Report of Independent Auditors

The Management of the Paloma Partners Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed audits of the financial statements of Paloma Partners Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical

responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of

expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year as of December 31, 2023 (referred to as the “supplemental schedule”)), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Paloma Partners Retirement Plan

Notes to Financial Statements

December 31, 2023

1. Description of Plan

The following description of the Paloma Partners Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document and Summary Plan Description (the “Plan Document”) for a more complete description of the Plan’s provisions. The Plan was formed on May 1, 1994, and amended and restated on January 1, 2017.

General and Eligibility

The Plan is a defined contribution plan sponsored and administered by Paloma Partners Management Company (the “Company”) covering all full-time employees of the Company who are aged twenty-one or older. The Company has an Institutional Consulting Agreement For Participant Directed Retirement Plans (the “Agreement”) with Morgan Stanley Smith Barney LLC (“MSSB”), under which MSSB will provide certain services which includes Plan investment consultation and performance reporting. Participants are able to participate in the Plan on the first day of employment. Vanguard Fiduciary Trust Company served as the trustee and participant recordkeeper of the Plan through April 30, 2023, and Principal Trust Company (collectively, the “Trustee”) serves as the trustee and participant recordkeeper of the plan starting on May 1, 2023. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan is classified as a non-standardized prototype profit sharing plan with cash or deferred arrangement according to the Internal Revenue Service (“IRS”).

Contributions

Each year, participants may contribute up to 20 percent of their pre-tax annual compensation, as defined in the Plan Document, up to a maximum proscribed by the IRS (\$22,500 for the year ended December 31, 2023 and \$20,500 for the year ended December 31, 2022). Participants who are at least 50 years of age or older at any point during a Plan year are eligible to contribute an additional catch-up contribution (\$7,500 for the year ended December 31, 2023 and \$6,500 for the year ended December 31, 2022). The Company matches 100% of the participants’ pre-tax contributions to the Plan. Employer matches are paid each pay period. All employee and employer contributions for the current year were paid prior to December 31, 2023. In addition, participants may also rollover amounts representing distributions from other qualified plans.

Participants may elect to make pre-tax (“Traditional”) or post-tax (“Roth”) contributions through payroll deductions to the Plan. During the year ended December 31, 2023, participants made \$1,381,648 and \$153,050 in Traditional and Roth contributions, respectively. Traditional and Roth participant contributions made through payroll deductions are reflected in participant contributions on the Statement of Changes in Net Assets Available for Benefits. There were no rollover contributions during the year ended December 31, 2023.

Paloma Partners Retirement Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Voluntary After-Tax Contribution

Each participant may also make after-tax contributions to the Plan not to exceed an amount set annually by the Company, which was \$21,000 for 2023. This contribution type allows the participant to defer taxes on their earnings. During the year ended December 31, 2023, participants made \$207,753 in after-tax contributions, which is reflected in participant contributions on the Statement of Changes in Net Assets Available for Plan Benefits.

The combined pre-tax and after-tax contributions for the year ended December 31, 2023 cannot exceed \$66,000 (\$73,500 for those eligible for a catch up contribution) or 100% of a participant's annual salary as defined by the Internal Revenue Code ("IRC") section 415.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, and allocations of Plan earnings or losses. The Company's contributions are allocated in the same manner as that of the participant's contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as described below.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching of their account plus actual earnings thereon is based on years of continuous service. A participant becomes 20 percent vested each year after completing 2 years of service, becoming 100 percent vested after five and a half years from date of hire. A year of service is credited to a participant with at least 1,000 hours of service. A participant is 100 percent vested if they die or become disabled.

Payment of Benefits

Upon termination for reasons other than death, disability, or retirement, an employee may have both vested and non-vested balances in the Plan. The participant has the option to receive the value of their vested interest as a lump-sum distribution or an annuity, roll the balance into another qualified plan, roll the balance into an Individual Retirement Account ("IRA"), or leave the balance in the Plan. If the participant elects a lump-sum distribution, annuity, or rollover into either another qualified plan or an IRA, any related non-vested interest in their account will be transferred to a forfeiture account within the Plan to be used to pay any administrative expenses or reduce future Company contributions. If the participant elects to leave the balance in the Plan, any related non-vested balance must remain in the Plan.

1. Description of Plan (continued)

until the earlier of five years from the date of termination or payment of a distribution or rollover. After five years, the unvested balance would be included in forfeitures and such amounts would be used to pay any administrative expenses, if any, or reduce future Company contributions.

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments subject to statutory regulations. A participant must take a lump sum distribution if the vested account balance is less than \$1,000.

Participants may withdraw all or any portion of their vested account balances after age 59½. Participants may also withdraw the balance of their accounts in the event of hardship, subject to the provisions described in the Plan Document. Hardship withdrawals are strictly regulated by the IRS, and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal. Participants must meet one of the six IRS "safe harbor" hardship reasons in order to request a hardship withdrawal.

Investment Options

Participants in the Plan currently have the choice of investing their contributions into various investment options offered by the plan. There is also an opportunity to invest in mutual funds not already offered in the plan through a self-directed brokerage account. A maximum of 50% of a participant's vested assets can be moved into mutual funds via the self-directed brokerage account. Roth contributions are available to be moved to the self-directed brokerage account.

Administrative Expenses

The Plan's administrative expenses may be paid from Plan assets, unless paid by the Company, as defined in the Plan Document. For the year ended December 31, 2023, all administrative expenses were paid out of the Plan's assets. Participants are responsible for any expenses resulting from their investment choices.

Forfeited Accounts

As of December 31, 2023 and 2022, forfeited non-vested accounts totaled approximately \$617,168 and \$137,019 respectively. These accounts may be used to pay any administrative expenses above those which were paid for by the Company, if any, and reduce future Company matching contributions. Total forfeitures used to reduce employer contributions and applied against administrative expenses in 2023 were \$182,965 and \$25,257, respectively, and in 2022 they were \$137,019 and \$0, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared in compliance with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA using the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year as well as held at year end.

The following is a description of the valuation methodologies used for investments measured at fair value:

Mutual funds: Valued at the quoted market prices at the close of each business day.

Common/collective trust: Valued based on the Plan's unit value determined at the close of each business day.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured and recorded at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Notes receivable from participants require semi-monthly repayments of principal and interest at the prime rate plus 1.0% per annum (9.50% at December 31, 2023 and 7.25% at December 31, 2022). Loans to participants for general purposes must be repaid over a two-year period and loans for purchasing a primary residence must be repaid over a five-year period and are repaid (plus interest) ratably through payroll deductions for active employees. If the participant is no longer an active employee, repayment is made via check. If payments are more than 30 days late for inactive employees, the Company treats the loan as a distribution. Participants may only have two loans outstanding at any point in time. Loans are collateralized by the individual participant's vested interest in the Plan. The maximum amount that can be borrowed is 50% of the vested account balance if the vested account balance is \$100,000 or less, or \$50,000 if the vested account balance is over \$100,000. The minimum loan amount is \$1,000.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Company to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

CARES Act

The Plan has adopted provisions from the Coronavirus Aid, Relief, and Economic Security (CARES) Act and intends to amend the plan document by the current IRS deadline for amendments as of December 31, 2026.

3. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the investments have a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the investment.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Paloma Partners Retirement Plan

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds*	\$ 74,111,972	\$ -	\$ -	\$ 74,111,972
Total Investment	<u>\$ 74,111,972</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 74,111,972</u>

* Balance at December 31, 2023 includes Mutual Funds of \$256,653 held in the self-directed brokerage account.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds*	\$ 65,378,257	\$ -	\$ -	\$ 65,378,257
Common/collective trust	<u>-</u>	<u>8,644,413</u>	<u>-</u>	<u>8,644,413</u>

* Balance at December 31, 2022 includes Mutual Funds of \$21,412 held in the self-directed brokerage account

No transfers between levels occurred during the years ended December 31, 2023 and 2022.

Notes to Financial Statements (continued)

4. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a semiannual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events includes, the Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code, premature termination of the contracts, plan termination or merger, changes to the Plan's prohibition on competing investment options, and bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include, an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, and a material amendment to the agreements without the consent of the issuer.

5. Related-Party and Party-in-Interest Transactions

The Company has elected to pay substantially all fees and expenses incurred by the Plan.

Certain administrative functions are performed by officers or employees of the Company. No officer or employee receives compensation from the Plan.

Certain assets of the Plan invested with the Principal Trust Company as of December 31, 2023 and with the Vanguard Fiduciary Trust Company as of December 31, 2022 are considered party-in-interest investments. The Trustee is a party-in-interest as a provider of investment management and accounting services to certain of the Plan's investments. An affiliate of the Trustee may also receive fees for corporate management, administrative, distribution, and investment advisory services provided to these investments. Such transactions are exempt from the prohibited transactions under ERISA.

6. Plan Termination

The Company has the right under the Plan Document to amend or discontinue the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

7. Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (the "Code"). Any employer adopting this form of the plan will be considered to have a plan qualified under section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

In the normal course of business, all of the Plan's assets are transacted with and held by its Trustee. The Plan is subject to credit risk to the extent the Trustee is unable to fulfill contractual obligations on its behalf. The Plan does not anticipate any losses from this counterparty.

The Plan invests in mutual funds and a common/collective trust. These assets are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain of these assets, it is at least reasonably possible that changes in the values of these assets will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Subsequent Events

These financial statements were approved by management and available for issuance on October 11, 2024. Subsequent events have been evaluated through this date.
