INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
FNA Group, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of FNA Group, Inc. Retirement Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FNA Group, Inc. Retirement Plan

Notes to Financial Statements
December 31, 2023 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - FNA Group, Inc. Retirement Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2023 through October 8, 2024, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - FNA Group, Inc. is the plan sponsor, employer and the plan administrator. Johnson Bank is the trustee that has custody of plan assets, third party administrator that maintains participant records, tax counsel that performs various compliance tests, and the plan's investment advisor. Johnson Bank engages Mid Atlantic Trust Company as a sub-custodian for the plan to hold and safeguard the plan's investment assets. American Trust Retirement, LLC is used by Johnson Bank as a subservice provider for the plan's recordkeeping.

Investments - The plan administrator determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Earnings on investments bought, sold and held during the years are reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

The following is a description of the valuation methodologies used for investments measured at fair value.

Money market fund and mutual funds - Valued at the daily quoted market prices as reported by the funds. The funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value and are deemed to be actively traded.

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General - The plan was established as a defined contribution plan on February 1, 2017. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible for participation if they have reached their twenty-first birthday and have completed 60 days of service. An employee will be deemed a participant and allowed to enter the plan on the first day of the month coinciding with or following the date the plan's eligibility requirements are met.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made as follows:

- Participants may contribute up to 100% of their annual wages subject to certain limitations (elective deferral contributions). New employees are automatically enrolled in the plan and have 3% of compensation withheld as deferral contributions. Such participants have the option to increase, decrease or stop the deferral by completing the necessary documentation. The plan also permits Roth elective deferrals.
- Employee rollover contributions are accepted by the plan from other qualified plans.
- A discretionary employer matching contribution may be made. The discretionary matching contribution for the years ended December 31, 2023 and 2022 was equal to 100% of the first 5% of employee compensation contributed as elective deferral contributions.
- A non-elective contribution may be made at the employer's discretion. There were no such contributions in 2023 or 2022.

Participant accounts - Contributions are remitted to the trustee who invests them in accordance with the investment options selected by the participant. The value of the investments is adjusted daily to reflect the earnings plus the fair value appreciation (depreciation). The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants are allowed to transfer funds between the various investment options daily and can change their elective deferral percentage at any time.

FNA Group, Inc. Retirement Plan

Notes to Financial Statements
December 31, 2023 and 2022

Vesting - Participants are always 100% vested in their elective deferral and rollover contributions and related earnings. Participants begin vesting in employer contributions and related earnings upon two full years of service, at which time they are 20% vested. The participant then vests at the rate of 20% for each year thereafter. Upon death, disability or qualified retirement, participants become 100% vested.

Payment of benefits - Benefits are recorded when paid. Benefit payments may commence upon termination of employment, death, disability, or attainment of normal retirement age. Participants may elect to withdraw all or any part of their rollover contributions, if any, while still employed without restriction. Participants may receive their distribution in the form of a single lump sum or installment payments. In-service withdrawals can commence upon attaining the age of 59½. Hardship withdrawals are permitted under certain circumstances.

Forfeitures - Forfeited nonvested accounts are used to reduce the amount of the employer's contributions or pay plan expenses. Forfeitures of \$59,000 and \$61,000 were used in 2023 and 2022 to pay plan expenses and reduce employer contributions. Unapplied forfeitures were \$61,000 and \$10,000 as of December 31, 2023 and 2022.

Administrative fees - Certain administrative fees of the plan are paid by the employer. Certain other administrative fees are paid by the plan from plan assets and are recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution fees and nonparticipant directed charges for services and administrative fees. The nonparticipant directed charges are allocated to participants on an account value basis.

3. PARTY-IN-INTEREST TRANSACTIONS

Johnson Bank is the custodian of plan assets, the trustee and investment agent for the plan and, therefore, any transactions with Johnson Bank qualify as party-in-interest transactions. The plan has an administrative services agreement with Johnson Bank in which Johnson Bank provides certain administrative services to the plan. This revenue is used to offset certain amounts owed to Johnson Bank for its administrative services to the plan. The plan pays Johnson Bank for certain other service fees that are not covered by the revenue sharing provisions per the administrative services agreement. Direct fees paid by the plan to Johnson Bank were \$39,000 and \$31,000 in 2023 and 2022.

Although it has not expressed any intent to do so, the employer has the right to terminate the plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and related earnings.
