Independent Auditor's Report

Administrative Committee
Kayne Anderson Capital Advisors 401(k) Plan
Los Angeles, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kayne Anderson Capital Advisors 401(k) Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a qualified institution, such as the bank or similar institution or insurance carrier, in accordance with 29 CFR 2520.103-5 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3, to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but provides supplementary information required by the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Kayne Anderson Capital Advisors 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

Note 1—Summary Description of Plan

The following description of the Kayne Anderson Capital Advisors 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution plan covering all employees of the Company and its subsidiaries who are of age 21 or older and have completed 90 days of eligible service before the entry date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration—Kayne Anderson Capital Advisors, L.P. (the "Company") is the Plan sponsor. Advisor Trust Company is the trustee. The trustee holds the Plan investment assets and executes investment transactions. Professional Capital Services (PCS) is the record-keeper of the Plan.

Contributions—Each year, the participants may make annual contributions of pre-tax compensation limited to a maximum amount of the lesser of \$22,500 or 100% of the participants' compensation as defined by the Plan. Participants may also defer after-tax Roth contributions. Roth elective deferral contributions and pre-tax elective deferral contributions are both counted in the maximum deferral limit. In addition, participants who have attained the age of 50 before the end of the Plan year have the option to make an additional contribution of up to \$7,500 in 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for discretionary employer contributions. For the year ended December 31, 2023, the Plan provided for an employer safe harbor contribution for all employees at 3% of compensation and a discretionary employer profit-sharing contribution, which is determined on a year-to-year basis, to meet Plan compliance requirements. Compensation in excess of \$330,000 is not taken into account. Such contributions are subject to certain limitations.

Participant Accounts—Each participant's account is credited with the participant's contribution, an allocation of (a) the Company's contribution and (b) Plan earnings. Each account is also charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting—Participants are immediately vested in their contributions plus actual earnings thereon. Employer safe harbor and profit-sharing contributions for the year ended December 31, 2023 are vested immediately.

Investing Options—Upon enrollment in the Plan, a participant may direct their contribution in any of the investment options available under the Plan. Participants are also allowed to direct employer contributions made to the Plan. A listing of investment options is included in the supplemental schedule of assets (held at end of year) at December 31, 2023.

Note 1—Summary Description of Plan—Continued

Notes Receivable from Participants—Notes receivable from participants represent the amount due to the Plan from the participants. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. All loans bear a reasonable rate of interest as determined by the Plan administrator and must be repaid within five years unless used for the purchase of the participant's principal residence (for which the repayment period is ten years). The participant's vested balance serves as the collateral for the loan. Participant loans are measured at their unpaid principal balances, plus any accrued but unpaid interest. Interest rates ranged from 4.25%-9.00% for the year ended December 31, 2023. Principal and interest are paid ratably through semi-monthly payroll deductions. Loans are offset against the participant's account and the related portion does not share in any income, expenses, gains, or losses (other than the interest on the loan) which are realized by the Plan. The entire unpaid principal amount of the loan will become immediately due upon either the participant's termination of employment or a default in payment of either principal or interest.

Life Insurance Policies—Effective January 1, 2014, the Plan was amended to add cash value life insurance to the investment allocation choices. The participant is allowed to allocate a portion of their existing balance, contributions, or both, to pay for the cost of the insurance policies. This is a whole life policy designed specifically for retirement plans. The policies are issued by, and invested in, the general account of a mutual insurance carrier, Guardian Life Insurance Company of America ("Guardian"). These policies are owned by the Kayne Anderson Capital Advisors 401K Trust with Kayne Anderson Capital Advisors as the trustee, for the benefit of the participants insured and may be distributed or surrendered at the participant's direction. Premiums are paid out of participant Plan assets. The return is in the form of a dividend representing a pro-rata allocation of the mutual insurance company's profits. The base policy guarantee is 4% per annum, and the 2023 declared dividend was 4% per annum. Upon distribution of a participant's total vested account balance, the policy must also be distributed to the participant or surrendered. These contracts are included at cash surrender value within Plan assets in the accompanying financial statements. There were 14 insurance policies in effect at December 31, 2023. As of December 31, 2023, these policies had a face value of \$9,181,809.

Forfeited Accounts—The Plan states that the non-vested portion of a participant's account that is forfeited may be allocated to other participants, used to defray administrative expenses of the Plan, or may be considered as part of the Employer's contribution. Forfeited non-vested account balances at December 31, 2023 and 2022 totaled \$0 and \$0 respectively. There was no forfeiture activity during the year ended December 31, 2023.

Payment of Benefits—Participants may withdraw a certain portion of their account while employed. The portion that can be withdrawn depends whether the employee is aged 59½ and upon the source of funds. The withdrawal cannot exceed the current value of the total account. Upon termination of service due to death, disability or retirement, a participant may elect to receive either an annuity or a lump-sum amount equal to the value of the participant's vested amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Administrative Expenses—The Company pays the majority of administrative expenses associated with the Plan. The Company is not obligated to pay these costs in the future and may, at its discretion, elect to have the Plan pay these costs.

Note 2—Summary of Significant Accounting Policies

Basis of Accounting—Management has prepared the accompanying financial statements of the Plan in compliance with the Department of Labor's ("DOL") *Rules and Regulations for Reporting and Disclosure under ERISA* and the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Kayne Anderson Capital Advisors 401(k) Plan
Notes to Financial Statements—Continued

Note 2—Summary of Significant Accounting Policies—Continued

Income Tax Status—GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Department of Labor or the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the Plan's information returns remain open for examination for a period of three (federal) or four (state of California) years from the date of filing.

The Plan uses a volume submitter plan document provided by Fair Fitzgerald and Hershaft PC (FFH). FFH received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, which states that the volume submitter plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Recently Adopted Accounting Principle—In June 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards (ASU) No. 2016-13, Financial Instruments—*Credit Losses (Topic 326)*, which requires organizations to measure all expected credit losses for financial instruments held at the reporting date based on historical experience, current conditions, and reasonable supportable forecasts. This standard replaces the incurred loss methodology with an expected loss methodology that is referred to as the current expected credit loss (CECL) methodology. The new guidance affects organizations that hold financial assets and net investments in leases that are not accounted for at fair value with changes in fair value reported in net income, including loans, debt securities, trade receivables, net investments in leases, off-balance-sheet credit exposures, reinsurance receivables, and any other financial assets not excluded from the scope that have the contractual right to receive cash. The Plan adopted ASU No. 2016-13 on a retrospective basis for the year ended December 31, 2023 with no resulting impact on the financial statement presentation.

Income Recognition—Purchases and sales of securities are recorded on the trade date. Dividend income is recognized on the ex-dividend date and interest income is recognized on an accrual basis. Realized gains and losses are calculated as the difference between the proceeds and the related investment's fair value at the beginning of the Plan year, or acquisition cost, if acquired during the year.

Risks and Uncertainties—The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect the participants' account balances and the amounts reported in the statements of net assets available for plan benefits. In the normal course of business, all of the Plan's assets are transacted with and held by the trustee and Guardian Life Insurance Company of America ("Guardian"). The Plan is subject to credit risk to the extent the trustee and Guardian are unable to fulfill contractual obligations on its behalf. The Plan has not experienced and does not expect any losses from this arrangement.

Payment of Benefits—Benefit payments to participants are recorded when paid. Participant loans are measured at their unpaid principal balance, plus any accrued but unpaid interest.

Notes to Financial Statements—Continued

Note 2—Summary of Significant Accounting Policies—Continued

Use of Estimates—The preparation of financial statements in conformity with generally accepted accounting principles in the United States of Americas and the DOL's *Rules and Regulations for Reporting and Disclosure under ERISA* requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein at the date of the financial statements and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Note 3—Information Prepared and Certified by the Trustees

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's *Rules and Regulations for Reporting and Disclosure under ERISA*. Accordingly, as permitted under such election, the following information was certified as complete and accurate by the trustees as of and for the years ended December 31, 2023 and 2022:

Note 4—Fair Value Measurements

In determining the fair value of assets and liabilities, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Plan determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are characterized in one of the following levels:

Level 1—Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Plan at the measurement date.

Level 2—Valuations based on observable inputs (other than Level 1), such as quoted prices for similar assets at the measurement date, quoted prices in markets that are not active, or other inputs that are observable, either directly or indirectly.

Level 3—Valuations based on inputs that are unobservable and significant to the overall fair value measurement and involve management judgment.

The Plan may utilize a practical expedient for the estimation of the fair value of investments in investment companies for which the investment does not have a readily determinable fair value. The practical expedient used by the Plan to value private investments is the Net Asset Value (NAV) per share, or its equivalent. In some instances, the NAV may not equal the fair value that would be calculated under fair value accounting standards. The Plan had no assets or liabilities classified at NAV as a practical expedient during the years ended December 31, 2023 and 2022.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds—Valued at the quoted NAV of shares held by the Plan at year end. The NAV is a quoted price in an active market.

Cash value of life insurance policies—Valued by the insurer and representing the exit price from the prospective of the Plan. However, since the valuation is considered unobservable, the cash surrender value calculation is considered to be a Level 3 input.

Note 4—Fair Value Measurements—Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

The following represents a roll-forward of the Level 3 activity for the year ended December 31, 2023:

Balance at December 31, 2022	<u>\$ 1,769,314</u>
Increase in cash surrender value of insurance policies	<u>231,471</u>
Balance at December 31, 2023	<u>\$ 2,000,785</u>

The availability of observable market data is monitored to assess the appropriate classification of assets and liabilities within the fair value hierarchy. Changes in economic conditions, changes in observability of significant inputs, or changes in model-based valuation techniques may require the transfer of an asset or liability between levels of the fair value hierarchy. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2023, there were no transfers between levels.

Note 5—Party-in-Interest

Assets of the Plan are invested with and valued by the trustees, which are considered parties-in-interest as providers of administrative investment management and accounting services to the funds. These transactions are exempt from the prohibited transaction rules.

Note 6—Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

Note 7—Subsequent Events

Management evaluated all activities of Plan through October 11, 2024, which is the date the financial statements were available to be issued, and concluded that no material subsequent events have occurred that would require adjustment to the financial statements or disclosure in the notes to the financial statements.
