INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the XCorp Solutions 401(K) PLAN:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of XCorp Solutions 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of XCorp Solutions 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2023 and stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the

Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of XCorp Solutions 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt XCorp Solutions 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of XCorp Solutions 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about XCorp Solutions 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of schedule of asset (held at end of year) and schedule of delinquent participant contribution are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

XCORP SOLUTIONS 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the XCorp Solutions, Inc. (“Company”) 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company who have attained age twenty-one. It is subject to the requirements of the Employee Retirement Income Security Act (“ERISA”) of 1974. The Plan has an elective deferral contribution with a Qualified Automatic Contribution Arrangement (“QACA”) safe harbor match, discretionary employer match, and discretionary profit-sharing contributions. The Board of Trustees is responsible for the oversight of the Plan. The Plan’s assets are held by Advisor Trust, Inc., the Plan trustee. The trustees also retained Professional Capital Services, LLC as the third-party administrator and recordkeeper, which provide administrative, compliance, and recordkeeping services.

Contributions

The maximum dollar amount each participant may contribute annually on a pre-tax basis is \$22,500 in 2023 as defined in the Plan. Additional contributions of up to \$7,500 in 2023 are allowed for participants who are over age fifty by December 31, 2023. The QACA safe harbor match calculation for the year ended December 31, 2023 was 100% of elective deferrals up to 1% of compensation, plus 50% of elective deferrals between 2% and 6% of compensation. The initial automatic deferral election under the QACA is 6% with no automatic increases for later years.

Participants may also contribute rollover amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Profit sharing and matching - Each participant’s account is credited with the allocation of (a) the Company’s contribution, if any and (b) Plan earnings. Allocations are based on participant earnings, or as defined in the Plan document. Each participant’s account is segregated and self-directed as to the investment vehicle. Gains and losses of segregated accounts are credited to that account only.

401(k) & Roth salary deferrals and rollovers - Each participant’s account is credited with the employee contribution, if any. Each participant’s account is segregated and self-directed as to the investment vehicle. Gains and losses of segregated accounts are credited to that account only.

Vesting

Profit sharing and matching – Vesting is based on years of credited service. A participant becomes fully vested after two years of credited service.

401(K) & Roth salary deferrals and rollovers - Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

A participant becomes fully vested automatically, regardless of the vesting schedule, upon attainment of normal retirement age, upon retirement due to disability, upon death, and upon termination of the Plan.

The Plan defines normal retirement age as the date a participant reaches the age of 65. Disability is defined as being determined disabled by the Social Security Administration by which a participant is eligible to receive disability benefits under the Social Security Act.

XCORP SOLUTIONS 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Payment of Benefits

Benefits are distributed upon termination, death, or disability in a single-sum cash payment or installment payments equal to the participant's vested interest in their account. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Forfeited Accounts

Forfeited non-vested accounts may be used to offset employer contributions or to pay Plan expenses. During the Plan year ended December 31, 2023, forfeitures in the amount of \$16,731 were used to offset employer contributions and to pay Plan expenses, respectively. As of December 31, 2023 and 2022, forfeited non-vested accounts available for future use totaled \$0 and \$4 respectively.

Notes Receivable from Participants

Participants may take out a loan against their outstanding participant balance. Loans will be limited to the lesser of \$50,000 reduced by the excess of the highest outstanding balance of loans from the Plan to the participant, or 50% of the present value of the non-forfeitable accrued benefit of the participant. The loans shall be made available to all participants and beneficiaries on a reasonable equivalent basis. Loans shall not be made to highly compensated employees in an amount greater than the amount made available to other participants and beneficiaries. Loans shall bear a reasonable rate of interest, be adequately secured, and provide repayment over a reasonable period of time.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POILICIES

Accounting Method

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and charges therein. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participant

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

The Plan permits in-service withdrawals, as defined in the Plan document, subject to certain restrictions. Benefits are recorded when paid.

XCORP SOLUTIONS 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Administrative Expenses

Certain expenses incurred to administer the Plan are paid directly by the Plan. Certain other expenses are incurred in connection with the general administration of the Plan are paid by the Employer and are not recognized by the Plan. Loan establishment, loan maintenance, and short-term trading fees are paid by the Plan and are charged to the respective participant's account. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 3 - FAIR VALUE MEASUREMENTS

The "Fair Value Measurements" Topic 820 (ASC 820) of the FASB Accounting Standards Codification, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the "Fair Value Measurements" Topic 820 of the FASB Accounting Standards Codification are described below

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Inputs include the Company's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities (including assumptions about risk).

In determining the fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible in its assessment of fair value. There were no changes in the methods used to measure fair value at December 31, 2023 and 2022

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Cash, interest bearing are valued at cost plus accrued interest which approximates fair value.

The following table summarizes the assets and liabilities of the Plan for which fair values are determined on a recurring basis as of December 31, 2023 and 2022.

Total Assets at Fair Value	<u>\$ 3,962,191</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,962,191</u>

Assets at Fair Value as of December 31, 2022

	Quoted prices in active markets Level 1	Observable inputs Level 2	Unobservable inputs Level 3	Total
Interest-bearing cash	\$ 8,872	\$ -	\$ -	\$ 8,872
Mutual funds	3,081,926	-	-	3,081,926
Total Assets at Fair Value	<u>\$ 3,090,798</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,090,798</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2023, are reported in net appreciation (depreciation) in fair value of investments. The Plan reported no significant assets or liabilities reported at fair value using significant unobservable inputs, Level 3 instruments, as of December 31, 2023 and 2022.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested.

NOTE 5 – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated November 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America (“GAAP”) requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by AdvisorTrust, Inc. AdvisorTrust, Inc. is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing rather than direct payment. For the year ended December 31, 2023, the Plan paid additional fees for the investment management services of \$18,714 to the trustee. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 7– INFORMATION CERTIFIED BY PLAN'S TRUSTEE/CUSTODIAN

The investment information presented in the accompanying statements of net assets available for benefits, statement of changes in net assets available for benefits, and supplemental schedule has been derived from information certified as complete and accurate by AdvisorTrust, Inc. as of December 31, 2023 and for the period January 1, 2023 to December 31, 2023 as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 8– RISK AND UNCERTANTITIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements available for benefits.

NOTE 9 – LATE REMITTANCE

The Company unintentionally failed to remit certain employee deferrals of \$ 22,288, \$ 91,978 and \$31,438 during the year ended December 31, 2023, 2022 and 2021 in a timely manner according to the Department of Labor regulations. These late payments are deemed a loan from the Plan to the Company from the date at which the contributions should have been remitted to the date they were actually remitted. The Company is in the process of correction and calculating the lost earnings.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500
