CFE 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CFE 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CFE 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 – to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CFE 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CFE 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CFE 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about CFE 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter-Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets Held at End of Year, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than the agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CFE 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

Note 1 – Summary of Significant Accounting Policies

The significant accounting policies followed by the Plan are summarized below.

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The Plan administrator uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities, and the reported additions to and deductions from net assets. Actual results could vary from the estimates that were assumed in preparing the financial statements.

Investments Valuation and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative costs

The administrative costs charged to the Plan are paid by the Plan or the Plan Sponsor at the Plan Sponsor's discretion. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Subsequent Events

The Plan's management has evaluated the financial statements for subsequent events occurring through October 8, 2024, the date the financial statements were available to be issued.

Note 2 – Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is a multi-employer plan and was originally effective May 1, 2017. The amended and restated provisions of the Plan became effective on March 15, 2018. Chi Psi Fraternity 401(k) Profit

Note 2 – Description of Plan (continued)

Sharing Plan and Trust and Delta Upsilon Fraternity 401(k) Profit Sharing Plan merged on May 8, 2017. Beta Theta Pi 401(k) Profit Sharing Plan and Trust merged with the plan on March 15, 2018. The plan was further amended and restated effective January 1, 2022. The plan was formerly referred to as Works, Inc. 401(k) Plan but due to the organization's name change to CFE the plan name also was changed during 2022.

General

The Plan is a multi-employer profit-sharing plan and trust covering all eligible employees of CFE, Inc., (the Company) as well as related and participating employers. The related employers includes North-American Interfraternity Conference, Inc. Participating employers include Association of Fraternal Leadership & Values, Association of Fraternity/Sorority Advisors, Acacia Fraternity Incorporated, Sigma Beta Rho, Delta Upsilon Fraternity, Tau Epsilon Phi, Phi Kappa Tau Fraternity, Phi Mu Delta, Zeta Psi Fraternity of North America, and Beta Theta Pi. The Plan was established on May 1, 2017 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a profit-sharing plan and trust, which qualifies under Section 401(k) of the Internal Revenue Code of 1986. The Plan provides for retirement, disability, and death benefits for eligible, participating employees.

Eligibility

Employees who have attained the age of 21 are eligible to participate to elective deferral contributions at the time of hire and employer matching contributions, and profit-sharing contributions after twelve consecutive months of continued service, during which at least 1,000 hours of service are completed.

Contributions

Employees may contribute a specified percentage or amount of pretax annual compensation subject to certain limitations and as allowed under Section 401(k) of the Internal Revenue Code. Salary deferrals can be pre-tax or Roth. Additional "catch-up" contributions can be made by employees who are age 50 years or older subject to certain limitations and as allowed under Section 401(k) of the Internal Revenue Code. The Company makes a matching contribution equal to a discretionary percentage of employee salary deferrals, which is determined by the Company. Additionally, the Company may make annual discretionary profit-sharing contributions in an amount to be determined at the Plan's year-end. The Company will make safe harbor contributions of 100% of salary deferrals that do not exceed 3% of compensation plus 50% of salary deferrals between 3% and 5% for all employers except for Delta Upsilon International Fraternity, Inc., North-American Interfraternity Conference, Inc., Association of Fraternity/Sorority Advisors, Inc., Association of Fraternal Leadership & Values, Inc., and Tau Epsilon Phi Fraternity, Inc. which the safe harbor employer contribution match will be 100% of the first 5% of eligible participant's compensation contributed to the Plan. Sigma Beta Rho does not have an employer match.

Note 2 – Description of Plan (continued)

Forfeited Accounts

Forfeitures will occur as of the earlier of (1) the last day of the plan year in which the former participant incurs five consecutive one year breaks in service or (2) the distribution of the entire vested portion of the participant's account. Forfeited amounts may be used to pay any administrative expenses, allocated to reduce the Company's matching contribution, or allocated to the remaining participant accounts.

The balance in the forfeitures account at December 31, 2023 and 2022 was \$2,346 and \$700, respectively. During the years ended December 31, 2023 and 2022, forfeitures of \$0 were used to reduce the Plan's expenses and employer's matching contributions.

Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, the interest of all participants becomes fully vested, shall not be subject to forfeiture, and the employer shall distribute the assets in the same manner as benefits are distributed.

Payment of Benefits

A participant may withdraw either the entire balance of, or a specified portion of, the vested portion of the employee's account due to termination of employment, hardship, death, disability, retirement, and attainment of age 65, or certain other circumstances. An election can be made to receive the benefits in one lump sum or a series of payments. Participant transactions are assessed a fee to each participant making a withdrawal.

Hardship Distributions

Participants withdraw money on account of financial hardship if certain conditions are met. Hardship distributions are not allowed from qualified non-elective or qualified matching contribution accounts.

Investment Options

As of May 1, 2017, the Plan utilized Fidelity Management Trust Company as the recordkeeper. The Plan provides many investment options ranging from aggressive to conservative investments. Participants may elect to have their elective deferral contribution invested in any fund or combination of investment funds provided by the Plan. The employer matching contribution is allocated to the investment funds in the same ratio as the employee elective deferral contributions. Participants may change their investment options at any time.

Note 2 – Description of Plan (continued)

Participant Accounts

Each participant's account is credited for his or her contributions on a cash basis when received by the custodian. In addition, each participant's account is credited with an allocation of the Company's matching contribution and investment earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral contribution and any safe harbor employer contributions. Employer matching contributions and employer profit sharing contributions, and any earnings thereon, are 100% vested immediately. In addition, a participant is 100% vested upon the attainment of normal retirement age, total and permanent disability, or death.

Note 3 - Fair Value Measurements

A framework for measuring fair value has been established in accordance with generally accepted accounting principles. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to valuation methodologies include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**CFE 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022**

Note 3 - Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets at fair value.

Mutual funds – Valued at the published net asset value (NAV) of shares held by the Plan. (Level 1)

Note 4 – Tax Status

As of May 1, 2017, the Plan utilizes a defined contribution volume submitter profit sharing plan through Fidelity Management & Research Company. Fidelity obtained its latest determination letter dated March 31, 2014. The Plan has been amended since receiving the determination letter. The Plan was restated January 1, 2022. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 5 – Party-In-Interest Transactions

Certain plan investments are managed by Fidelity Management Trust Company. As the custodian, as defined by the Plan, these investments and investment transactions qualify as exempt party-in-interest transactions. Plan audit and accounting fees are paid by the Employer/Plan Sponsor. Certain administrative functions are performed by officers and employees of the Plan Sponsor. These employees are also Plan participants. No such officers or employees received compensation from the Plan.
