REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees and Plan Participants
CRA International 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of CRA International 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2023 and schedule of assets (held at end of year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CRA International 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the CRA International 401(k) Plan (the “Plan”) provides only general information, participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering employees of CRA International, Inc. and its subsidiaries (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Charles Schwab Trust Bank is the trustee and third-party administrator of the Plan.

Eligibility

Participants who are age 21 or older are immediately eligible to make salary deferrals and are eligible for the Company’s discretionary match contribution. Newly eligible employees are automatically subjected to the Plan’s automatic enrollment provision unless the employee affirmatively elects otherwise. The initial automatic deferral percentage is 3%, increased annually by 1% up to the maximum percentage allowable under the provisions of the Plan (6%) until the participant makes an election to eliminate the automatic deferral increase feature.

Contributions

Each year, participants may contribute to the Plan a percentage of pretax and after-tax annual compensation, as defined by the Plan, up to the maximum amount allowable under the provisions of the Internal Revenue Code (the “Code”). Participants may also contribute amounts representing distributions from other qualified plans or individual retirement accounts.

The Company’s contributions to the Plan are discretionary and determined by its Board of Directors, but the amounts contributed cannot exceed the maximum amounts allowed under the provisions of the Code. For the year ended December 31, 2023, the Company approved a contribution of an amount equal to 50% of the employee’s deferral up to 6% of compensation.

Investment Elections

Participants may direct the investments of their account. Participants may choose from a selection of investment options, including mutual funds, a common collective trust, and a self-directed brokerage account option. Under the self-directed brokerage account option, participants may select from a variety of investments, including equity securities, unit investment trusts, mutual funds, and cash equivalents. Each participant has the ability to change his or her investment allocation at any time.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the Company’s discretionary matching contributions and is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant’s earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

CRA International 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Vesting

Participants are immediately vested in their contributions and the Company's discretionary matching contributions, plus actual earnings thereon. Effective January 1, 2015, the Plan may no longer make discretionary profit-sharing contributions to the Plan. Vesting in previous discretionary profit-sharing contributions and earnings thereon is based on continuous service. The vested percentage increases 20% annually until a participant is 100% vested after five years of service, as defined by the Plan, or upon permanent disability or death.

Notes Receivable from Participants

Participants may borrow from their participant accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants can have two loans outstanding at any given time. Loans are repayable within a period of five years unless for the purchase of a primary residence, in which case the loan must be repaid in a period not exceeding 10 years. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing market rates for loans made under similar circumstances, as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payments of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or periodic installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may apply for a hardship withdrawal as defined by the Code to meet excessive medical or educational expenses, expenses incurred to purchase a new principal residence, or to prevent eviction from a principal residence. The application must be approved by the Plan administrator. In addition, in-service withdrawals are allowed upon attainment of age 59½ from a participant's elective deferral account and vested employer contribution account if the contributions to be withdrawn have been allocated to the participant's account for at least two plan years prior to the date of distribution.

Forfeited Accounts

Forfeitures represent the non-vested portion of terminated participants' account balances. Forfeited accounts can be used to pay plan administrative expenses or reduce future employer contributions. There were \$3,231 forfeitures generated during the year ended December 31, 2023, and \$3,327 of available forfeited accounts were used to offset the employer contribution. Forfeited non-vested accounts totaled \$5,827 and \$5,923 at December 31, 2023 and 2022, respectively.

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates. References to U.S. GAAP issued by the Financial Accounting Standards Board ("FASB") in the notes to financial statements are to the FASB Accounting Standards Codification ("ASC").

Valuation of Investments and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by investment advisors and custodian. See below for discussion of fair value measurements.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayment and the Plan administrator deems the participant's loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Mutual Fund Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earning activity and thus are not separately identifiable as a Plan expense.

Income Taxes

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing jurisdictions. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require revenue recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Fair Value Measurements

The Plan follows the guidance prescribed in FASB ASC 820, *Fair Value Measurements and Disclosures*, which defines fair value, and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Plan in determining fair value is greatest for instruments categorized in Level 3. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Plan's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. The Plan uses prices and inputs that are current as of the measurement date, including during periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or Level 2 to Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

Mutual Funds

Mutual fund shares held by the Plan at year end are valued at net asset value ("NAV") using quoted market prices. These securities are categorized in Level 1 as these investments are actively traded and no valuation adjustments have been applied.

CRA International 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Common Collective Trust

The common collective trust invests in a “host” fund, which is a stable value collective fund. The fair value of the fund is determined by reference to the fair value of the underlying securities of the host fund. The fund’s unit price is calculated by dividing the total assets less liabilities by the number of trust units outstanding. The common collective trust is categorized as Level 2.

Brokerage Account

The self-directed brokerage accounts consist of equity securities, unit investment trusts, mutual funds, and cash equivalents.

Common Stock

The brokerage account holds common stock (equity securities) that are valued at the quoted closing price reported on the active market on which the individual securities are traded and are categorized as Level 1.

Mutual Funds

Mutual fund shares held in brokerage accounts at year end are valued using quoted NAV per share. These securities are categorized in Level 1 as these investments are actively traded, and no valuation adjustments have been applied.

Cash and Cash Equivalents

The brokerage account holds cash and cash equivalents that are valued at cost plus accrued interest, which approximates fair value, and are categorized as Level 1.

Unit Investment Trusts

The brokerage account holds unit investment trusts that are valued at the quoted closing price reported on the active market on which the individual securities are traded and are categorized as Level 1.

NOTE 2 - FAIR VALUE MEASUREMENTS

The following table presents, for each hierarchy level described in Note 2, the Plan’s assets that are measured at fair value as of December 31, 2023 and 2022:

	December 31, 2023

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY PLAN'S TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, the trustee, has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022;
- Investment income and interest income from notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023; and
- The Schedule H, line 4i - schedule of assets (held at end of year) at December 31, 2023.

NOTE 4 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 5 - TAX STATUS

The Plan uses a prototype plan document. The prototype plan received its latest determination letter on September 21, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Charles Schwab Trust Bank. Charles Schwab Trust Bank is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan issues loans to participants, which are secured by the balances in the participants' accounts, which also qualify as party-in-interest transactions.

CRA International 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

NOTE 7 - NONEXEMPT TRANSACTIONS

As reported on the Schedule H, part IV, line 4a - schedule of delinquent participant contributions, certain Plan contributions were not remitted to the trust within the time frame specified by the DOL's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and the Company.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA.

NOTE 9 - SUBSEQUENT EVENTS

Management evaluated events subsequent to December 31, 2023 and through October 10, 2024, the date the financial statements were available to be issued. Management is not aware of any material subsequent events which would require recognition or disclosure in the accompanying financial statements.
