MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

INDEPENDENT AUDITOR'S REPORT

Opinion

We have audited the accompanying financial statements of Windsor Door, Inc. Consolidated Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2023 and 2022 (in liquidation), and the related statement of changes in net assets available for benefits for the year then ended (in liquidation), and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Windsor Door, Inc. Consolidated Pension Plan as of December 31, 2023 and 2022 (in liquidation), and the changes in its net assets available for benefits for the year ended December 31, 2023 (in liquidation), in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Windsor Door, Inc. Consolidated Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter—Basis of Accounting

As discussed in Note A to the financial statements, the governing body of Windsor Door, Inc. Consolidated Pension Plan approved a plan of liquidation on August 31, 2022, and management determined liquidation is imminent. As a result, the liquidation basis used in presenting the December 31, 2023 and 2022 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Windsor Door, Inc. Consolidated Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Part IV, Line 4i – Schedule of Assets Held for Investment Purposes at End of Year and Schedule H, Part IV, Line 4j – Schedule of Significant Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WINDSOR DOOR, INC. CONSOLIDATED PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE A - DESCRIPTION OF PLAN

The following description of the Windsor Door Inc., Consolidated Pension Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan, established January 1, 1998, is a noncontributory defined benefit pension plan covering substantially all salaried employees of Windsor Door, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective December 31, 2002 (the Freeze Date), the Plan was frozen. Employees hired on or after January 1, 2003 are not eligible to participate in the Plan. No credited service will accrue on or after January 1, 2003. Any employee who is a participant in the Plan as of the Freeze Date, and who has not already ceased accruing benefits under the Plan, will cease accruing benefits under the Plan as of the Freeze Date.

Eligibility and Vesting

As of the Freeze Date, all salaried employees were eligible to participate in the Plan as of January 1 and July 1, coinciding with or following the date the employee completes one year of eligible service, as defined by the Plan.

Participants become 100% vested upon completion of five years of service, attainment of normal retirement age, or termination of the Plan. If a participant terminates employment before completing five years of service, he/she forfeits the right to receive the benefits accumulated.

Pension Benefits - Salaried Employees

At normal retirement (age 65), participants are entitled to annual pension benefits equal to 0.8% of average annual earnings, as defined, plus 0.6% of average annual earnings in excess of covered compensation multiplied by the participant's years of services up to 35 years plus 0.5% of average annual earnings multiplied by the participant's years of service in excess of 35 years. A participant is entitled to reduced monthly pension benefits upon reaching age 55 and completing 10 years of service.

If the participant is married on the date the benefits are to begin, the participant options are: joint and 100% survivor, joint and 75% survivor, joint and 50% survivor, ten year certain option, level income option, or life annuity (with notarized waiver from spouse), unless otherwise elected. If the participant is single on the date the benefits are to begin, the participant will automatically receive a life annuity.

Pension Benefits - Hourly Employees

At normal retirement (age 65), participants are entitled to monthly pension benefits based on years of service and specified multipliers, as defined by the Plan. A participant is entitled to reduced monthly pension benefits upon reaching age 60 and completing 5 years of service.

If the participant is married on the date the benefits are to begin the options are: joint and 50% survivor, joint and 75% survivor or life annuity (with notarized waiver from spouse), unless otherwise elected. If the participant is single on the date the benefits are to begin, the participant will automatically receive a life annuity.

Funding Policy

The Company contributes such annual amounts as are necessary to maintain the Plan on a sound actuarial basis. The Plan has met the minimum funding requirements of ERISA. The Company's present intention is to make annual contributions in amounts sufficient to fund the Plan's initial past service cost plus interest. No contribution was required in 2023 to meet the minimum funding requirements of ERISA.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Plan Termination

The Board of Directors of Automatic Timing and Controls, Inc. resolved to terminate the Plan effective August 31, 2022 and to distribute Plan assets as soon as administratively practicable. In accordance with Plan provisions, the Company vested 100% of the Plan's assets as of August 31, 2022. Plan assets were distributed as of December 31, 2023.

Its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated Plan benefits will be paid depends on the priority of those benefits, the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (the PBGC), and the sufficiency at that time of the Plan's net assets to fund those benefits. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty, while other benefits may not be provided at all.

Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's benefits. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on August 31, 2022.

Administrative Expenses

The Plan paid administrative expenses of \$63,454 for the year ended December 31, 2023.

Income Tax Status

The Plan obtained a determination letter on November 24, 2015, in which the Internal Revenue Service (IRS) stated that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is exempt.

Wasting Trust

Due to the sale of the Plan Sponsor in 2003, the decision was made to freeze the Plan because there were other benefit options offered by the buyer. Participants are no longer accruing benefits, but the Plan will remain in existence as long as necessary to pay already accrued benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of these financial statements. These policies conform to accounting principles generally accepted in the United States of America, and have been applied on a consistent basis.

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting with assets presented on the liquidation basis as the Plan was terminated effective August 31, 2022.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for disclosure of fair value measurements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, the actual results may differ from those estimates.

Risks and Uncertainties

Contributions to the Plan and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, employee compensation, and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term, and due to uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements.

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Plan Administrator has evaluated all activity of the Plan through October 14, 2024, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes.

NOTE C - FAIR VALUE

FASB ASC 820 establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described in the table below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE C - FAIR VALUE (CONTINUED)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market: Valued at amortized cost, which approximates fair value and includes investments in high quality, short-term money market instruments which are issued and payable in US dollars. (Level 1)

Mutual fund and exchange traded funds: Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. (Level 1)

Treasury bonds: Valued at quoted market prices, which represent the net asset value of bonds held by the Plan at year-end. (Level 1)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

2023	Total	(Level 1)	(Level 2)	(Level 3)
Money market	\$ 1,534,797	\$ 1,534,797	\$ -	\$ -

NOTE D - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has obtained certifications from the trustee that the information provided to the plan administrator by the trustee is complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. A summary of information included in the financial statements, which has been certified, is as follows as of and for the years ended December 31:

	<u>2023</u>	<u>2022</u>
Investments at fair value	\$ 1,534,798	\$ 10,094,832
Cash	10,872	221,900
Net appreciation in fair value of investments	24,756	
Interest and dividends	237,972	

NOTE E - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump sum distributions, that are attributable, under the Plan's provisions, to the service employees have rendered through the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries or employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits are based on the monthly benefit amount designated by the Plan and in effect at the valuation date. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered through the valuation date.

The actuarial present value of accumulated plan benefits is that amount that results from applying actuarial assumptions to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment, and was determined by an independent actuary. The significant actuarial assumptions and method underlying the actuarial computations as of December 31, 2023 and January 1, 2023 are as follows:

Actuarial cost method – Projected Unit Credit Actuarial Cost Method

Mortality – PRI-2012 Total Dataset Mortality Tables projected with Scale MP-2021

Assumed rate of return – 7.5% compounded annually for 2022

Retirement age – Between ages 55 and 65, according to a set of retirement rates for active members; age 65 for terminated members with vested rights

NOTE F - ACCUMULATED PLAN BENEFITS

The actuary estimates the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits of the Plan is as follows as of:

	<u>December 31, 2023</u>	<u>January 1, 2023</u>
Vested benefits:		
Participants currently receiving payments	\$ -	\$ 8,421,220

Changes in the actuarial present value of accumulated plan benefits are as follows:

Actuarial present value of accumulated plan benefits at December 31, 2022	\$ 8,421,220
Benefits paid	<u>(8,421,220)</u>
Actuarial present value of accumulated plan benefits at December 31, 2023	<u>\$ -</u>

The accumulated plan benefit information presented as of December 31, 2023 and January 1, 2023 includes the effects of the Plan amendment to freeze the Plan, which became effective December 31, 2002.

NOTE G - PARTY-IN-INTEREST

Certain Plan investments are managed by ClearStead Financial Management. Transactions in these investments qualify as party-in-interest transactions.

NOTE H - PLAN MERGER

Plan management approved the merger of the Windsor Door, Inc. Pension Plan for Hourly Employees ("Hourly Plan") into the Plan with an effective Date of August 30, 2022. Net assets available for benefit of \$5,781,098 were transferred into the Plan as of August 31, 2022.
