SOLID BIOSCIENCES INC 401(K) PROFIT SHARING PLAN AND TRUST 2023 AUDIT RESULTS

Report to Plan Trustees and Management

October 2024

PREPARED BY:

October 10, 2024

Members of the Plan Management Committee:

We are pleased to present the results of our audit of the 2023 financial statements of Solid Biosciences Inc 401(k) Profit Sharing Plan and Trust (the "Plan").

This report summarizes our audit, the scope of our engagement, the report issued, and contains the Board-level communications required by our professional standards.

Our audit was designed to express an opinion on the Plan's financial statements as of December 31, 2023. In accordance with professional standards, we obtained a sufficient understanding of internal control to plan the audit and to determine the nature, timing and extent of tests to be performed; however, we were not engaged to and we did not perform an audit of internal control over financial reporting.

This report is intended solely for the information and use of the trustees and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

We are available to meet with you to discuss the contents of this report and answer any questions you may have about these or any other audit-related matters. If you have any questions or comments, please do not hesitate to call.

Very truly yours,

Required Communications - *Communication with Those Charged with Governance*

We have audited the financial statements of the Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2023 and we issued report thereon dated October 9, 2024. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Reliance Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America ("GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 8, 2024. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2023. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of the fair value of investment as disclosed in Note 6 to the Plan's financial statements. We evaluated the key factors and assumptions used to develop the estimate in determining that it is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

Adjustments were proposed to record employee and employer contributions receivable at December 31, 2023 and 2022. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 9, 2024.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Required Communications - *Communication of Internal Control Related Matters Identified in an Audit*

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2023, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by the qualified institution that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in Plan's internal control to be significant deficiencies:

Eligible Compensation

It was noted during our audit procedures that there was inconsistency in the application of the terms in the Plan document relating to the definition of eligible compensation for the purposes of calculating the employee's contribution and the employer's contributions. Specifically, fringe benefits and employee reimbursements were improperly included in eligible compensation and therefore employees deferred on this compensation. We recommend that the Plan Sponsor work with their payroll provider to ensure these compensation categories are properly included or excluded from eligible compensation based on the terms of the Plan document.

Late Remittances of Participant Contributions

During our audit, we noted instances where participant contributions were not remitted to the Plan in a timely manner. The DOL requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Company's general assets. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction which must be separately reported to the DOL and may result in penalties to the Plan Sponsor. We recommend the Company review its internal controls over remittances to prevent this from occurring in the future.

Employee Deferral Elections

During our audit procedures, we noted an instance where an employee's deferral election for one pay period was erroneously changed without their approval due to an error in the payroll system. We recommend Plan management to work with their retirement plan advisors to correct the issue. If it is determined any corrections are needed, we recommend they are made in accordance with DOL and IRS regulations.

During our audit, we also became aware of deficiencies in internal control other than significant deficiencies or material weaknesses, and the following other matters that are opportunities for strengthening internal controls and operating efficiency:

Documentation of Discretionary Match Approval

The Company should implement a process to document management approval of the discretionary matching contribution. This can be communicated via minutes, email correspondence, documentation in the employee handbook or means of communicating across the organization.

Industry Developments

Cybersecurity

Citing the growing threat of online criminal activity, the DOL has recently issued guidance on cybersecurity steps to help protect the nation's \$9.3 trillion in pensions and defined benefit plans. The suggestions are aimed at helping plan sponsors and fiduciaries to avoid data breaches and cyber theft from the estimated 140 million retirement plan participants in the U.S. ERISA, which regulates private pension plans and defined contribution plans, requires plan fiduciaries to take appropriate precautions to mitigate these risks. Without sufficient protections, these participants and assets may be at risk from both internal and external cybersecurity threats.

The DOL's guidance is presented in three forms, including one offering helpful tips to plan participants who must also play a role in protecting their savings:

- Tips for Hiring a Service Provider: Helps plan sponsors and fiduciaries prudently select a service provider with strong cybersecurity practices and monitor their activities, as ERISA requires.
<https://www.dol.gov/sites/dolgov/files/ebsa/key-topics/retirement-benefits/cybersecurity/tips-for-hiring-a-service-provider-with-strong-security-practices.pdf>
- Cybersecurity Program Best Practices: Assists plan fiduciaries and record-keepers in their responsibilities to manage cybersecurity risks.
<https://www.dol.gov/sites/dolgov/files/ebsa/key-topics/retirement-benefits/cybersecurity/best-practices.pdf>
- Online Security Tips: Offers plan participants and beneficiaries who check their retirement accounts online basic rules to reduce the risk of fraud and loss.
<https://www.dol.gov/sites/dolgov/files/ebsa/key-topics/retirement-benefits/cybersecurity/online-security-tips.pdf>

The DOL has previously issued guidance aimed at ensuring that electronic recordkeeping systems have reasonable controls, adequate records management practices are in place, and that electronic disclosure systems include measures calculated to protect Personally Identifiable Information. The new cybersecurity recommendations help to bolster these precautions against increasingly sophisticated threats.

Fraud Considerations and Risk of Management Override

We are responsible for planning and performing the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether caused by error or by fraud (AU-C Section 240, *Consideration of Fraud in a Financial Statement Audit*).

Our audit procedures consider the requirements of AU-C Section 240: brainstorming; gathering information to facilitate the identification of and response to fraud risks; and performing mandatory procedures to address the risk of management override.

- We evaluate the risk of management override given the pressures, opportunities and rationalizations, and consider the actions management has taken to respond to those risks.
- We consider, among other things:
 - Code of conduct/ethics
 - Effective and independent oversight by the Trustees and Plan Management
 - Process for dealing with whistle-blower allegations
 - Entity's risk assessment processes
- Role and oversight responsibilities of management
 - Management's assessment of the risks of fraud
 - Programs and controls to mitigate the risk of fraud
 - Process for monitoring multiple locations for fraud
 - Management communication to employees on its views on business practices and ethical behavior
