Independent Auditor's Report

To the Plan Administrator, Trustees, and Retirement Plan Committee
CPI 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CPI 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CPI 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CPI 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CPI 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the CPI 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CPI 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CPI 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 1. Description of Plan

The following brief description of the CPI 401(k) Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan document for more detailed information.

General: The Plan is a defined contribution plan covering substantially all employees of CPI who have completed at least six months of service and are at least 18 years old. The Plan was amended January 1, 2015 to allow automatic enrollment. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 1, 2022, King Asphalt, Inc. 401(k) Plan was transferred into the Plan. Length of service with King Asphalt, Inc. will only be counted for employees employed by King Asphalt, Inc. on or before January 1, 2022, for eligibility, vesting, and contribution allocation purposes of the Plan.

Automatic Enrollment: Upon becoming eligible to participate, eligible employees are automatically enrolled to defer 3% of their gross compensation unless they choose a different percentage or elect not to participate.

Contributions: Each year, participants may contribute up to the maximum allowed by IRC 404 and 415 or pretax compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Catch-up contributions are allowed for those participants who attain the age of 50 by the end of the year. Participants direct the investment of their contributions into various investment options offered by the Plan. During the Plan years ended December 31, 2023 and 2022, the Company made discretionary matching contributions in the amount of \$6,857,160 and \$5,973,293, respectively. The Company may also make discretionary nonelective (profit sharing) contributions. Such contributions shall be allocated in the same ratio as each participant's compensation bears to the total compensation of all participants for that Plan year. The Company did not make profit sharing contributions for the Plan years ended December 31, 2023 and 2022.

As of January 1, 2017, Plan management elected for the Plan to adopt a 401(k) Safe Harbor design for the plan. The Company will now provide fully vested qualified matching contributions (QMAC) for all eligible employees. The formula for calculating the QMAC is 100% of salary deferral contribution up to 3% of pay plus 50% of salary deferral contribution (in excess of 3%) up to 5% of pay. Employer matching contributions prior to adopting the Safe Harbor design for the Plan will remain subject to the old vesting schedule.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participant's nonvested accounts are used to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CPI 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 1. Description of Plan, Continued

Vesting: Participants are immediately 100 percent vested in their elective deferral contributions. Prior to January 1, 2017, vesting of matching contributions and nonelective (profit sharing) contributions is based on the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options: All Plan investments are participant-directed. Participants can choose between multiple investment funds and can direct investment among the funds in multiples of one percent. The investment alternatives differ in the level of potential investment earnings and risk. Participants may change their investment direction and existing investment mix at any time.

Notes Receivable from Participants: Participants may borrow from their 401(k) accounts a minimum of \$1,000 up to 50 percent of their vested account balance, provided such loan does not exceed \$50,000. A participant may be granted one loan during any one-year period, with only two loans being outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at a rate similar to similar loans from commercial lending institutions. Principal and interest are paid periodically over a period not to exceed five years.

Payment of Benefits: Upon termination of service, death, disability, and retirement (age 62), a participant may elect to receive a single lump sum payment of their total vested account or partial payments if their vested account balance is more than \$5,000. If their vested account balance is less than \$5,000 but more than \$1,000, their vested account balance will be automatically rolled over into an IRA. If their vested account balance is less than \$1,000, they will receive a single sum payment. In-service distributions are available for employees age 59 1/2 or older and for qualifying hardships.

Forfeited Accounts: At December 31, 2023 and 2022, forfeited accounts totaled \$6,168 and \$3,230, respectively. These accounts will be used to pay administrative expenses. For the years ending December 31, 2023 and 2022 \$4,066 and \$3,627 were used to pay administrative costs respectively from forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

CPI 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 2. Summary of Significant Accounting Policies, Continued

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: The Plan has evaluated the need for disclosures and/or adjustments resulting from subsequent events through October 10, 2024, the date the financial statements were available to be issued. This evaluation did not result in any subsequent events that necessitated adjustments.

Note 3. Investments

During the Plan years ended December 31, 2023 and 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$10,704,130 and depreciated in value by (\$13,167,113), respectively.

Note 4. Information Certified by Custodian (Unaudited)

The following is a summary of the unaudited information regarding the Plan included in the Plan's financial statements that was prepared by the Custodian of the Plan and furnished to the Plan Administrator. The Custodian as of December 31, 2023 and 2022, was Principal Life Insurance Company. The Plan Administrator has obtained certifications from Principal that such information is complete and accurate:

	2023	2022
Statements of Net Assets Available for Benefits:		
Investments at fair value		
Mutual funds	\$ 95,290,492	\$ 71,484,271
Collective trusts	3,156,513	3,866,810

Investment income	\$ 12,701,400	\$ (11,753,728)
Interest income on notes receivable from participants	\$ 248,195	\$ 143,580

In addition to the foregoing, the Plan Administrator has obtained a certification from the Custodian of the Plan that the information contained in the following supplemental schedule accompanying these financial statements is complete and accurate:

Schedule H, Line 4i - Schedule of Assets (Held at End of Year)

Note 5. Tax Status

The prototype volume submitter profit sharing plan with cash or deferred arrangement (CODA) was adopted by the Company and obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan Administrator believes the Plan is qualified and the related trust is tax exempt as of the financial statement date.

CPI 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 5. Tax Status, Continued

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would be sustained upon examination. The Plan is subject to audits by tax authorities; however, there are currently no audits in progress for any tax periods.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7. Related Party Transactions and Party in Interest Transactions

Certain plan investments are managed by Principal Life Insurance Company. Principal Life Insurance Company is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services amounted to \$336,788 and \$328,481 for the years ended December 31, 2023 and 2022, respectively.

Note 8. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date. |
| Level 2 | Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: <ul style="list-style-type: none">a. Quoted prices for similar assets or liabilities in active marketsb. Quoted prices for identical or similar assets or liabilities in inactive marketsc. Inputs other than quoted prices that are observable for the asset or liabilityd. Inputs that are derived principally from or corroborated by observable market data or correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable or substantially the full term of the asset or liability.

CPI 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 8. Fair Value Measurements, Continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: Valued at net asset value which is based on market value of underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 95,290,492	\$ -	\$ -	\$ 95,290,492
Total assets in the fair value hierarchy	95,290,492	-	-	95,290,492

Investments at fair value				\$ 98,447,005

CPI 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 8. Fair Value Measurements, Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 71,484,271	\$ -	\$ -	\$ 71,484,271
Total assets in the fair value hierarchy	71,484,271	-	-	71,484,271
Investments measured at net asset value				3,866,810
Investments at fair value				\$ 75,351,081

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Principal Stable Value Instl	\$ 3,156,513	N/A	Daily	12 months

CPI 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 9. Investments Measured at Net Asset Value

The Plan has invested in the Principal Stable Value Fund. This is a stable value collective investment trust ("CIT") for which the net asset value ("NAV") is based on the contract value. Investments held by a CIT are required to be reported at fair value, however, contract value is the relevant measurement characteristic for that portion of the net assets of a CIT attributable to fully benefit-responsive investment contracts. This is because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying defined-contribution plans. The fair value of conventional contracts is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end. Individual assets of the synthetic investment contract are generally valued at representative quoted market prices. Short-term securities, if any, are stated at amortized cost, which approximates market value. Debt securities are valued on the basis of valuations furnished by a pricing service approved by the Trustee, which determines valuations using methodology generally recognized by institutional traders. Accrued interest, if any, on the underlying investments is added to the fair value of the investments for presentation purposes. ASC 820 allow NAV per share to serve as a practical expedient to estimate the fair value of a CIT as long as certain requirements are met. ASU 2015-7 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. Based on the Plan's assessment, the PSVF meets the requirements for the NAV practical expedient. Investments using NAV per share practical expedient should be removed from the disclosure but shown in total to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. The collective trust is a direct filing entity.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11. Prohibited Transactions

During the year ended December 31, 2023, the Plan Sponsor failed to remit participant contributions totaling \$13,124 within the period described by Department of Labor (DOL) regulations. The Plan Sponsor has corrected the issue outside the DOL Voluntary Correction Program (VCP), and has remitted the lost earnings as well. The Plan Sponsor estimated the amount of correction payments due to the Plan and determined that the amount is immaterial for accrual.
