Independent Auditor's Report

To the Participants and Administrator of the
Danone U.S. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Danone U.S. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for supplementary Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution and the delinquent participant contributions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Danone U.S. 401(k) Plan

Notes to Financial Statements

Years ended December 31, 2023 and 2022

1. Description of Plan

The following description of the Danone U.S. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was established on January 1, 1983 and amended and restated as of January 1, 2016. The Plan is a defined contribution plan covering substantially all employees of Danone North America Public Benefit Corporation and its affiliated companies (collectively, "Danone" or the "Company" or the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and is administered by a committee which consists of Danone employees (the "Committee").

On January 1, 2019, the Company adopted a resolution to transfer the Plan's assets and trusteeship from its custodian, Charles Schwab Bank, to State Street Bank and Trust Company, trustee, and its third-party administrator from Charles Schwab Bank to Transamerica Retirement Solutions ("Transamerica"). As part of the transition, the Plan was amended and restated effective January 1, 2019.

Eligibility

After one month of service, all non-union employees and union employees at the West Jordan location became eligible to participate in the Plan and receive the Qualified Automatic Contribution Arrangement ("QACA") Matching Contribution and/or the Employer Matching Contribution through December 31, 2018. Effective January 1, 2019, all non-union employees and union employees at the West Jordan location become eligible to receive the Safe Harbor Matching Contribution and/or the Employer Matching Contribution. Effective January 1, 2019, non-union employees, union employees at the West Jordan location and union employees at the Portland location are eligible to participate in the Plan after one month of service, union employees at the Mt. Crawford location are eligible to participate in the Plan after 45 days of service, union employees at the City of Industry and Jacksonville locations are eligible to participate in the Plan after 60 days of service, and union employees at the Minster and Fort Worth locations are eligible to participate in the Plan after three months of service. There is no service requirement for eligible employees to receive the Non-Safe Harbor Non-Elective Contribution or the Non-Elective Contribution. There is no age requirement to participate in the Plan for union employees at the West Jordan and Minster locations. All other employees must be 21 years of age to participate in the Plan and receive Employer contributions.

Contributions

The Plan provides each participant with an opportunity to make pre-tax and Roth contributions to the Plan, up to 85% of a participant's compensation, subject to the limitations of the Internal Revenue Code. Effective January 1, 2019, union employees at the Mt. Crawford, City of Industry and Jacksonville locations can contribute up to a maximum of 50% of compensation.

Effective January 1, 2019, non-union employees are automatically enrolled in the Plan on the first day of the month immediately following, or coinciding with, the day they complete their eligibility requirements at a 4% pre-tax deferral percentage, and union employees at the West Jordan, Minster, Portland and Fort Worth locations are automatically enrolled in the Plan on the first day of the month immediately following, or coinciding with, the day they complete their eligibility requirements at a 3% pre-tax deferral percentage. Employees may elect not to participate in the Plan. All non-union employees and union employees at the West Jordan, Minster, Portland, and Fort Worth locations have their pre-tax deferral contribution percentage escalated by 1% each January 1, unless the employee makes a contrary election. The automatic escalation cannot increase an employee's pre-tax deferral rate higher than a maximum rate of 10%.

Notes to Financial Statements

Years ended December 31, 2023 and 2022

1. Description of Plan (continued)

The Company is required to make the following contributions:

- ▶ Safe Harbor Matching Contributions: Effective January 1, 2019, non-union employees receive a match equal to 100% of the first 4% plus 50% of the next 2% of the participants' salary deferral contributions calculated on a pay period basis. In addition, the Company is required to make a true-up contribution.
- ▶ Employer Matching Contributions: Union employees at the Minster location receive a match equal to 50% of the participants' salary deferral contributions up to 6% of the participants' salary deferral contributions calculated on a pay period basis. Union employees at the West Jordan location receive a match equal to 100% of the first 1% plus 50% of the next 5% of the participants' salary deferral contributions calculated on a pay period basis. Effective January 1, 2019, the Company is required to make a true-up contribution to the Minster and West Jordan locations. Effective January 1, 2019, union employees at the Jacksonville location receive a match equal to 50% of the participants' contributions up to 6% of the participants' salary deferral contributions calculated on a pay period basis. Effective January 1, 2019, union employees at the Mt. Crawford location receive a match equal to 50% of the participants' contributions up to 10% of the participants' salary deferral contributions calculated on a pay period basis.
- ▶ Non-Elective Contributions: All union employees at the Minster location employed on the last day of the plan year will receive an annual match equal to a percentage of the participants' eligible compensation. Effective January 1, 2019, all union employees at the West Jordan location employed on the last day of the plan year and not participating in the Retirement Income Plan for Employees of Dannon will receive an annual match equal to a percentage of the participant's eligible compensation. The percentage is determined by years of service as follows:

<u>Years of Service</u>	<u>Company Contribution</u>
Less than 5 years	2%
5 years or more	4%

Participant Accounts

Each participant's account is credited with their contributions, Danone's contributions, and the earnings thereon. Contributions to the Plan are invested by the trustee as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Vesting

Participants are immediately and fully vested in their own contributions, plus actual earnings thereon and become vested in the Company's contributions, plus actual earnings thereon based on years of service as follows:

Years of Service	Safe Harbor Matching Contributions	Employer Matching Contributions (West Jordan and Minster)	Employer Matching Contributions (Jacksonville and Mt. Crawford)	Non-Elective Contributions
1	100%	0%	20%	0%
2	100%	40%	40%	100%
3	100%	60%	60%	100%

Danone U.S. 401(k) Plan

Notes to Financial Statements

Years ended December 31, 2023 and 2022

1. Description of Plan (continued)

Forfeitures

The Plan provides for terminated employees who resume employment within five years to have any forfeited amounts reinstated ("reinstatement period"), if the employee repays the full amount of the distribution attributable to vested employer contributions prior to the end of the reinstatement period. Plan participants' forfeitures may be used to pay Plan expenses or reduce the Employer contributions for the year and, if applicable, any remaining amounts shall be applied toward succeeding plan years until fully utilized. Plan forfeitures of approximately \$193,719 were applied in conjunction with the payment of the Employer contributions for the year ended December 31, 2023. Forfeitures from employees for the year ended December 31, 2023 were approximately \$169,610. The available balance of forfeitures for the years ended December 31, 2023 was approximately \$132,916.

Benefits

A participant's vested interest in the Plan's assets is distributable generally upon termination, disability, retirement or death. Participants may withdraw from their individual accounts pursuant to the specific guidelines as set forth in the plan document.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum term of a loan is five years; or thirty years, if the loan is for the purchase of a principal residence and the maximum number of loans a participant may have outstanding at any time is one. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. Notes receivable from participants are repaid through payroll deductions and monitored by the plan administrator. Notes receivable from participants are measured at their unpaid principal balance, plus any accrued interest. As of December 31, 2023, the interest rates on the outstanding notes receivable from participants ranged from 3.25% to 9.5%.

Administrative Expenses

All transaction fees for loan and distribution requests are paid from participants' accounts. Substantially all other administrative expenses are to be paid by the Plan through an ERISA expense account (see Note 7), if available, otherwise they are to be paid by the Company.

Other Income

Other income represents revenue from certain investments as described in Note 7.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognitions

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Cost of securities sold is determined by the specific identification method. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Years ended December 31, 2023 and 2022

3. Information Certified By the Trustee

On January 1, 2019, the Company adopted a resolution to adopt State Street Bank and Trust Company as trustee. The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits, December 31, 2023 and 2022;
- Investment loss and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023 and
- Schedule of Assets (Held at End of Year), December 31, 2023, as shown on the Supplemental Schedule.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information as provided by the trustee to the related information included in the financial statements and supplemental schedule.

4 . Fair Value Measurement

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies during 2023.

Mutual funds: valued at quoted prices reported in an active market at the year end.

Common collective trust: the fair value of the common collective trust is determined by the trustee of the common collective trust based on the underlying assets, which represents the net asset value. Participant- directed redemptions can be made on any business day and do not have a redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation

methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2023 and 2022:

Assets at Fair Value at December 31, 2023				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 210,870,986	\$ —	\$ —	\$ 210,870,986

- ⁽¹⁾ In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively.

Danone U.S. 401(k) Plan

Notes to Financial Statements

Years Ended December 31, 2023 and 2022

5. Plan Termination

Although it has not expressed any intent to do so, Danone has the right to amend, alter or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

6. Tax Status

Effective January 1, 2019, the Plan adopted an individually designed plan document and has been designed to qualify under Section 401(k) and 501(a) of the IRC. The terms of the Plan have been written to conform with the language provided by the Internal Revenue Service ("IRS") in Revenue Procedure 2016-37. The Plan has been amended since adopting the plan document. However, it is the opinion of the plan administrator that the Plan as presently amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related Party Transactions

Transamerica is the record keeper for the Plan and therefore, these services qualify as party-in-interest transactions. Fees paid by the Plan to Transamerica for record keeping and administrative services amounted to \$513,543 for the year ended December 31, 2023. Services rendered by the investment advisors also qualify as party-in-interest transactions. Fees paid to the investment advisors amounted to \$67,514 for the year ended December 31, 2023.

Transamerica or its affiliates receive revenue from certain investments in the Plan. Transamerica and the Employer have agreed that if this revenue exceeds an agreed upon revenue rate ("excess revenue"), Transamerica shall make this excess revenue available to the Plan to pay Plan administrative expenses. As of January 1, 2023, the Plan had carryover excess revenue of \$140,352, which was available to pay future Plan administrative expenses. For the year ended December 31, 2023, there is no excess revenue additionally made available to the Plan. During 2023, \$50,396 of the revenue was used to pay Plan administrative expenses. As of December 31, 2023, the remaining excess revenue balance available to pay future Plan administrative expenses is \$89,956.

8. Risks and Uncertainties

The Plan's investments are concentrated in mutual funds and common collective trusts that invest in marketable securities. Such securities are subject to various risks such as interest rate, market and credit risks, which determine the value of the funds. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.
