Lake Shore Savings Bank 401(k) Savings Plan
Dunkirk, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of Lake Shore Savings Bank 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- The amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- ☐ Exercise professional judgment and maintain professional skepticism throughout the audit.
- ☐ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- ☐ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- ☐ Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- ☐ Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (held at end of year) as of December 31, 2023, is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- ☐ The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- ☐ The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

The 2022 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 13, 2023, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with U.S. GAAP, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Lake Shore Savings Bank 401(k) Savings Plan

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of the Plan

The following description of the Lake Shore Savings Bank 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Lake Shore Savings Bank (“Lake Shore” or the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). This Plan is administered by the Compensation Committee and is responsible for oversight of the Plan. The Compensation Committee determines the appropriateness of the Plan’s investment offerings, and monitors investment performance.

Participation

An employee becomes a participant in the Plan and is eligible to make elective deferrals and receive employer contributions when the employee attains the age of 21. The employee will enter the Plan on the first day coinciding with or next following the month in which the eligibility requirements are met. An employee will become eligible to receive employer contributions on the first day coinciding with or next following the quarter in which the employee completed 1 year of service (minimum 1,000 hours of service) and 21 years of age.

Contributions

Each year, participants may voluntarily contribute up to 75 percent of their pretax annual eligible compensation as defined by the Plan, subject to Internal Revenue Code (“IRC”) limitations. Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company’s non-discretionary matching contribution is based on matching 40 percent of the participant’s salary deferral elected, up to a maximum of 6 percent of the participant’s compensation which amounted to \$113,834 for the year ended December 31, 2023. The Company also makes an annual non-discretionary safe harbor contribution to the Plan. For the year ended December 31, 2023, the Company made a 3.4 percent safe harbor contribution to participants which amounted to \$181,977.

The Company may also make annual discretionary contributions to the Plan as approved by the Board of Directors. For the year ended December 31, 2023, the Company made a profit sharing contribution which amounted to \$182,202. This profit sharing contribution was allocated using the schedule below:

Percent of Participant's Eligible Compensation	Participant Group
5.10%	All Officers of the Company, all Non-Officer Employees hired prior to January 1, 2006, and all Non-Officer employees hired after December 31, 2005 with 10 or more years of service.
1.60%	Non-Officer Employees hired after December 31, 2005 with 5 or more years of service and less than 10 years of service.
0.00%	Non-Officer Employees hired after December 31, 2005 with less than 5 years of service.

Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to eligibility requirements and certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations of administrative fees are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in their account balance.

Vesting

Participants are immediately vested in their contributions, Company matching contributions, and Company safe harbor contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. A participant may only have one loan outstanding from the Plan at any point in time. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.50% at December 31, 2023, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through weekly payroll deductions. The terms range from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

Upon termination of service due to resignation, death, disability, involuntary termination, or retirement, a participant is entitled to a distribution of their account balance in a lump-sum amount equal to the value of the vested interest in their account, equal installments, partial withdrawal, or roll over into another qualified plan or Individual Retirement Account. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts vested may be withdrawn for a hardship purpose. Additionally, for participants who have reached the age of 59½, in-service distributions are available up to the amount of the participant's vested interest in his or her account. In all cases, certain income tax penalties may apply to withdrawals or distributions prior to retirement age. Distributions are subject to the applicable provisions of the Plan agreement.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$120 and \$18,360, respectively. These amounts will be used to reduce future company contributions. In 2023, the Company's contributions were reduced by \$18,337 from forfeited nonvested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Compensation Committee determines the Plan's valuation policies utilizing information provided by the plan administrator, investment advisors, custodian and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Expenses

Lake Shore Savings Bank 401(k) Savings Plan

Notes to Financial Statements
December 31, 2023 and 2022

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Payment of Benefits

Benefit payments are recorded when paid. At December 31, 2023 and 2022, there were no benefit claims filed by terminated employee that had not yet been paid.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to Contributions.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are

Lake Shore Savings Bank 401(k) Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- The collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the fund’s trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value as of December 31, 2023

4. Related Party and Party-in-Interest Transactions

Certain of the Plan's investments are managed by Hand Benefits & Trust Company, the custodian and trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Hand Benefits & Trust Company provides certain administrative services to the Plan, pursuant to an agreement, and receives revenue from mutual fund service providers for services provided to the funds. This revenue is used to offset certain amounts owed to the party-in-interest for administrative services to the Plan. If the revenue received by this party-in-interest from such mutual fund service providers exceeds the amount owed under the agreement, excess amounts are remitted to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses or allocated to participant accounts. During 2023, there were no excess amounts allocated to participants based on their respective account balance. The Plan or Plan Sponsor may make direct payment to Hand Benefits & Trust Company for administrative expenses not covered by revenue sharing.

Benefits Plan and Administrative Services, LLC (recordkeeper) and HBKS wealth advisors (investment advisors) are service providers to the Plan, and therefore, transactions with these parties also qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in the unvested portions of their accounts. In the event of such Plan termination, the trustee shall determine whether the assets of the Plan shall be liquidated and distributed or whether the assets shall continue to be held in trust and distributed in accordance with the terms of the Plan.

6. Tax Status

The Plan has adopted a non-standardized pre-approved plan sponsored by Benefits Plan and Administrative Services, LLC. The Plan provider has received an opinion letter from the Internal Revenue Service as to the non-standardized pre-approved plan's qualified status. The non-standardized pre-approved plan opinion letter has been relied upon by this Plan. The Plan has been amended since the opinion letter was received; however, the Plan Administrator believes

Lake Shore Savings Bank 401(k) Savings Plan

Notes to Financial Statements

the Plan is designed (including all amendments to the Plan) and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

In accordance with accounting principles generally accepted in the United States of America, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of the investment security such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Information Certified by Trustee

Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, net appreciation in fair value of investments, interest, dividends income, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Hand Benefits & Trust Company, the custodian and trustee of the Plan.

9. Subsequent Events

In preparing these financial statements, the Plan and Plan Administrator have evaluated events and transactions for potential recognition or disclosure through, October 14, 2024, the date the financial statements were available to be issued.

Subsequent to December 31, 2023, the Company executed a plan amendment thereby amending certain provisions relating to eligibility and vesting. Effective March 1, 2024, the employees are eligible to make elective deferral and receive employer match contributions on the first day of the calendar month, coinciding with or next following the date they attain 21 years of age. Furthermore, participants are immediately 100% vested in their employer match contributions. There are no additional material subsequent events which require recognition or disclosure.
