Premier B.H., Inc. 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Premier B.H., Inc. 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Premier B.H., Inc. 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

KKAJ, LLP

tel 661.705.4222 toll free 888.837.9321 fax 661.705.4260 www.kkajcpa.com

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Premier B.H., Inc. 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Premier B.H., Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Premier B.H., Inc. 401(k) Profit Sharing Plan and Trust Premier B.H., Inc. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Premier B.H., Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment

information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The Premier B.H., Inc. 401(k) Profit Sharing Plan & Trust (the Plan) is a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC.) The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974. A general description of the Plan follows. For a more complete description, participants should refer to the Plan Provision Summary or the Plan Document, which are available from the Plan administrator.

The Plan is a defined contribution plan covering employees who satisfy the eligibility criteria. Effective January 1, 2013, the Plan was amended to reduce the age and length of service required for employees to be able to participate in the Plan. Also, an automatic enrollment into the Plan by newly eligible employees was added, unless the employee has specifically declined to participate in the Plan. Employees must be age eighteen or older to participate in the Plan. No length of service is required for employees to be able to participate in elective deferrals or matching contributions, portions of the Plan. Employees with one year of service are eligible to receive employer profit sharing contributions. The Plan covers all full-time employees of Premier B.H., Inc. and its affiliates (the Company).

Participants may defer tax-free up to 90% of their qualified annual compensation to the Plan, limited to a maximum annual amount as set by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. 3% of each eligible employee's compensation will be automatically withheld and contributed to the Plan unless employees elect to either not participate in the Plan, or contribute a different amount. This automatic deferral will increase by 1% at each anniversary date to a maximum of 6% of eligible compensation. Employer contributions consist of two components, a matching formula 30% of contributing participants' deferrals not to exceed 5% of compensation per each payroll period and a profit sharing contribution. No length of service is required for participants to be able to receive the matching portion of the employer contributions. However, participants must have attained one year of service to be eligible for the profit sharing portion of the employer contributions. The Company's matching contributions to the Plan totaled \$789,254 for the year ended December 31, 2023. Profit sharing contributions are determined by the board of directors. Such contributions to the Plan are allocated among eligible participants in the proportion of their compensation to total compensation of all participants. No profit sharing contributions were made for the year ended December 31, 2023.

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings, and is charged with actual expenses incurred by the participant such as loan fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Participants immediately vest in their tax deferred contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions plus actual earnings thereon is based on years of service. Participants become 100% vested over a six-year period of time except in the case of retirement, death or disability, in which case participants will immediately vest in their entire account balance. Participants can receive distributions from their accounts at retirement (age 65), after reaching the age of 59 ½, upon termination of employment, or upon death or disability.

Forfeitures may be used to offset administrative expenses and offset the Company's future matching contributions. During the year ended December 31, 2023, \$227 was used to offset employer matching contributions. The total amount for forfeited non-vested accounts for the years ended December 31, 2023 and 2022 were \$299,066 and \$22,151, respectively

The Plan paid \$214,343 in investment and administrative fees for the year ended December 31, 2023. These amounts are reported as an administrative expense on the statement of changes in net assets available for benefits.

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

2. SIGNIFICANT ACCOUNTING POLICIES

The accounting records of the Plan are maintained on the accrual basis of accounting except as noted below regarding benefit payments. The accuracy of these financial statements, notes to financial statements, supplemental schedule of assets (held at end of year), and any other supplemental schedules are the responsibility of the Plan's management.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments

Registered Investment Companies. The Plan has invested in registered investment companies. These investments consist of mutual funds and are recorded at fair market value as published in market listings and represent more than 5% of net assets.

See Note 10 for further fair value disclosures. During 2023, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as investments held at the end of the year) appreciated in value by \$2,046,415.

Notes Receivable From Participants

The Plan allows for participants to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The trustee of the Plan notifies the Company of past due or delinquent loans. If a note receivable becomes uncollectible, it is Plan policy to deem the defaulted loan a distribution, which according to the Plan document may be taxable to the participant. The loans are secured by the vested balance in the participant's account. The Plan's management expects that all outstanding loans will be collected by the Plan. There is no allowance for doubtful accounts for the years ending December 31, 2023 or 2022. The loans bear interest rates ranging from 4.25% up to 6.50%.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred.

Benefits Paid to Participants

Benefits paid to participants are recorded when paid as required by U.S. generally accepted accounting principles for qualified retirement plans.

Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Significant estimates include the fair market value of investments.

3. INCOME TAX STATUS

This Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that for the years ending December 31, 2022 through December 31, 2023 there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is still open to examination by various tax authorities for years ending on or after December 31, 2020.

4. PROSPECTIVE BENEFIT PAYMENTS

As of December 31, 2023, there were no participants who had elected to withdraw from the plan but had not yet been fully paid.

5. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

For the year ended December 31, 2023 and 2022, the Plan's administrator obtained the trustee's certification of the Plan as to valuation of the investment assets, investment transactions, and investment income for the year. See the supplemental schedule of assets (held at end of year).

6. PARTY IN INTEREST TRANSACTIONS

As detailed in Note 2 above, the Plan allows participants to borrow from their fund account. The note receivable balance on these borrowings were \$330,932 and \$782,921 at December 31, 2023 and 2022, respectively. Income recognized during the year ended December 31, 2023 was \$47,081, as reported on the statement of changes in net assets available for benefits.

7. EXCESS CONTRIBUTIONS

During the year, the Company recognized that they were making contributions to the Plan in excess of the necessary amounts. As management was determining their options at the time of issuing the Plan's financial statements, the excess contribution was accrued for by the Plan as of December 31, 2022. During the year, the funds were placed into the forfeiture account, and the Company has been using these funds to reduce required payments to the Plan for matching purposes. As all of these employer contributions were not exhausted during the current year, the balance in the forfeiture account increased significantly.

8. BENEFITS PAID TO PARTICIPANTS

Due to the sale of several facilities to unrelated parties noted in the prior financial statements, some participants have requested distributions from the Plan and other participants' accounts were transferred to the unrelated parties' retirement accounts.

9. SUBSEQUENT EVENTS

The Company has evaluated the Plan for subsequent events through October 11, 2024, the date in which these financial statements were available to be issued. As of this date, there have been no significant events that occurred for which the Company has deemed such disclosure necessary.

10. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

**PREMIER B.H., INC. 401(K)
PROFIT SHARING PLAN & TRUST**

Notes to Financial Statements
December 31, 2023 and 2022

10. FAIR VALUE MEASUREMENTS (CONTINUED)

- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for the Plan's assets measured at fair value.

Registered Investment Companies: Valued at fair value as published in market listings

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures. The valuation technique used in measuring fair value of investments is determined by the Plan administrator and this appears to be consistent with valuation techniques used in the industry.

Assets Recorded at Fair Value on a Recurring Basis

The following table presents by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2023 and 2022.

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
