Independent Auditors' Report

To the Plan Administrator of the
Automated Building Systems, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Automated Building Systems, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report (continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Automated Building Systems, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditors' Report (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at Year End) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Automated Building Systems, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Automated Building Systems, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established on January 1, 1994, is a defined contribution plan, available to all employees of Automated Building Systems, Inc. (the Company) who have met the eligibility requirements stipulated by the Plan. The Plan is administered by the management of the Company and is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Eligibility

In general, employees are eligible to participate in the Plan upon attainment of age 18. The Plan was retroactively amended, effective April 15, 2017, to allow employees to enter the Plan as soon as the age requirement is met.

Contributions

The Plan allows for participants to make pre-tax and Roth contributions (salary deferrals). Participants may contribute any portion of their compensation up to the maximum allowed by the Internal Revenue Code (IRC). The maximum amount of salary deferrals that participants under the age of 50 were permitted to contribute to the Plan in 2023 was \$22,500 and \$20,500 in 2022. Participants who have attained the age of 50 before the close of the Plan year may also make an additional contribution of \$7,500 in 2023 and \$6,500 in 2022.

The Plan allows for rollover contributions. The Plan will accept eligible rollover contributions received on behalf of an eligible employee regardless of whether age and service requirements of the Plan have been met.

Employer matching contributions may be made on behalf of Plan participants who made salary deferral contributions during the year. The match, equaled to 25% of salary deferrals up to 6% of the participants eligible compensation earned during the year in 2022. Effective August 1, 2022, the Company increased the employer match to 50% of participants' elective deferrals up to 6% of the participant's eligible compensation earned during the year. For the years ended December 31, 2023 and 2022, the Company made employer matching contributions of \$292,894 and \$198,296 respectively.

The Company may also elect to make a discretionary profit-sharing contribution to participants who are employed on the last day of the plan year. For the years ended December 31, 2023 and 2022, the Company made no profit sharing contributions.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses paid by the Plan and any other participant-specific plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to reduce administrative expenses or future employer matching contributions. Such forfeitures amounted to \$7,050 and \$6,571 in 2023 and 2022, respectively. At December 31, 2023 and 2022, there were unallocated forfeitures and related earnings thereon of \$17,376 and \$26,310, respectively. The Company used \$15,984 of forfeitures to reduce employer match in 2023. Company did not use forfeitures to reduce administrative expenses or employer contributions in 2022.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants vest in the Company's matching contributions and any earnings thereon in accordance with the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
1 year	0 %
2 years	33 %
3 years	67 %
4 or more years	100 %

In prior years, the Company elected to make discretionary profit-sharing contributions to the Plan which followed a different vesting schedule. Those who received profit sharing contributions from prior periods vest in such contributions and any earnings thereon in accordance with the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Automated Building Systems, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements (continued)

1. Description of Plan (continued)

Vesting (continued)

A year of service for vesting purposes is defined as any plan year which an eligible employee is credited with at least 1,000 hours of service.

Investment Options

All of the assets of the Plan are held by Empower Annuity Insurance Company of America (formerly known as Great-West Trust Company, LLC before the name change in 2022). All investments are fully participant directed. Participants may direct the investment of their contributions and the Company matching contributions and profit-sharing contributions into any of the Plan's available investment options. However, if participants do not direct the investment of account funds, then the funds will be invested in accordance with the default investment alternatives established under the Plan. The Plan currently offers mutual funds and a Key Guaranteed Portfolio Fund as investment options for participants.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance minus their highest outstanding loan balance from the Plan during the year. Loans must be repaid over a period of no more than 5 years except in the case of a loan used to acquire a principal residence in which case the Plan Administrator may permit a longer repayment term. Payments of principal and interest are made through payroll deductions no less frequently than quarterly over the loan period. A loan is secured by the vested balance in the participant's account. The loan bears interest at a rate of 1% above the prime rate. Interest rates on participant loans ranged from 4.25% to 9.5% at December 31, 2023.

If a participant terminates employment with the Company, their loan generally becomes due and payable in full immediately. If the participant does not repay the entire outstanding loan balance upon termination, the participant's vested account balance will be reduced by the remaining outstanding balance of the loan.

Payment of Benefits

Upon a participant's separation from service due to death, disability, termination, or retirement, benefits may be distributed to them in a single lump sum amount equal to the vested value of their account. Active participants may also withdraw funds from their pre-tax and Roth deferral accounts under certain hardship conditions.

Automated Building Systems, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements (continued)

1. Description of Plan (continued)

Payment of Benefits (continued)

If the vested benefit is less than \$5,000, the Plan Administrator may initiate an involuntary distribution. Prior to such distribution, the participant has the right to request that the amount be distributed directly to the participant in the form of a lump sum amount or request that it be rolled over to a different IRA provider or another retirement plan eligible to receive rollover contributions.

Plan Termination

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions would be made to the Plan and all amounts credited to participant accounts would become 100% vested. Participants would be notified of the Plan Termination and the Company would direct the distribution of participant accounts in a manner permitted by the Plan as soon as practicable.

2. Summary of Accounting Practices

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Risks and Uncertainties

The Plan provides various investment options, including Mutual Funds and a Key Guaranteed Portfolio Fund with various investment objectives. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Automated Building Systems, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements (continued)

2. Summary of Accounting Practices (continued)

Investment Valuation and Income Recognition

The Plan's investments, other than the fully benefit-responsive investment contract, are stated at fair value. Shares of mutual funds are valued at quoted market prices held by the Plan at year end. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contract because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

The Plan follows Accounting Standards Codification (ASC) 820, for all financial assets and liabilities and nonfinancial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC 820 defines fair value, establishes a fair value hierarchy, and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy ASC 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">Quoted prices for similar assets in active markets;Quoted prices for identical or similar assets or liabilities in inactive markets;Inputs other than quoted prices that are observable for the asset;Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p style="margin-left: 20px;">If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

Automated Building Systems, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements (continued)

2. Summary of Accounting Practices (continued)

Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued based upon quoted active market prices of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowances for credit losses have been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when they have been approved for payment and paid by the Plan.

Administrative Expenses

In general, all costs related to the administration of the Plan are paid by Plan assets, to the extent that the Plan does not pay any administrative expenses, such expenses are paid by the Company.

Automated Building Systems, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements (continued)

3. Information Certified by the Custodian (Unaudited)

The following information was provided to the Plan Administrator, and certified as complete and accurate by the custodian Empower Annuity Insurance Company of America (formerly Great-West Trust Company, LLC) and was used in the preparation of the financial statements and related supplemental schedule by the Plan Administrator in compliance with ERISA:

(a) *Investments* - The cost, fair value and contract value of investments, in the aggregate and by fund, at December 31, 2023 and 2022.

(b) *Notes Receivable from Participants* - The amount of notes receivable from participants plus any accrued but unpaid interest as of December 31, 2023 and 2022.

(c) *Interest and Dividend Income* - The amount of interest and dividend income received by the Plan for the years ended December 31, 2023 and 2022.

(d) *Net Appreciation and Depreciation* - The amount of net appreciation and depreciation in the fair value of investments, individual and in the aggregate, for the years ended December 31, 2023 and 2022.

(e) *Investment Transactions* - All purchases and sales of investments during 2023 and 2022, including the gain or loss on sales for 2023 and 2022.

4. Fair Value Measurements

The following table summarizes the fair values and levels within the fair value hierarchy in which the fair value measurements fall for assets measured on a recurring basis as of December 31, 2023 and 2022:

Description	Level 1	Level 2	Level 3	Total
2023				
Investments:				
Mutual Funds	\$ 12,228,820	\$ -	\$ -	\$12,228,820
	\$ 12,228,820	\$ -	\$ -	\$12,228,820
2022				
Investments:				
Mutual Funds	\$10,857,671	\$ -	\$ -	\$10,857,671
	\$10,857,671	\$ -	\$ -	\$10,857,671

Automated Building Systems, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

5. Fully Benefit-Responsive Investment Contract

The Plan holds a group annuity contract with Empower Annuity Insurance Company of America (formerly Great-West Life and Annuity Insurance Company). The contract is a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for the fully benefit investment contracts because this is the amount received by the participant if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. As a traditional investment contract, the Plan owns only the contract itself.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The credit rating is reviewed on a quarterly basis for resetting. The contract does not have a maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Automated Building Systems, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements (continued)

5. Fully Benefit-Responsive Investment Contract (continued)

Income Tax Status

The Plan has adopted a prototype plan sponsored by Pension Consultants, Inc. The prototype plan obtained its latest determination letter on March 15, 2021, in which the Internal Revenue Service (IRS) stated that the prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The prototype plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan files Form 5500 and is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

6. Party-in-Interest and Related Party Transactions

Section 3(14) of ERISA defines party-in-interest transactions to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants, interest income from participant loans, administrative expenses paid by the Company and transactions with investment funds managed and held by the Trustee are considered party-in-interest transactions.

Certain plan investments are shares of mutual funds and a Key Guaranteed Portfolio Fund held by Empower Annuity Insurance Company of America (formerly Great-West Life and Annuity Insurance Company). Empower Annuity Insurance Company of America is also the custodian and record keeper of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

7. Non-Discrimination Testing

For the years ended December 31, 2023 and 2022, the Plan violated the Actual Deferral Percentage (ADP) limit by allowing certain participants to exceed the annual highly compensated employees' contribution limit. As of December 31, 2023 and 2022, a payable for the corrective distributions was recorded amounting to \$17,511 and \$6,155, respectively.

8. Subsequent Events

The Plan has evaluated events occurring between December 31, 2023, and October 11, 2024 the date the financial statements were available to be issued.
