INDEPENDENT AUDITOR'S REPORT

Retirement Committee
J.G. Boswell Company 401(k) Plan
Pasadena, California

Opinion

We have audited the financial statements of J.G. Boswell Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

J. G. Boswell Company
401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of the Plan

General

On March 1, 1989, the J. G. Boswell Company Profit-Sharing Plan was established for eligible employees of the J. G. Boswell Company (domestic salaried employees not covered by a collective bargaining agreement, who met certain compensation requirements).

Effective January 1, 2018, a volume submitter plan was adopted and the J. G. Boswell Company Profit-Sharing Plan was amended, restated, and renamed the J. G. Boswell Company 401(k) Plan (Plan). The Plan's year end was changed from June 30 to December 31, and eligible hourly employees and highly compensated employees were allowed to participate in the Plan. The Plan is a defined contribution savings plan and also meets the requirements of a safe harbor 401(k) plan.

Eligibility

Domestic salaried and full-time hourly employees are immediately eligible to participate in the Plan. Except for Excluded Employees as defined below, there are no eligibility requirements for the Plan except that part-time, variable, or seasonal employees are not eligible until completing 1,000 hours of service during the Plan Year. However, a part-time, variable or seasonal employee that is already a participant in the J. G. Boswell Company Employees' Retirement Plan will be immediately eligible.

Excluded Employees are employees covered by a collective bargaining agreement and leased employees.

Additional eligibility provisions may apply to certain Highly Compensated Employees who became immediately eligible to participate in the Plan prior to reaching their one-year employment anniversary.

Participant Contributions

Participant Contributions and Automatic Deferral: Participants may contribute up to 100% of their qualified compensation to the Plan, subject to IRS limitations. Participants who do not affirmatively elect otherwise are automatically enrolled to contribute 4% of their qualified compensation to the Plan.

The Plan permits after-tax (Roth) contributions in addition to pre-tax contributions.

Participants who are age 50 or over by the end of the Plan Year are eligible to make additional catch-up contributions.

Rollover Contributions: Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans.

Automatic Escalation: Unless a participant who is enrolled in the Plan affirmatively elects otherwise, the participant's elective deferral percentage will increase by 1% each year on April 1st until the percentage reaches 15% of compensation. However, the participant's first deferral percentage increase will not begin until the April 1st that is at least 12 months following the date the participant entered the Plan.

Company Contributions

Company Match: The J. G. Boswell Company (Company and Plan Sponsor) provides a safe harbor matching contribution in an amount equal to 100% of the first 4% of the participant's qualified compensation. This match is credited to participants' accounts on a bi-weekly basis.

Annual Company Contribution: After the end of each year, eligible employees receive an Annual Company Contribution equal to 4% of the employees' qualified compensation, regardless of whether the employee contributes to the Plan. The Annual Company Contribution is credited to eligible participants' accounts on an annual basis, in the first quarter of the following Plan Year.

All contributions are subject to certain limitations of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is valued daily and credited with the participant's contribution, Company Match, Annual Company Contribution, allocations of earnings (losses), investment expenses, administrative fees, and loan fees as applicable. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Options

Participants may select one or more investment funds offered under the Plan for the investing of their account balance. Participants may choose to allocate their account balance or make transfers on a daily basis, among various investment options. Contributions are deposited directly into the participant elected investment vehicles. The default investment election (Qualified Default Investment Alternative) is the Target Retirement Date Fund most closely matching the participant's date of birth and estimated retirement age of 65.

Vesting

Participants are always 100% vested in the following contributions and all earnings thereon: participant deferrals, Company Match (i.e. safe harbor matching contributions), and participant rollover contributions. Annual Company Contributions are 100% vested at the time of normal retirement or termination of employment due to death or disability. Otherwise, they are vested under the following schedules.

Annual Employer Contributions and earnings received for Plan Years beginning January 1, 2018 and later are 100% vested upon completion of three years of vested service. Generally, a participant is credited with one year of vested service after obtaining 1,000 hours of service during a Plan Year.

For Company Contributions and earnings accrued prior to January 1, 2018 (i.e. prior Profit-Sharing Plan balance), participants acquire a vested percentage at the rate of 20% after two years, and an additional 20% each year thereafter. Participants become 100% vested after 6 years of vested service.

1. Description of the Plan (continued)

Vesting (continued)

Upon termination of employment, participants forfeit their nonvested balances. The forfeited amounts are reinstated if a participant is rehired within a five-year period, otherwise, forfeitures are retained in the Plan and used to reduce future Company contributions.

Payment of Benefits

In the event of separation from service with the Company due to death, disability, retirement or termination, the participant may receive a lump sum distribution of the participant's vested account balance, or delay distribution until age 70½. In-service withdrawals and hardship withdrawals are available in certain circumstances as defined by the Plan and regulated by the Internal Revenue Code.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in their account during the prior twelve-month period, or 50% of their vested account balance. Loan terms range from one to five years or up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate calculated as the current prime lending rate, plus one percent. The interest rate on new loans was 9.50% and 8.00% at December 31, 2023 and 2022, respectively. Principal and interest are paid ratably through payroll deductions on at least a quarterly basis. Loan fees are charged directly to participants' accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market, liquidity and credit risks. Market risks include global events. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

All plan administrative expenses (except for expenses associated with participants' loans and certain other administrative and investment fees that are borne by participants) are paid by the Plan Sponsor and are not included within the financial statements. Investment expenses are netted with investment earnings.

Notes Receivable From Participants

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest and dividend income is accrued as earned. Net appreciation (depreciation) in fair value of investments is the net realized gain or loss on disposition of investments plus the change in the net unrealized gain or loss in fair value of investments held at year end.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. A fair value hierarchy has been established to categorize assets into levels based on the inputs to valuation techniques used to measure the assets' fair value. The hierarchy defines the highest category (Level 1) as that with the most observable inputs and the lowest category (Level 3) as that with the least observable inputs.

The three levels of inputs within the fair value hierarchy are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical assets.

Level 2 - Significant observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not considered to be active; or other inputs that are observable, either directly or indirectly.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The Plan's investments are comprised of mutual funds and collective investment funds. Investments in mutual funds are stated at closing prices from the securities exchanges on the last business day of the Plan Year.

Collective investment funds (Collective Funds) are securities offered solely to retirement plans which are qualified under certain sections of the Internal Revenue Code of 1986, as amended. Those held by the Plan invest in equity securities, fixed income securities and money market securities. Collective Fund assets are valued at net asset value by the fund manager. The Plan's investment in each of the Collective Funds represents its pro rata share of the Collective Fund's total assets. Collective Funds do not have redemption restrictions.

Mutual funds valued at closing prices from securities exchanges are classified as Level 1 investments. Collective Funds, which are valued at their net asset value as a practical expedient for fair value, have not been classified by level in the fair value hierarchy tables presented below.

3. Fair Value Measurements (continued)

The asset's level within the fair value hierarchy is based on the lowest level of any input that is significant to the asset's fair value measurement. The following table sets forth by level the Plan's assets carried at fair value as of December 31, 2023 and 2022.

Assets at Fair Value as of December 31, 2023				
	<u>Total</u>	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>

Total assets at fair value	<u>\$ 49,473,576</u>	<u>\$ 45,034,289</u>	<u>\$ -</u>	<u>\$ -</u>

- * Collective investment funds, measured at fair value using net asset value per share (as a practical expedient for fair value), have not been classified by level in the fair value hierarchy table. The fair value amounts presented in the hierarchy table for these investments is intended to permit reconciliation to the investments at fair value presented in the statements of net assets available for benefits.

4. Party-in-Interest and Related Party Transactions

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Notes receivable from participants, although secured by participants' vested account balances, qualify as related party transactions. Certain administrative functions are performed by officers or employees of the Plan Sponsor; however, no such officer or employee receives compensation from the Plan.

J. G. Boswell Company
401(k) Plan

Notes to Financial Statements (continued)

December 31, 2023 and 2022

5. Income Tax Status

The Plan, as amended and restated effective January 1, 2023, received a determination letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the Plan was qualified under section 401(a) of the Internal Revenue Code (the Code) and therefore the related trust was exempt from taxation. While the Plan has not received a determination letter from the IRS for the January 1, 2018 amended and restated Plan, the Plan Sponsor believes that the Plan is designed and being operated in compliance with the applicable requirements of the Code, and that the Plan and related trust continue to be tax exempt. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

6. Subsequent Events

Subsequent events have been evaluated through October 14, 2024, the date the financial statements were available to be issued. No events or transactions have occurred that would have a material effect on the financial statements.
