## Independent Auditor's Report

To the Trustees and Plan Administrator of the EDF Trading, N.A. 401(k) Plan:

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the accompanying financial statements of EDF Trading, N.A. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of EDF Trading, N.A. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of EDF Trading, N.A. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about EDF Trading, N.A. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of EDF Trading, N.A. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about EDF Trading, N.A. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

General

The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of the Company through voluntary contributions by employees and discretionary employer matching and nonelective contributions by the Company. Employees are eligible to participate in the Plan after the attainment of the age of twenty-one (21). Employees can enter the plan immediately upon satisfaction of eligibility requirements. Excluded from the class of eligible employees are certain union, non-resident aliens, leased and part-time/temporary/seasonal employees. The Plan, which commenced effective January 1, 2011, and was amended and restated effective January 1, 2022, is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”). The Company is the designated administrator of the Plan and Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively the “Custodian”) is the custodian of the Plan responsible for the management and control of the Plan’s assets which are held in individual participant investment accounts.

Plan Amendments

The plan was amended and restated January 1, 2022 to revise the allocation conditions for the employer nonelective contribution. Prior to the amendment, eligible participants employed on the last day of the Plan year shared in any discretionary nonelective contributions. As of January 1, 2022, eligible participants employed on the last day of the Plan Year quarter share in any discretionary nonelective contributions.

Participant accounts

Each participant’s account is credited with the participant’s contributions and allocations of (a) employer discretionary matching and discretionary nonelective contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on the percentage which the participant’s contributions, account balance, and compensation, as defined, bear to the total of all participants’ contributions, account balances, and compensation, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Employee contributions

Participants may elect to defer a percentage or specific dollar amount of their eligible compensation at each pay period up to the maximum amount allowed for deferral under the Internal Revenue Code (“IRC”). The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan. Eligible participants are automatically enrolled in the Plan at 6% of their eligible compensation for each pay period on the date eligibility requirements are met unless a contrary election is made.

Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC. Participants may also designate all or a portion of their elective deferrals as Roth elective deferrals. Participants may discontinue their election to contribute at any time. Participants may also contribute eligible rollovers from other qualified defined benefit or defined contribution plans and individual retirement accounts. Additional after-tax voluntary contributions are not permitted.

### **December 31, 2023 and 2022**

#### Employer contributions

The Company may, at its discretion, make matching contributions to the Plan in an amount equal to a specified percentage of the participant's eligible compensation each Plan year. Eligible participants employed on the last day of the Plan year share in any discretionary matching contributions. During 2023 and 2022, the Company contributed 6% of the participant's eligible compensation.

Additionally, each Plan year the Company may make discretionary nonelective contributions in amounts determined by the Company. Eligible participants employed on the last day of the Plan year share in any discretionary nonelective contributions. Discretionary nonelective contributions are allocated to eligible participants based upon the percentage of the participant's compensation plus excess compensation to the total compensation plus excess compensation of all eligible participants. No discretionary nonelective contributions were made during the years ended December 31, 2023 and 2022, respectively.

ERISA and the IRC provide that plans such as the EDF Trading, N.A. 401(k) Plan cannot discriminate in favor of highly compensated individuals. To comply with these laws, certain highly compensated individuals may receive funds in the year that contributions were made in excess of the IRC Section 401(k) limit and all earnings attributable to such contributions. At December 31, 2023 and 2022, there were no corrective distributions payable to participants.

#### Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Investment options primarily consist of shares of registered investment companies (mutual funds), a self-directed brokerage account and a group annuity contract. Participants may elect to allocate their total contributions to the various investment options in increments of 1% and may change their investment options daily, subject to certain restrictions on such changes imposed by the Plan's investment funds.

#### Vesting

Participants are fully vested in their employee and employer safe harbor nonelective, discretionary matching, and discretionary nonelective contributions plus actual earnings (losses) thereon.

#### Forfeited accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are retained in the Plan and will be used to pay administrative expenses of the Plan or to reduce future employer nonelective contributions for the Plan year. During 2023 and 2022, the Company applied \$1,360 and \$400 from the forfeiture balance to pay administrative expenses and \$0 was used to reduce the Company's nonelective contributions, respectively. As of December 31, 2023 and 2022, the unallocated forfeiture balance was \$20,537 and \$21,076, respectively.

#### Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of their vested account balance, whichever is less. No more than one (1) loan can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at a rate ranging from 4.25% to 9.5% which was commensurate with local prevailing rates at the time the loan was initiated. Principal and interest is paid ratably through payroll deductions. All loans must be repaid within five (5) years.

### **December 31, 2023 and 2022**

#### Payment of Benefits

Upon retirement, disability or death, a participant is entitled to receive the full amount credited to their account. A participant (or beneficiary in case of death) may elect to receive a single lump-sum payment or periodic payments equal to the value of the participant's vested account balance or an ad-hoc distribution of some or all of the participant's account balance. Benefits may also be paid directly to another plan which qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). If the participant or their beneficiary is required to take minimum distributions, benefits may be paid in a series of payments as required by the IRC. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Participants may defer receipt of distribution until a later date unless their account balance is \$5,000 or less. If the vested account balance is \$5,000 or less, the Company will direct the Custodian that any amount exceeding \$1,000 be distributed to the participant, without consent, into an IRA for their benefit. If the vested account balance is \$1,000 or less, the account will be distributed to the participant without consent as a lump-sum distribution in cash.

If an active participant has attained age fifty-nine and one-half (59½), they may elect to withdraw all or a portion of their account while still employed by the Company. Hardship distributions are available to participants who demonstrate an immediate and heavy financial need.

#### Administrative Expenses

Certain administrative expenses incurred by the Plan are paid by the Company at its discretion, and any Plan expenses not paid by the Company are paid by the Plan. The Plan permits the payment of expenses incurred in connection with the recordkeeping and administration of the Plan to be made from the Plan's assets. Expenses will generally be allocated among the accounts of participants in the plan proportionately based on the value of the participant's account balances. Specific fees such as loan processing fees may also be charged directly to a participant's account in response to transactions requested under the Plan. Investment related expenses are included in net appreciation/(depreciation) in fair value of investments. Administrative expenses totaled \$166,134 and \$168,693 for the years ended December 31, 2023 and 2022, respectively.

The plan maintains a plan expense account which holds revenue sharing funds the Plan receives from the Custodian pursuant to the revenue-sharing arrangement entered into in 2014. On a monthly basis, revenue sharing payments received from certain of the Plan's investment options are deposited into the dedicated plan expense account. Amounts deposited in this account are used to pay qualified plan administrative expenses. During 2023 and 2022, \$48,120 and \$47,067 was used to pay Plan expenses, respectively. At December 31, 2023 and 2022, there was \$0, respectively, remaining in the plan expense account.

### **Note B - Summary of Significant Accounting Policies**

#### Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America ("GAAP").

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

## **Notes to the Financial Statements**

### **EDF Trading, N.A. 401(k) Plan**

### **December 31, 2023 and 2022**

#### Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the plan administrator and in the period in which they are deducted, in accordance with salary deferral agreements.

#### Investment valuation and income recognition

Investments are reported at fair value and are measured in accordance with ASC 820, "*Fair Value Measurements and Disclosures*" except for fully-benefit-responsive investment contracts, which are reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

As described in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 962, *Plan Accounting – Defined Contribution Pension Plans* (ASC 962), ASU 2015-12, fully benefit-responsive investment contracts held by a defined-contribution plan are required to be reported at contract value as contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As such, the Plan accounts for its fully-benefit responsive investment in Great-West Life & Annuity Insurance Company's Key Guaranteed Portfolio Fund, a group annuity contract, in accordance with FASB ASC Topic No. 962.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) of investments held at year-end. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

#### Payment of Benefits

Benefits paid to participants are recorded when paid. As of December 31, 2023, there were no amounts allocated to participants who elected to withdraw from the Plan but have not been paid.

#### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

#### Risks and uncertainties

The Plan provides for various investment options in shares of registered investment companies (mutual funds), a self-directed brokerage account and a group annuity contract. Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts

reported in the statement of net assets available for benefits.

**Note C - Information Certified by the Custodian (Unaudited) or Investments**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively the "Custodian"), except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule.

The following information was certified as complete and accurate by the Custodian:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation (depreciation) in fair value of investments, interest income on the group annuity contract, dividend income, other income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investments reflected on Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

**Note D – Fair Value Measurements**

FASB ASC 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Valuation of these instruments does not require a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market.

Level 2: Significant observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instrument.

Level 3: Significant unobservable inputs that reflect modifications to observable related market data or our assumptions about pricing by market participants.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

*Registered investment companies (mutual funds):* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to

**Notes to the Financial Statements**  
**EDF Trading, N.A. 401(k) Plan**  
**December 31, 2023 and 2022**

transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified with Level 1 of the fair value hierarchy.

*Self-directed brokerage accounts:* Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2023 and 2022:

| <b>Assets at Fair Value as of December 31, 2023</b> |                      |                |                |                      |

**Note E - Investment Contract with Insurance Company**

The Plan has a fully-benefit responsive group annuity contract with Great-West Life & Annuity Insurance Company ("Great-West") that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract is included in the financial statements at contract value as reported by the Custodian. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

**Notes to the Financial Statements**  
**EDF Trading, N.A. 401(k) Plan**  
**December 31, 2023 and 2022**

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

**Note F – Related party transactions**

Certain Plan investments are shares of registered investment companies (mutual funds) and a group annuity issued and managed by Empower Annuity Insurance Company of America and Empower Trust Company, LLC except for the self-directed brokerage account which is held by Charles Schwab & Co., Inc. The brokerage account consists primarily of common stock and short-term investments. Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively the "Custodian") has been designated as the custodian as well as provides administration and recordkeeping services to the Plan. These specific investments issued or managed by the Custodian and Charles Schwab & Co., Inc. qualify as party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

The Plan has notes receivables from certain of its participants. These transactions also qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

**Note G - Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully (100%) vested and non-forfeitable in the employer contributions allocated to their accounts as of the effective date of termination of the Plan. Should the Plan partially terminate, the account of each participant who is deemed to be affected by the partial termination shall be fully (100%) vested and non-forfeitable as of the effective date of the partial termination. The participant's account shall continue to participate in the earnings credited, expenses charged, any appreciation or depreciation of the investment fund until the vested account is distributed. The vested accounts may be distributed to participants after the effective date of the Plan termination.

**Note H - Tax status**

The underlying non-standardized pre-approved profit sharing plan has received an opinion letter from the Internal Revenue Service (IRS) dated November 14, 2022, stating that the form of the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax-exempt. The Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS non-standardized pre-approved profit sharing plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

**Notes to the Financial Statements**  
**EDF Trading, N.A. 401(k) Plan**  
**December 31, 2023 and 2022**

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.
