Independent Auditor's Report

To the Plan Administrator
Beth Israel Deaconess Medical Center, Inc. 401(k) Savings and Investment Plan
Brookline, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Beth Israel Deaconess Medical Center, Inc. 401(k) Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment

information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Beth Israel Deaconess Medical Center 401(k) Savings and Investment Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Beth Israel Deaconess Medical Center, Inc. 401(k) Savings and Investment Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution savings plan established by the New England Deaconess Hospital Corporation (the “Hospital”). Effective October 1, 1996, the Hospital merged with the Beth Israel Hospital Association and was renamed the Beth Israel Deaconess Medical Center, Inc. (the “Medical Center” or “Plan Sponsor”).

The Medical Center is the Plan Administrator and is responsible for the operation and administration of the Plan. The Board of Directors is responsible for oversight of the Plan. The Pension Committee determines the appropriateness of the Plan’s investment offerings, monitors performance, and reports to the Medical Center’s Board of Directors.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Board of Trustees has delegated responsibility for oversight of the Plan to Beth Israel Leahy Health (“BILH”), who has delegated to the BILH Retirement Plans Committee the responsibility to oversee the Plan, including administrative matters, and to determine the appropriateness of the Plan’s investment offerings as well as to monitor investment performance.

Effective December 31, 2023, the Stoneham Medical Group, LLC Profit Sharing Plan and Winchester Healthcare Enterprises, Inc. 401(k) Plan were merged into the Plan. Concurrent with the merger, the assets of the Stoneham Medical Group, LLC Profit Sharing Plan and Winchester Healthcare Enterprises, Inc. 401(k) Plan were transferred to the Plan as noted in the accompanying statement of changes in net assets available for benefits.

Eligibility

The Plan is available to all employees of the Medical Center and certain affiliates at their date of hire (“participant”), except an employee who is a temporary employee or a leased employee.

Contributions

The Plan provides that eligible employees electing to become participants can contribute to the Plan through payroll deferrals at a specified percentage of their base compensation (as defined in the plan document), subject to certain regulatory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Medical Center contributes 60% of the first 4% of eligible pay that a participant contributes to the Plan after one year of employment. For the year ended December 31, 2023, the Plan Sponsor’s matching contributions were \$14,368,248.

Effective January 1, 2013, the Medical Center elected to make an annual Core Contribution on behalf of each participant who is a Core/Match Eligible Employee (as defined in the plan document) having completed a year of eligible service (one year of service through the first anniversary of the

Beth Israel Deaconess Medical Center 401(k) Savings and Investment Plan

Notes to Financial Statements

date of hire) and who is employed on the last day of the plan year (or who died or became disabled during the plan year). The Core Contribution shall be equal to a percentage of base compensation for that portion of the plan year during which he or she has been a participant, determined based on the sum of (i) the participant's age in completed years and (ii) his or her completed full years of basic service credit, which is calculated as the sum of service from the Beth Israel Deaconess Medical Center Pension Plan as of December 31, 2012, plus the number of years as a Core/Match Eligible Employee, both determined as of the beginning of the plan year. For the year ended December 31, 2023, the Plan made Core Contributions of \$19,489,647.

Additional discretionary amounts may be contributed at the option of the Plan Sponsor. For the year ended December 31, 2023, no discretionary contribution was made.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Medical Center's contributions and (b) plan earnings (losses), and is charged with an allocation of administrative expenses, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants' contributions are fully vested immediately. Employees only receive the 401(k) employer matching contribution, Core Contribution, and discretionary contributions after completing one year of service and are fully vested in such contributions once received.

Payment of Benefits

Amounts may be distributed to participants only (i) upon termination of employment, (ii) upon attaining the age of 59½, (iii) upon demonstration by the participant to the Plan Administrator that the participant is suffering from "hardship" (as defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code standards established by the Secretary of the Treasury or his delegate), (iv) upon becoming eligible for Social Security disability benefits, or (v) upon death.

Notes Receivable from Participants

Participants may borrow an amount up to 50% of their vested account balance, with a minimum requirement of \$1,000, and not to exceed \$50,000. The notes receivable from participants are secured by the balance in the participant's account. Notes receivable from participants incur interest at a variable rate equal to the prime rate plus 1% as determined by the Pension Committee, and direct debit deductions from payroll of principal and interest over the life of the note, ranging from one to ten years.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Beth Israel Deaconess Medical Center 401(k) Savings and Investment Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates that affect the amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses as defined in the plan agreement are paid by the Plan. Other administrative expenses are paid by the Medical Center. Expenses paid by the Medical Center are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2024, which is the date the financial statements were available to be issued.

3. Certified Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee for the Plan and qualified institution, has certified as to the completeness and accuracy of all the investments and notes receivable from participants reflected on the statements of net assets available for benefits as of December 31, 2023 and 2022, the supplemental schedule Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023, and the related investment activity and interest on notes receivable from participants reflected on the statement of changes

Beth Israel Deaconess Medical Center 401(k) Savings and Investment Plan

Notes to Financial Statements

in net assets available for benefits for the year ended December 31, 2023. The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include:
---------	--

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Mutual funds are valued using Level 1 inputs.

Beth Israel Deaconess Medical Center 401(k) Savings and Investment Plan

Notes to Financial Statements

Self-Directed Brokerage Funds

Fidelity self-directed brokerage accounts represent a brokerage account in which participants are invested in mutual funds and cash reserves. The Plan has individual investments in the self-directed brokerage accounts that are valued on the basis of readily determinable market prices.

Common Collective Trust

Valued at the NAV of units of the collective trust. The NAV, as provided by the trustees of the trusts, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There are no unfunded commitments and participant transactions (purchases and sales) may occur daily, without notice. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The collective trusts are direct filing entities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

<i>Fair Value Measurements as of December 31, 2023</i>	Level 1	Total
Mutual funds	\$ 55,597,377	\$ 55,597,377
Self-directed funds	38,786,989	38,786,989
Common collective trust, at NAV*	-	1,274,324,232
Total	\$ 94,384,366	\$ 1,368,708,598

<i>Fair Value Measurements as of December 31, 2022</i>	Level 1	Total
Mutual funds	\$ 32,448,327	\$ 32,448,327
Self-directed funds	30,728,486	30,728,486
Common collective trust, at NAV*	-	1,100,629,002
Total	\$ 63,176,813	\$ 1,163,805,815

*Certain investments for which fair value is measured using NAV per share as the practical expedient have not been categorized within the fair value hierarchy. The fair value amounts presented in the preceding tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Beth Israel Deaconess Medical Center 401(k) Savings and Investment Plan

Notes to Financial Statements

5. Investments at Contract Value

The Plan holds a traditional investment contract issued by Voya Retirement Insurance and Annuity Company ("Voya") at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount that would be received by participants if they were to initiate permitted transactions under the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

With traditional investment contracts, the Plan owns only the contract itself. These contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3%. Such interest rates are reviewed on an annual basis for resetting. The contract does not have a maturity date.

Full surrenders from the Fixed Plus Account II are paid by Voya in equal principal payments, with interest, over a period not to exceed 60 months. Other plan level withdrawals are subject to withdrawal charges from 1% to 5% depending on completed contract years. There are no withdrawal charges if the Plan has completed five or more contract years.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that would also limit the ability of the Plan to transact at contract value with the participants.

6. Related-Party and Party-in-Interest Transactions

The Plan invests in shares of mutual funds managed by Fidelity and a guaranteed investment contract managed by Voya. Fidelity and Voya are the custodians as defined by the Plan. Transactions such as investments qualify as party-in-interest transactions, which are exempt from prohibited transaction rules. Notes receivable from participants also qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Medical Center. No such officer or employee receives compensation from the Plan. As described in Note 2, the Medical Center also pays certain administrative expenses of the Plan.

Beth Israel Deaconess Medical Center 401(k) Savings and Investment Plan

Notes to Financial Statements

Fidelity provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (“MSA”) between the Plan Sponsor and the custodians. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to the custodians for its administrative services to the Plan. If the revenue received by the custodians from such mutual fund service providers exceeds the amount owed under the MSA, the custodians remit the excess to the Plan’s trust on a quarterly basis. Such amounts may be applied to pay plan expenses or allocated to the accounts of the participants. During 2023, the excess amounts received by the Plan is \$684,269. The Plan or the Plan Sponsor may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

7. Plan Termination

Although it has not expressed any intent to do so, the Medical Center has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would remain fully vested and all accrued benefits shall be paid to participants in accordance with the provisions of the Plan.

8. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service, dated March 5, 2018, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the “Code”) and, therefore, the related trust is exempt from taxation. The Plan has been restated since receiving its determination letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or de-recognize an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or de-recognition of an asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.
