Independent Auditor's Report

Plan Administrator and Participants
Doka USA, LTD. 401(k) Plan
Kenilworth, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements - modified cash basis of the Doka USA, LTD. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended, and the related notes to the financial statements - modified cash basis ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting described in Note 2, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with Those Charged with Governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule - modified cash basis, Schedule H Line 4i, Schedule of Net Assets Held at End of Year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule - modified cash basis, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule - modified cash basis, other than the information in the supplemental schedule - modified cash basis that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule - modified cash basis related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

401(k) Plan

Notes to Financial Statements - Modified Cash Basis

Years Ended December 31, 2023 and 2022

Note 1 - Description of Plan

The following description of the Doka USA, LTD. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan which includes a 401(k) salary reduction feature. It covers non-union employees of Doka USA Ltd. Effective January 1, 2021, Doka USA Ltd. and Doka Distribution Center North America Ltd. became subsidiaries of Doka USA Holdings Ltd. (the "Company"). Non-union employees of Doka Distribution Center North America Ltd. became eligible to participate on that date. Effective January 1, 2022, all non-union employees of Form-On Corp. became eligible to participate in the Plan. All non-union employees of the Company who have at least one month of service are eligible to participate. Employees who attain eligibility status will be automatically enrolled with a 3% employee contribution unless they elect otherwise. On their enrollment anniversary date, their contributions will increase by 1% each year up to a maximum of 5%. Effective January 1, 2021, participants receive an employer safe harbor non-elective matching contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

b. Contributions

Eligible employees may pay into the Plan as a salary reduction contribution up to the annual maximum allowed by the Internal Revenue Code (the "IRC"), \$22,500 and \$20,500 for the years ended December 31, 2023 and 2022, respectively. Individuals aged 50 or older are eligible to make additional annual catch-up contributions to a maximum of \$7,500 and \$6,500 for the years ended December 31, 2023 and 2022, respectively. Rollover and Roth contributions are also permitted.

Effective January 1, 2021, the Company elected the "safe harbor" 401(k) provisions and, for the years ended December 31, 2023 and 2022, made safe harbor contributions to the Plan of \$1,466,601 and \$1,190,755, respectively, based on 100% of the first 3% and an additional 50% of the next 2% of the participants' eligible compensation contributed into the Plan. A safe harbor matching contribution is a minimum contribution made by the Company that allows the Plan to be exempt from certain 401(k) non-discrimination tests.

c. Vesting

Vesting in the Company's discretionary contributions to a participant's account and earnings thereon is based on years of service as follows:

1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants are immediately vested in their own contributions and the Company's safe harbor non-elective contribution, plus earnings thereon.

Years Ended December 31, 2023 and 2022

Note 1 - Description of Plan - Continued

d. Administrative Expenses

All costs incurred to administer the Plan, except for certain fees, are paid by the Company or from the forfeiture account.

e. Forfeitures

A forfeiture is the nonvested portion of a participant's account which the participant loses upon termination of employment. Forfeitures are used to reduce Company contributions to the Plan or to pay Plan expenses. Forfeitures of \$43,471 and \$52,351 were used to pay Plan expenses during the years ended December 31, 2023 and 2022, respectively. Net assets available for benefits include \$98,334 and \$78,449 of forfeitures at December 31, 2023 and 2022, respectively.

f. Payment of Benefits

Upon termination of service, participants with vested balances over \$5,000 may elect to leave their vested balance in the Plan or they may elect a lump sum or other form of payment. Immediate lump-sum distributions are required for vested balances under \$1,000.

g. Loans to Participants

Participants may borrow from their accounts a minimum of \$500. The largest amount that may be borrowed is 50% of the participant's vested account balance to a maximum of \$50,000. Loan terms range up to five years or up to thirty years for the acquisition of a principal residence. The loan interest rate shall be the current prime rate in effect when the loan is made plus two percentage points. Loan repayments are made through payroll deductions. Participant loans are valued at their outstanding balances. At December 31, 2023, interest rates on outstanding loans range from 5.25% to 10.50%.

h. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of; (a) the Company contribution, and (b) investment earnings, and charged with an allocation of investment losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

i. Risks and Uncertainties

The Plan provides for various investment fund options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Years Ended December 31, 2023 and 2022

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The accounting records of the Plan are maintained, and the accompanying financial statements have been prepared, using the modified cash basis of accounting. Contributions and investment income are recorded when received. Benefit payments are recorded when paid. These financial statements include the following modifications to the modified cash basis of accounting: investments are stated at fair value and the excess participant contributions payable are recorded in the year the contributions were originally made.

b. Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

c. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

Purchases and sales of investments are recorded on a settlement-date basis. Interest income is recorded when received. Dividend income is recorded on the ex-dividend date. Net appreciation/ (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Payment of Benefits

Benefits are recorded when paid.

e. Subsequent Events

Subsequent events have been evaluated through October 10, 2024, the date the financial statements were approved and authorized for issue by the Plan administrator.

Note 3 - Investments Certified by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Reliance Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following information is complete and accurate.

Note 3 - Investments Certified by the Trustee - Continued

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets, income, gain and loss information:

	December 31,	
	2023	2022
Registered investment companies (mutual funds)	\$ 31,267,773	\$ 24,807,766

Note 4 - Fair Value Measurements

The *Fair Value Measurements and Disclosures* Topic of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the Topic are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Years Ended December 31, 2023 and 2022

Note 4 - Fair Value Measurements - Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2023 and 2022:

Registered investment companies ("mutual funds") are valued at the daily closing quoted market price as reported by the exchanges on which they trade. Mutual funds held by the Plan are open-end mutual funds, registered with the Securities and Exchange Commission, and are deemed to be actively traded.

Common/collective trust funds are valued based on the net asset value ("NAV") of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The Invesco Stable Value Asset Fund - ADPZ, a stable value collective trust fund, includes fully benefit-responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12-month notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

Years Ended December 31, 2023 and 2022

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

Note 6 - Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Plan's prototype sponsor by a letter dated July 8, 2014 that the prototype plan is in compliance with the applicable requirements of the IRC. The Plan has not requested its own determination letter from the IRS. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be realized. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.
