Independent Auditors' Report

To the Board of Trustees of
IBEW Local Union 94 Annuity Fund
299 Ward St. Floor 2
East Windsor, NJ 08520

Opinion

We have audited the accompanying financial statements of IBEW Local Union 94 Annuity Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements. In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of IBEW Local Union 94 Annuity Fund as of December 31, 2023, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of IBEW Local Union 94 Annuity Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IBEW Local Union 94 Annuity Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IBEW Local Union 94 Annuity Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IBEW Local Union 94 Annuity Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year, and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The IBEW Local Union 94 Annuity Fund was established in January 1999 and is pursuant to an Agreement and Declaration of Trust between several affiliated contractors and the Union in the New Jersey area. The IBEW Local Union 94 Annuity Fund is a multiemployer pension plan.

The following brief description of the IBEW Local Union 94 Annuity Fund (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan covering participants in the industry who belong to Local 94 of the IBEW (the Union). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan covers participants who work in industry or on Local 94 property.

Contributions

Participating employers contribute a negotiated percentage of the employees' gross wages, pursuant to the current collective bargaining agreement. Employees are eligible to enter the Plan after one hour of service. Employees are also eligible to contribute a percentage of their compensation to the plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, if any, and allocations of (a) the Employers' contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants must be a member in good standing with the Union to be vested. Participants are immediately vested in their contributions plus actual earnings thereon.

Participant Loans

Participant loans are not permitted from the plan.

Benefits Paid

Any distributions from the Plan, described below, will be made in a single lump-sum payment. Participants may receive a distribution of their vested account balance in the Plan for termination of employment for reasons other than death, disability or retirement, or normal retirement. In-service distributions are permitted if the participant is 59 ½ and has five years of active services. Any distribution to a participant who has a total vested benefit which exceeds \$1,000 shall require such participant's written consent (or in such other form as permitted by the Internal Revenue Service) if such distribution occurs prior to the time the benefit is "immediately distributable." The actual payment of benefits generally will not begin until the participant terminated employment and reached normal retirement date. The distribution will only be made at participants' election, as soon as administratively feasible. The participants may defer the receipt of distribution until age 59 ½ and eligible for an in-service withdrawal or until the participant actually terminates employment. In such event, benefit payments will begin as soon as feasible at participants' request, but not later than age 72.

1. Description of the Plan, continued

Benefits Paid, continued

The death benefit payable shall be paid to the Participant's Beneficiary in one lump-sum. If there is no designated beneficiary, the death benefit will be paid in the following order of priority to: (a) your surviving spouse, (b) your children, including adopted children in equal shares (and if a child is not living, that child's share will be distributed to that child's heirs), (c) your surviving parents, in equal shares, (d) your estate. The entire death benefit must be paid to the beneficiaries within five years after the Participant's death.

Hardship distributions are permitted under certain circumstances as outlined in the Plan document.

Other

The Plan's board of trustees has the right to modify the benefits provided to active participants. The Plan may be terminated only by unanimous agreement among the trustees when there is no longer in force and effect a collective bargaining agreement between any employer and the Union requiring contributions to the fund or, if it appears to them that it is no longer feasible for financial, actuarial, or other persuasive reasons for the Trust to continue as the funding and administrative medium for the Plan, subject to the provisions set forth in ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as codified in the Accounting Standard codification ASC 962.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies by using the information provided by its investment advisers, custodians, and insurance company. See note 3 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses.

2. Summary of Significant Accounting Policies, continued

Payment of Benefits

Benefits are recorded upon distribution.

Employer and Employee Contributions Receivable

Contributions due but not paid prior to year-end are recorded as contributions receivable. The Management of the Plan evaluates participating employers' and employees' contributions receivable periodically for potential uncollectible amounts based on the likelihood of collection. The employer contribution receivable balance as of December 31, 2023 and 2022 are \$241,721 and \$358,113, respectively. The employee contribution receivable balance as of December 31, 2023 and 2022 are \$12,240 and \$32,088, respectively. As of December 31, 2023 and 2022, the Plan does not have any allowance.

New Accounting Pronouncements

In June 2016, the FASB issued ASU No. 2016-13, Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments. The ASU introduces a new accounting model, the Current Expected Credit Losses model (CECL), which requires earlier recognition of credit losses and additional disclosures related to credit risk. The CECL model utilizes a lifetime expected credit loss measurement objective for the recognition of credit losses for loans and other receivables at the time the financial asset is originated or acquired. The expected credit losses are adjusted each period for changes in expected lifetime credit losses. This model replaces the multiple existing impairment models in current GAAP, which generally require that a loss be incurred before it is recognized. The new standard also applies to receivables arising from revenue transactions such as contract assets and accounts receivables. The standard has been applied prospectively with no adjustment to retained earnings needed.

Allowance for Credit Losses

When the company records customer receivables, contract assets, and financing receivables arising from revenue transactions, the company records an allowance for credit losses for the current expected credit losses (CECL) inherent in the asset over its expected life. The allowance for credit losses is a valuation account deducted from the amortized cost basis of the assets to present their net carrying value at the amount expected to be collected. Each period the allowance for credit losses is adjusted through earnings to reflect expected credit losses over the remaining lives of the assets. The company evaluates debt securities with unrealized losses to determine whether any of the losses arise from concerns about the issuer's credit or the underlying collateral and record an allowance for credit losses, if required.

Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Local Union 94 of the IBEW Annuity Fund
Notes to Financial Statements
Years Ended December 31, 2023 and 2022

3. Fair Value Measurements, continued

Level 1	Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: a. Quoted prices for similar assets or liabilities in active markets b. Quoted prices for identical or similar assets or liabilities in inactive markets c. Inputs other than quoted prices that are observable for the asset or liability d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs that are unobservable inputs for the asset or liability.

Fair Value Measurements at 2023 Reporting Date Using:

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level I)	Significant Other Observable Inputs (Level II)	Unobservable Inputs (Level III)
Mutual Funds	\$ 19,047,529	\$ 19,047,529	\$ -	\$ -
Interest Bearing Cash	11,297	-	11,297	-
Total assets in the fair value hierarchy	\$ 19,058,826	\$ 19,047,529	\$ 11,297	\$ -
Investments Valued at Net Asset Value ^(a)	1,212,539			
Total Investments	<u>\$ 20,271,365</u>			

Fair Value Measurements at 2022 Reporting Date Using:

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level I)	Significant Other Observable Inputs (Level II)	Unobservable Inputs (Level III)
Mutual Funds	\$ 16,297,325	\$ 16,297,325	\$ -	\$ -
Interest Bearing Cash	5,033	-	5,033	-
Total assets in the fair value hierarchy	\$ 16,302,358	\$ 16,297,325	\$ 5,033	\$ -
Investments Valued at Net Asset Value ^(a)	1,149,757			
Total Investments	<u>\$ 17,452,115</u>			

The fair value measurement level of investments within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements, continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. Investments

The Plan's investments (including gains and losses on investments bought, sold, and held during the year) appreciated in value by \$2,109,477 as of December 31, 2023.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2023			Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Federated Pres RP	Hermes	Capital	\$1,212,539	N/A	Monthly	1 - 31 days
December 31, 2022			Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period

Local Union 94 of the IBEW Annuity Fund
Notes to Financial Statements
Years Ended December 31, 2023 and 2022

6. Related Party Transactions

The officers and administrative staff of IBEW Local 94 provide similar functions to the Plan, in addition to charging for rent, postage, and office supplies, and are included in administration expenses. The fees paid by the Plan for administrative fees, rent, postage, and office supplies are \$43,200 for the year ended December 31, 2023.

Some investments are held by UBS Financial Services, Inc. and, therefore, these transactions qualify as party-in-interest transactions. The fees paid by the Plan for investment management services are \$1,869 for the year ended December 31, 2023.

7. Reciprocal Agreement

From time to time, participants in the plan may be employed by companies that are parties to defined contribution plans of other locals. The Plan has entered into a reciprocal agreement in which the other Local will provide payment to the Plan for the time the participants worked for the other Local's company. In addition, the Plan will make similar payments to other Locals in the event that another Local's participant works for a company that is a party to the Local 94 Annuity Fund. The amount owed at December 31, 2023 and 2022 was \$5,748 and \$5,380 respectively.

8. Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Plan Termination

Although they have not expressed any intent to do so, the Employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

10. Tax Status

The Plan obtained its latest determination letter on September 21, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2020.

11. Subsequent Events

The Company has evaluated subsequent events through October 10, 2024 which is the date the financial statements were available to be issued.
