Independent Auditor's Report

To the Plan Administrator
GoSite 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of GoSite 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of GoSite 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements Section -

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GoSite 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GoSite 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GoSite 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment; there are conditions or events, considered in the aggregate, that raise substantial doubt about GoSite 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matter that we identified during the audit.

Supplementary Schedules Required by ERISA

The supplemental schedules of Delinquent Participant Contributions and Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**GOSITE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Note 1 - Description of Plan:

The following brief description of the GoSite 401(k) Plan (the “Plan”) is provided for general information purposes only. For additional information concerning the Plan’s provisions, participants should refer to the Plan Agreement and Summary Plan Description.

General

The Plan is a 401(k) defined contribution plan covering all eligible employees of GoSite, Inc. (the “Company” and “Employer”) who are at least 21 years of age and have completed three months of service. An employee can become a participant in the Plan on their hire date. Employees excluded from eligibility in the Plan are union employees, leased employees, and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan Administrator is responsible for oversight of the Plan.

The Company has appointed Matrix Trust Company (the “Custodian”) as Custodian of the Plan assets with authority over management and investment of Plan assets. The recordkeeping administrative services are performed by Human Interest, Inc. (the “Recordkeeper”).

Contributions

Participants may make elective deferral contributions up to the maximum dollar amount established by the Internal Revenue Code (IRC) of pretax annual compensation, as defined in the Plan. Participants aged 50 and older may make catch-up contributions to a maximum dollar amount established by the IRC. Participants may elect to designate all or any portion of their elective deferral contributions as Roth Elective Deferrals. Participants may also contribute amounts representing distributions from other tax qualified plans (rollovers).

The Company provided for safe harbor matching contribution equal to 100% of a participant’s contribution up to the first 3% of compensation deferred, and then 50% of eligible compensation deferred that exceeds 3% but does not exceed 5%. Effective January 1, 2023, the Plan was amended to remove safe harbor matching contributions. The Plan does allow discretionary contributions. Discretionary contributions totaled \$13,545 for the year ended December 31, 2023.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, allocation of the participant’s share of the Company’s matching contributions, and the participant’s share of the Plan’s earnings and losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and a cash account.

Forfeitures

Forfeitures are used to pay Plan expenses and may be used to reduce the Company contributions for the Plan year in which the forfeiture occurs. There were no forfeited amounts at December 31, 2023 and 2022.

**GOSITE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Note 1 - Description of Plan: (Continued)

Vesting

Participants are fully vested in their voluntary contributions and the Company's discretionary contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less, subject to certain restrictions, in accordance with borrowing procedures established by the Company. Participants may have no more than one loan outstanding at any time. The loans are secured by up to one-half of the vested account balance in the participant's account, and bear interest equal to the prime rate as of the last day of the preceding month plus 1% per annum. Principal and interest is paid ratably through payroll deductions over a term not to exceed five years. There were no notes receivable at December 31, 2023 and 2022.

Payment of Benefits

On termination of employment, disability or death, a participant may elect to receive a lump-sum amount or partial payments equal to the value of the participant's vested interest in his or her account. Participants with vested benefits of \$1,000 or less will receive a lump-sum distribution. Participants with account balances ranging from \$1,000 to \$5,000 will be rolled over to an individual retirement account designated by the Plan. For participants with vested benefits greater than \$5,000, no distribution will occur until a withdrawal request is completed. Distributions are required to begin not later than April 1st following the end of the year in which the Participant reaches age 72.

The Plan permits hardship distributions under certain circumstances.

Note 2 - Significant Accounting Policies:

Accounting Method

The financial statements of the Plan have been prepared on the accrual basis of accounting which is in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). Employee and Employer contributions are recognized in the period that contributions are due.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

**GOSITE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Note 2 - Significant Accounting Policies: (Continued)

Fair Value Measurements

Fair value accounting standards define fair value, establish a framework for measuring fair value, outline a fair value hierarchy based on inputs used to measure fair value, and enhance disclosure requirements for fair value measurements. The fair value hierarchy distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Level 1 or 2 of the hierarchy) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

- Level 1 inputs are quoted prices in active markets for identical investments that the Plan has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the investment, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the investment.

The Plan's statements of net assets available for benefits include the following financial instruments that are required to be measured at fair value on a recurring basis:

- Investments in mutual funds are considered Level 1 assets and are reported at fair value based on quoted net asset values of the shares held by the Plan at year-end.

Investment Valuation and Income Recognition

Investments held in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Participant loans are reported at their unpaid principal balances plus accrued and unpaid interest. Related fees are recorded as administrative expenses and are expensed when incurred. There was no allowance for uncollectible notes receivable at December 31, 2023 and 2022.

Payment of Benefits

Benefits are recorded when paid.

**GOSITE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Note 2 - Significant Accounting Policies: (Continued)

Administrative Expenses

Expenses of the Plan, including legal, audit, administrative, and Custodian expenses, are generally paid by the Company, with the exception of certain administrative expenses which are paid for by the Plan and charged to participants' accounts. The Plan incurred \$874 of administrative expenses for the year ended December 31, 2023. Participants with notes pay an origination fee for loan administration from their respective Plan accounts.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 14, 2024, the date the financial statements were available to be issued, and concluded that there were no events or transactions that needed to be disclosed.

Note 3 - Fair Value Measurements:

The following table summarizes assets measured at fair value by classification within the fair value hierarchy at December 31:

	2023			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance at December 31, 2023

**GOSITE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Note 4 - Information Prepared and Certified by the Custodians:

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to the Plan's investments disclosed in the accompanying financial statements, including investments held at December 31, 2023, net appreciation in fair value of investments, interest and dividend income and notes receivable for the year ended December 31, 2023, was obtained or derived from information certified as complete and accurate by Matrix Trust Company, the Custodian of the Plan.

Note 5 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6 - Tax Status:

The Plan adopted a Volume Submitter Plan which received a favorable opinion letter from the IRS dated March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. Effective February 22, 2022, the Plan adopted a CCH Incorporated Pre-Approved Plan Document, 401(k) Profit Sharing Non-Standardized, which received a favorable opinion letter from the IRS dated June 30, 2020. The Company believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statement.

The Plan believes that it has appropriate support for any tax position taken, and, as such, does not have any uncertain tax positions that are material to the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Note 7 - Party-In-Interest Transaction:

The Custodian and Recordkeeper provide services to the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions, while considered party-in-interest transaction under ERISA regulation, are permitted under the provisions of the Plan and are specifically exempt from the prohibition or party-on-interest transactions under ERISA.

Note 8 - Delinquent Participant Contributions:

During the year ended December 31, 2023, participant contributions totaling \$18,382 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute prohibited transactions as defined by ERISA. These contributions and related earnings were remitted to the Plan during 2023.
