Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unmodified (2) ☐ Qualified (3) ☒ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **RSM US LLP**

(2) EIN: **42-0714325**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditor's Report

Participants and Plan Administrator
California Academy of Sciences Defined Contribution Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of California Academy of Sciences Defined Contribution Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 8 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets held (at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

California Academy of Sciences Defined Contribution Plan

Notes to Financial Statements

Note 1. Plan Description

General: The following description of California Academy of Sciences Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 1989 by the California Academy of Sciences (the Academy) to provide benefits to eligible employees, as defined in the Plan's document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2020, the Plan implemented certain Coronavirus Aid, Relief, and Economic Security Act (CARES Act) provisions to allow for special coronavirus-related distributions and waiver of 2020 required minimum distributions. The Plan was amended to memorialize these provisions effective January 1, 2021.

Additionally, the Plan is in the process of implementing provisions of the Setting Every Community Up for Retirement Enhancement Act. Written amendments to the Plan to reflect these changes will be adopted in accordance with applicable law and Internal Revenue Service (IRS) guidance by December 31, 2025.

The Plan corrected historical definition of compensation errors identified in years 2020 and prior through the IRS voluntary correction program (VCP). The VCP filing was submitted and accepted by the IRS in 2023. Additionally, the Plan was amended in 2023 with an effective date of January 1, 2011, to clarify the definition of compensation to exclude any loan forgiveness amounts.

Administration: The Academy has appointed a Plan Administrative Committee to manage the operation and administration of the Plan. The Academy has contracted with Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) to act as the custodians for the guaranteed investment contracts and the pooled separate account held by the Plan, and TIAA agent for TIAA, FSB, to act as the custodian for the mutual funds and self-directed brokerage accounts held by the Plan and to act as a third-party administrator to process and maintain the records of participant data.

Participant contributions: Participants are eligible upon employment for participant contributions and may elect to have the Academy contribute their eligible pretax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have the Academy contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions. Contributions are subject to certain IRS limitations.

Employer contributions: The Academy may make discretionary matching contributions to the Plan, as defined in the Plan document. Participants who have attained the age of 21 and have completed one year of credited service are eligible for the employer match. The Academy matched 100% of each eligible participant's contribution from 3% to a maximum of 5% deferral rate for the year ended December 31, 2023.

Vesting: Participants are immediately vested in their entire account, including employer-matching contributions.

Participant accounts: Each participant's account is credited with the participant's contributions and employer matching contributions, if any and an allocation of Plan earnings/losses and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Participant investment options: Participants direct their investments into various investment options offered by the Plan, as more fully described in the Plan document. Participants may change their allocation on a daily basis.

Plan loans: Participants may borrow directly from TIAA and CREF an amount of \$1,000 up to a maximum equal to the lesser of 45% of their vested account balance or \$50,000. Loan terms range up to five years, or up to 10 years for the purchase of a primary residence, as established by TIAA and CREF at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate based on terms provided by TIAA and CREF. Principal and interest are paid ratably by the participant directly to TIAA and CREF. Plan loans totaling \$45,820 and \$86,394 at December 31, 2023 and 2022, respectively, are due from participants to TIAA and CREF directly and therefore are not considered Plan receivables.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, except notes from various investment accounts which are further limited as described in the Plan loan policy. The notes are secured by the balance in the participant's account. The note interest rate is fixed or variable for the duration of the note, depending on how the retirement balance is invested. Principal and interest is paid ratably through payroll deductions.

Payment of benefits: Upon termination, retirement or certain other situations further described in the Plan document, participants or beneficiaries may elect to leave their account balance in the Plan or receive their total benefits in a lump-sum amount, partial payment, annuity payments or installments over a period of years equal to the value of the participant's interest in their account. The Plan allows for the automatic distribution of participant account balances that do not exceed \$5,000. A terminated participant's account balance is automatically rolled into an individual retirement plan if the account is less than \$5,000, unless otherwise elected.

Forfeitures: Forfeited nonvested accounts may be used to fund employer contributions or pay administrative fees. For the year ended December 31, 2023, no forfeitures were used. Forfeitures available for future use as of December 31, 2023 and 2022, were \$131,062 and \$11,598, respectively.

Revenue sharing account: Fees received from the Plan investments in the form of 12b-1 fees, subtransfer agency fees and administrative servicing fees are paid into a Revenue Credit Account within the Plan. Contractual fees for record-keeping services and for other allowable Plan administrative expenses are paid from this account or may be allocated to participants at the direction of the employer. For the year ended December 31, 2023, revenue-sharing income received totaled \$90,049 and expenses paid totaled \$55,450. The balance of revenue-sharing funds at December 31, 2023 and 2022, was \$111,608 and \$77,009, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

California Academy of Sciences Defined Contribution Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Valuation of investments and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies using information provided by investment advisors and custodians. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of benefits: Benefits are reported when paid.

Contributions: Contributions from Plan participants and matching contributions, if any, from the Academy are recorded in the year in which the employee contributions are withheld from compensation.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Academy. Expenses that are paid by the Academy are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Risks and uncertainties: The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Notes to Financial Statements

Note 3. Fair Value Measurements

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Pooled separate account: The TIAA Real Estate Account is a pooled separate account for which daily unit values are published on NASDAQ. The fund is not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the account.

Fixed annuity contract (not fully benefit-responsive): The fixed annuity contract is reported at contract value which approximates fair value. This determination is based on TIAA's credit rating and yield being comparable to similar alternative investments and the interest rate which resets annually being comparable to a 10-year treasury bond.

Self-directed brokerage accounts: Self-directed brokerage accounts mainly consist of mutual funds and common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

California Academy of Sciences Defined Contribution Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 73,732,866	\$ -	\$ -	\$ 73,732,866
Self-directed brokerage accounts	75,252	-	-	75,252
Pooled separate account	-	472,942	-	472,942
Nonfully benefit-responsive guaranteed investment contracts	-	-	8,834,541	8,834,541
Total assets in the fair value hierarchy	<u>\$ 73,808,118</u>	<u>\$ 472,942</u>	<u>\$ 8,834,541</u>	<u>\$ 83,115,601</u>

	2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 62,109,681	\$ -	\$ -	\$ 62,109,681
Self-directed brokerage accounts	71,924	-	-	71,924
Pooled separate account	-	615,949	-	615,949
Nonfully benefit-responsive guaranteed investment contracts	-	-	8,993,706	8,993,706
Total assets in the fair value hierarchy	<u>\$ 62,181,605</u>	<u>\$ 615,949</u>	<u>\$ 8,993,706</u>	<u>\$ 71,791,260</u>

During the year ended December 31, 2023, there was approximately \$486,000 of purchases for Level 3 investments.

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements is as follows:

Name	Fair Value		Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
	2023	2022			
Teachers Insurance and Annuity Association (TIAA):					
Nonfully benefit-responsive investment contracts	<u>\$ 8,834,541</u>	<u>\$ 8,993,706</u>	Discounted cash flow	Risk-adjusted discount rate	3% to 5%

In determining the reasonableness of the fair value of the Level 3 investment, Plan management reviews the terms of the contracts and information provided by TIAA and CREF.

California Academy of Sciences Defined Contribution Plan

Notes to Financial Statements

Note 4. Guaranteed Investment Contracts

The fully benefit-responsive TIAA Traditional Annuity Fund (the TIAA Traditional) of \$1,852,928 and \$1,920,484 at December 31, 2023 and 2022, respectively, which is a fully benefit-responsive fixed-annuity contract, is fully and unconditionally guaranteed by TIAA. TIAA maintains the contributions in a general account. During the accumulation phase, the TIAA Traditional provides a guarantee of principal, a guaranteed 3% minimum rate of interest and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the declaration year and is not guaranteed for future years. When the accumulation in the TIAA Traditional is converted to an annuity based on life expectancy, the present value of the stream of payment is equal to the accumulation.

The TIAA Traditional contract is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Because the fixed-annuity contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed-annuity contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their fixed-annuity contract at contract value. Accordingly, this TIAA Traditional contract was not included in the fair value disclosure.

The fully benefit-responsive TIAA Stable value and TIAA Plan Loan Default Fund of \$1,496,383 and \$1,429,836 at December 31, 2023 and 2022, respectively, which are fully benefit-responsive fixed-rate group annuity contracts, are fully and unconditionally guaranteed by TIAA. TIAA maintains the contributions in a nonunitized separate account. The contracts provide a guaranteed minimum rate of interest between 1% and 3%. Although the liability to provide contract guarantees and accumulations is backed by the assets in the separate account, any amount to be credited above the minimum guaranteed rate is determined by TIAA.

Certain events limit the ability of the Plan participants to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of TIAA that cause insufficient availability of funds for annuity payments or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The total of these fully benefit-responsive investments, as noted above, that are reported at contract value is \$3,349,311 and \$3,350,320 at December 31, 2023 and 2022, respectively.

Investment contracts that are not fully benefit-responsive are included in the financial statements at fair value. TIAA indicates that fair value of the not fully benefit-responsive contracts approximates contract value for this investment. Contract value for the not fully benefit-responsive portion of the fixed annuity contract and reported as Level 3 investments, totals \$8,834,541 and \$8,993,706 at December 31, 2023 and 2022, respectively.

Note 5. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by TIAA and CREF, the custodians of the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than direct payments. The Plan pays directly any other fees related to the Plan's operations. These transactions qualify as party-in-interest transactions under ERISA.

Note 6. Information Certified or Provided by the Teachers Insurance and Annuity Association and College Retirement Equities Fund (Custodians)

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by the custodians of the Plan. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2023	2022
Investments at fair value:		
Registered investment companies	\$ 73,732,866	\$ 62,109,681
Pooled separate account	472,942	615,949
Self-directed brokerage accounts	75,252	71,924
Nonfully benefit-responsive guaranteed investment contracts	8,834,541	8,993,706
	<u>\$ 83,115,601</u>	<u>\$ 71,791,260</u>
Investments at contract value:		
Fully benefit-responsive guaranteed investment contracts	<u>\$ 3,349,311</u>	<u>\$ 3,350,320</u>
Notes receivable from participants	<u>\$ 115,456</u>	<u>\$ 125,765</u>

The custodians also certified to the completeness and accuracy of \$10,356,817 of net appreciation in fair value of investments, \$2,155,919 of interest and dividends and \$4,890 of interest income on note receivable from participants, related to the aforementioned Plan's assets for the year ended December 31, 2023.

Note 7. Plan Termination or Modification

The Academy intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its board of trustees and subject to the provisions of ERISA.

Note 8. Excluded Contracts

The Plan Administrator has elected to exclude from investments certain annuity and custodial accounts that may have been issued to current and former employees without the Plan Administrator's knowledge prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the statement of changes in net assets available for benefits. U.S. GAAP requires that these accounts and the related income and distributions be included in the accompanying financial statements. The Plan Administrator is not able to determine the amount of these excluded annuity and custodial accounts and the related income and distributions because records relating to these are not available or do not exist.

Note 9. Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated August 7, 2017, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document. However, the Plan Administrator believes the Plan is designed, and is being operated, in conformity with the applicable requirements of the IRC and therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2024, the date on which the financial statements were available to be issued.
