## Independent Auditors' Report

**To the Plan Administrator**  
**Northwest Radiology Network, P.C. 401(k) Plan**  
**Indianapolis, IN**

### ***Opinion on 2023 Financial Statements***

We have audited the financial statements of Northwest Radiology Network, P.C. 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion on 2023 Financial Statements***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the 2023 Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the 2023 Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedule Required by ERISA**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Other Matter - Auditors' Report on the 2022 Financial Statements**

The 2022 financial statements of the Plan were audited by predecessor auditors whose report dated October 13, 2023, expressed an unmodified opinion on those financial statements.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedule Required by ERISA**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Other Matter - Auditors' Report on the 2022 Financial Statements**

The 2022 financial statements of the Plan were audited by predecessor auditors whose report dated October 13, 2023, expressed an unmodified opinion on those financial statements.

**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2023**

---

**NOTE 1 - PLAN DESCRIPTION**

The following brief description of the Northwest Radiology Network, P.C. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan. Copies of the Plan document are available from the Plan administrator.

**Participating Companies**

The following Companies, which are related parties, are participating employers in the Plan:

Northwest Radiology Network, P.C.  
NWR Management Services Organization, Inc.

**General**

The Plan is a defined contribution plan covering all participating employees of the Companies. The Plan is designed to meet the requirements of Section 401(a) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Participation**

Participation in the Plan requires an individual to complete one year of service and attain the age of 21. A year of service is defined as a 12-month period in which an individual works at least 1,000 hours. An eligible participant is allowed to enter the Plan on the 1st day of the Plan year (January 1) or on the 1st day of the 7th month of the Plan year (July 1) following the completion of the eligibility requirements.

**Contributions**

Each year, participants may contribute up to the allowable limits established by the Internal Revenue Service. Upon obtaining the age of 50, participants may make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

For its safe harbor contribution for the year ended December 31, 2023, the Companies made contributions of the first 3% of compensation contributed by each participant in the amount of approximately \$509,000. The Companies may also make discretionary matching contributions as determined by the board of directors. The matching contributions are based upon a percentage of each participant's compensation that is contributed to the Plan.

A discretionary profit-sharing contribution may also be made by the Companies without regard to current or accumulated profits. For the year ended December 31, 2023, the Companies contributed approximately \$1,188,000 in discretionary contributions.

**NOTES TO FINANCIAL STATEMENTS**

**NOTE 1 - PLAN DESCRIPTION (CONTINUED)**

**Forfeitures**

Forfeitures from terminated participants' non-vested accounts are used to reduce future employer contributions. Amounts available for future use were approximately \$29,000 and \$25,000 as of December 31, 2023 and 2022, respectively.

**Participant Accounts**

Each participant's account is credited with allocations of (a) the Companies' safe harbor contribution, (b) the Companies' discretionary contribution, (c) the participant's salary deferrals, and (d) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are fully vested in the Companies' contributions after six years of service. Prior to the sixth year and subsequent to year two, participants vest in 20% annual increments. The participant is always 100% vested in his or her salary deferrals. Any part of the Companies' contribution portion which is not vested at the earlier of (1) distribution of the participant's benefits or (2) five consecutive years of break in service, shall be forfeited.

**Participant Notes Receivable**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer from the investment fund to the participant's account. Participants may have two outstanding loans at a time. Loan terms are determined by the Plan administrator. Loans are valued at unpaid principal balance plus accrued but unpaid interest.

**Administration**

The Trustees, four officers or employees of the Professional Corporation appointed by the Board of Directors, are responsible for the general administration of the Plan and making the final determination on all questions arising in connection with the interpretation, application and administration of the Plan. The Trustees serve without compensation from the Plan.

**Benefit Payments**

Upon termination of service, retirement, death or total and permanent disability, a participant may elect to receive his or her vested account balance in a single lump sum payment, installment or an annuity for the participant's expected lifetime. The normal retirement age under the Plan is age 59 1/2.

**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2023**

---

**NOTE 1 - PLAN DESCRIPTION (CONTINUED)**

**Reclassification**

Certain amounts included in the prior year's financial statements have been reclassified to conform to the current year's presentation. The reclassifications have no effect on total assets or total net assets available for benefits as previously presented.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The Plan's financial statements are prepared on the accrual basis of accounting.

**Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Contributions**

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

**Investment Valuation and Income Recognition**

The Plan's investments are held in various brokerage accounts. The investments are stated at fair value by the brokerage firms using data from the various securities exchanges. Investment transactions are accounted for on the date securities are purchased or sold (trade date). Dividend and interest income are recognized when earned.

**Expenses**

The Companies pay certain administrative costs associated with maintaining the Plan. These costs are primarily for trustee fees, accounting fees and consulting services.

**Fair Value Measurements**

Accounting Standards Codification (ASC) 820, Fair Value Measurements, establishes a framework for measuring fair value of the Plan's assets. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

**NORTHWEST RADIOLOGY NETWORK, P.C. 401(K) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2023**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Fair Value Measurements (Continued)**

The fair value hierarchy input levels are as follows:

- Level 1 - Quoted market prices in active markets for identical assets or liabilities that are accessible at the measurement date.
- Level 2 - Observable inputs other than quoted market prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets, or quoted market prices for identical or similar assets or liabilities in markets that are not active.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

**Termination Priorities**

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, the interest of each participant will become 100% vested in their accounts.

**Management Evaluation of Subsequent Events**

The Company has evaluated subsequent events through October 14, 2024, the date on which the financial statement were available to be issued.

**NOTE 3 - TAX STATUS**

The Plan has adopted a volume submitter plan and it has received an opinion letter dated June 30, 2020, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Northwest Radiology Network, P.C. 401(k) Plan has not requested a separate opinion letter. The volume submitter plan has been amended since receiving the opinion letter; however, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and tax exempt as of the financial statement date.

Authoritative accounting standards require the Plan to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next 12 months or that would not sustain an examination by applicable taxing authorities.

The Plan's policy is to recognize penalties and interest as incurred in its statement of changes in net assets available for benefits.

**NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are managed by various custodians of the Plan. Transactions associated with the custodians represent parties in interest as defined by the Plan. Certain custodians also provide the Plan with accounting and administrative services which are paid by the Plan.

**NOTE 5 - FAIR VALUE MEASUREMENTS**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 compared to December 31, 2022. The Companies' policy is to recognize transfers between levels at the end of each reporting period, if applicable. There were no transfers between Level 1, 2 or 3 assets or liabilities during the year ended December 31, 2023.

Self-directed accounts are comprised of registered investment companies, common stock, corporate bonds, government bonds, international bonds, mortgage-based and asset-backed securities, preferred stock, and unit investment trusts. The valuation methodologies for all types of assets are described below.

*Registered investment companies, common stocks, corporate bonds, government bonds, international bonds, mortgage-based and asset-backed securities, preferred stock, and unit investment trusts:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Money market funds:* Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

**Assets at Fair Value at December 31, 2023**

Total assets at fair value	<u>\$ 63,422,886</u>	<u>\$ 470,608</u>	<u>\$ 63,893,494</u>

**NOTE 6 – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
