quoted market prices. The common collective trusts are recorded at net asset value based on the underlying assets as a practical expedient. The Plan's interest in the collective trust is based on the contract value of the collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes investments bought, sold or held during the year.

As described under FASB ASC 962-325-35 "*Plan Accounting – Defined Contribution Pension Plans*", the plan values all fully-benefit responsive contracts at fair value, which is contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Expenses

Plan administrative expenses may be paid by the Plan or the Company.

Payments of Benefits

Benefit payments are recorded when paid.

Note 2 – Summary of Account Policies (continued)

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Credit risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 3 - Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Registered investments: Valued at the quoted market prices of the shares held by the Plan at year-end.

Common collective trusts: Valued using the net asset value of underlying investments as a practical expedient.

Note 3 - Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023

Investments measured using the net asset value per share practical expedient

The following table summarizes investments for which fair value measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note 4 – Investments in Fully Benefit Responsive Contract

The plan has a benefit-responsive investment contract in a common collective trust. The contract is included in the financial statements at contract value as reported to the Plan. Contract value represents the contributions under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The value at December 31, 2023 and 2022 is \$143,300 and 92,987, respectively.

AURORA HEALTH MANAGEMENT, LLC 401(K) PLAN
Notes to Financial Statements
December 31, 2023

Note 4 – Investments in Fully Benefit Responsive Contract (continued)

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact a contract value with Plan participants are probable of occurring.

Note 5 – Plan Termination

Effective October 31, 2019, many of the participating companies of the Plan were sold, which triggered a partial plan termination. In accordance with the Internal Revenue Service (IRS) guidance, all active participants of the Plan affected by the partial plan termination became 100% vested. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 6 – Tax Status

The Plan adopted a pre-approved prototype plan sponsored by the plan administrator and has not requested a determination letter but rather has relied upon the Internal Revenue Service opinion letter dated June 30, 2020 issued on the prototype plan stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The plan was amended and restated on October 27, 2021. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2023 no uncertain tax positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believe it is no longer subject to income tax examinations for years prior to December 31, 2020.

Note 7 – Related Party Transactions

Certain Plan investments are shares of registered investments and common/collective trust funds managed by the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee for recordkeeping services totaled \$17,256 for the year ended December 31, 2023.

Although not required by the plan, a portion of the costs of plan administration were absorbed by the Company. The Company paid administrative fees of \$20,224 for the year ended December 31, 2023.

Certain officers and employees of the Plan sponsor are administrators of the Plan acting as fiduciaries and are also participants in the Plan. No compensation was paid by the Plan.

Note 8 – Financial Information Certified by the Trustee of the Plan

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023, and net appreciation (depreciation) in fair value of investments and dividends for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC (the trustee of the Plan).

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that was prepared and certified to as complete and accurate by the trustee.

	<u>2023</u>
Investments, at fair value:	
Registered investments	\$ 76,604
Common collective trusts	5,021,250
Investments, at contract value:	
Common collective trust	143,300
Dividends	1,948
Net appreciation (depreciation) in value of investments	632,917

Note 9 – Delinquent participant contributions

During the year ending December 31, 2023, the plan sponsor did not remit \$15,935 in participant contributions to the Plan in a timely manner, as defined by ERISA. These delinquent participant contributions are considered prohibited transactions, which may result in an imposition of 15% excise tax on the amount of the transactions. The Plan Sponsor is in the process of calculating and remitting the lost earnings related to the late remittances in 2023; the lost earnings are expected to be remitted to the Plan during 2024.

During the year ending December 31, 2022, the plan sponsor did not remit \$117,828 in participant contributions to the Plan in a timely manner, as defined by ERISA. These delinquent participant contributions are considered prohibited transactions, which may result in an imposition of 15% excise tax on the amount of the transactions. During 2023, the Plan Sponsor remitted the lost earnings related to the late remittances in the December 31, 2022 plan year.

Note 12 – Subsequent events

The Plan has evaluated subsequent events through October 11, 2024, the date the report is available for issuance. No events requiring disclosure have been noted.
