INDEPENDENT AUDITOR'S REPORT

To the Savings Plan Committee
West Valley Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of West Valley Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule, Schedule H, Line 4i - Schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the West Valley Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan sponsored by CH2M HILL BWXT West Valley, LLC (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The West Valley Savings Plan Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility:

All employees of the Company that are non-union employees or whose union has bargained to participate in the Plan, are citizens or residents of the United States of America, and are paid through the Company's payroll are eligible to participate in the Plan.

Contributions:

Participants may contribute to the Plan any whole percentage of their annual compensation up to 35% on a pre-tax or after-tax basis. Participants may also elect to make Roth contributions. Participants who are fifty years and older are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Effective June 1, 2024, the Plan will include an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan at a deferral rate of 6% of eligible compensation unless they affirmatively elect not to participate in the Plan or contribute a lesser percent. The contributions are invested in a default fund until changed by the participant. Effective January 1, 2025, and every January 1 thereafter, participants' deferral elections will automatically increase by 1%, unless a participant affirmatively elects to not have their deferrals increase, up to 35%.

The Company makes matching contributions equal to 50% of participant contributions, up to a maximum of 3% of the participant's eligible compensation, as defined by the Plan. The Plan permits the Company to make discretionary contributions. The Company did not make any discretionary contributions for the years ended December 31, 2023 and 2022.

Employees hired or rehired after August 28, 2011, who are not eligible to participate in the West Valley Pension Plan, receive an additional Company contribution equal to 6% of the employee's participant's compensation.

Contributions are subject to the limitations of the Internal Revenue Code (the Code). Participants direct the investment of contributions into various options offered by the Plan.

Note 1. Plan Description (Continued)

Participant accounts:

Each participant's account is credited with the participant's contributions, Company contributions, an allocation of Plan investment earnings (losses), reduced for benefits paid and an allocation of certain administrative expenses, and directly charged for loan origination and benefit processing fees, if applicable. Allocations of Plan earnings (losses) and administrative expenses are based on the investments held by the participant and the participant's account balance, respectively. The benefit to which a participant is entitled is limited to that which can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Company contributions become 20% vested after one year of service, with vesting increasing at 20% increments each year thereafter, to 100% after five years of credited service.

Forfeitures:

At December 31, 2023 and 2022, forfeited non-vested accounts totaled $11,027 and $44,597, respectively. Forfeitures of non-vested Company contributions are used to pay administrative expenses of the Plan or to reduce the Company's contributions. Forfeitures reduced Company contributions by $177,790 and -$0- in 2023 and 2022, respectively.

Administrative budget account:

The Plan receives reimbursement for certain Plan expenses paid through revenue sharing arrangements with certain investment funds owned by the Plan. The Plan received $51,417 and $61,313 of these reimbursements in 2023 and 2022, respectively, which are included in other income on the statements of changes in net assets available for benefits. Amounts reimbursed are held in an administrative budget account until they are used to pay for administrative expenses of the Plan. The Plan used $50,248 and $45,320 to pay for administrative expenses in 2023 and 2022, respectively. Amounts held in the administrative budget account at December 31, 2023 and 2022 were $22,090 and $19,860, respectively.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant or a participant's beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments. Distributions are also permitted in the event of financial hardship, as defined by the Plan, and for participants who have attained age 59½. Participants may also withdraw from the portion of their account related to after-tax contributions at any time that will be subject to income taxes on the investment earnings thereon.

Note 1. Plan Description (Continued)

Notes receivable from participants:

Participants may borrow from their account a minimum of $1,000 up to a maximum loan equal to the lesser of $50,000 or 50% of their vested account balance. A participant may not have more than two loans outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator. Loans must be repaid in at least monthly installments over a maximum term of five years for personal loans and ten years for the purchase of a participant's primary residence. Principal and interest are paid ratably through monthly payroll deductions.

Administrative expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements have been prepared on the accrual basis of accounting.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The West Valley Savings Plan Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

Note 2. Significant Accounting Policies (Continued)

Benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events:

Subsequent events have been evaluated through October 11, 2024, which is the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustee

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022 and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by T. Rowe Price Trust Company (T. Rowe Price), the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2023	2022
Mutual funds	**$ 65,372,704**	$ 55,467,966
Common trust funds	**15,107,609**	15,884,055
	$ 80,480,313	$ 71,352,021
Notes receivable from participants	**$ 999,535**	$ 867,433

Note 3. Information Certified by the Plan's Trustee (Continued)

T. Rowe Price has also certified to the completeness and accuracy of the following financial information related to the aforementioned assets for the years ended December 31, 2023 and 2022:

	2023	2022
Investment income (loss):		
Net appreciation (depreciation) in fair value of investments	**$ 9,116,052**	$ (18,311,566)
Dividends	**2,742,149**	3,712,300
	$ 11,858,201	$ (14,599,266)
Interest income on notes receivable from participants	**$ 56,903**	$ 40,107

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority level to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common trust funds: Valued at the NAV of units of the common trust. The NAV, as provided by the fund's trustee, is used as a practical expedient to estimate fair value. The NAV is primarily based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of one of the common trust funds, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2023 and 2022:

	2023			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 65,372,704**	**$ -**	**$ -**	**$ 65,372,704**
Common trust funds measured at NAV [(a)]				**15,107,609**
Total investments, at fair value				**$ 80,480,313**

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 55,467,966	$ -	$ -	$ 55,467,966
Common trust funds measured at NAV [(a)]				15,884,055
Total investments, at fair value				$ 71,352,021

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	**Fair value at December 31, 2023**	Fair value at December 31, 2022	Redemption Frequency	Redemption Notice Period
Common trust funds:				
Money market	**$ 33,117**	$ 64,456	Daily	7 days
Stable value	**$ 15,074,492**	$ 15,819,599	Daily	12-30 months

There were no unfunded commitments related to the common trust funds as of December 31, 2023 and 2022.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 6. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated August 23, 2017, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 7. Party-In-Interest Transactions

A party-in-interest is defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others. The Plan allows participants to take loans from their accounts in the Plan. Certain notes receivable from participants and income thereon qualify as party-in-interest transactions.

Certain Plan investments are shares of mutual funds and common trust funds managed by T. Rowe Price. T. Rowe Price is the trustee as defined by the Plan and, therefore, transactions within these investments qualify as party-in-interest transactions.

Note 7. Party-In-Interest Transactions (Continued)

During the years ended December 31, 2023 and 2022, the Plan paid T. Rowe Price for administrative services and Wilshire Associates, Inc. for investment advisory services. Transactions with these service providers qualify as party-in-interest transactions and amounted to $60,978 and $54,589 for the years ended December 31, 2023 and 2022, respectively.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
