Independent Auditor's Report

To the Plan Administrator
403(b) Thrift Plan of Southeastern Louisiana
Area Health Education Center
Hammond, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Section 403(b) Thrift Plan of Southeastern Louisiana Area Health Education Center (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year then ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the 403(b) Thrift Plan of Southeastern Louisiana Area Health Education Center (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

Southeastern Louisiana Area Health Education Center (the Plan Sponsor) established the 403(b) thrift plan to provide employees with a systematic means of savings and investing for the future. All permissible employees of the Plan Sponsor, as defined in accordance with the universal availability standards, are eligible to enroll on their date of hire. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute up to 100% of their eligible compensation to the Plan, up to the maximum allowable by the Internal Revenue Code (IRC). The Plan allows catch-up contributions for participants that attain the age of 50 before the end of the plan year. Rollover contributions from qualified retirement plans or traditional individual retirement accounts are allowed.

All employees who become participants on or after the effective date shall be deemed to have directed the Plan Sponsor to make automatic salary reduction contributions on their behalf upon entry into the Plan. The amount contributed on behalf of such participant shall be a nonqualified graduated percentage, beginning with 1% of compensation for the initial plan year in which automatic enrollment contributions are made on behalf of the participant, increasing to 2% for the second plan year, and increasing to 3% for the third and each subsequent plan year. On January 1, 2017, this automatic provision was expanded to include all existing eligible employees. The Plan provides employees with a 90-day opt-out withdrawal period.

The Plan Sponsor may elect to make a discretionary employer base contribution to eligible employees, which is pro-rated based on eligible compensation. The Plan Sponsor made a discretionary employer base contribution of \$1,924,446 for the year ended December 31, 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of plan sponsor discretionary employer base contributions, plan gains or losses, and applicable administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**403(b) THRIFT PLAN OF SOUTHEASTERN
LOUISIANA AREA HEALTH EDUCATION CENTER**

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Investment Options

Upon enrollment in the Plan, participants may direct the allocation of their contributions and the Plan Sponsor's contributions into various investment options managed by Mutual of America Life Insurance Company (Mutual). Participants have the ability to access, monitor, and manage their individual accounts online or directly through Mutual.

Vesting

Participants are immediately vested in all elective deferrals and the plan sponsor contributions, and the earnings attributable to those contributions. As such, the Plan does not have forfeited balances.

Notes Receivable from Participants

Under the provisions of the Plan Document, participants are not allowed to borrow from their individual accounts.

Payment of Benefits

Account balances may be withdrawn by, or distributed to, a participant only upon (1) termination of employment or (2) attaining the age of 59½. Withdrawals prior to attaining age 59½ are not permitted, except in the event of retirement, disability, or as a hardship distribution. Upon proof, to the satisfaction of the Plan Administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for hardship purposes. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at any time. In the event of plan termination or partial plan termination, the net assets will be allocated to participants as prescribed by ERISA and regulations issued pursuant thereto.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America.

Contributions

Contributions from plan participants and the discretionary employer base contributions from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation.

**403(b) THRIFT PLAN OF SOUTHEASTERN
LOUISIANA AREA HEALTH EDUCATION CENTER**

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS), stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is designed, and is being operated, in conformity with the applicable requirements of the IRC and therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan permits the allocation of administrative expenses among the accounts of all participants in the Plan.

Note 3. Information Certified by Mutual of America Life Insurance Company (Mutual)

The following is a summary of the plans asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Mutual, a qualified institution.

	2023	2022
Investments, at Fair Value		
Pooled Separate Accounts	\$ 14,047,400	\$10,537,907
Investments, at Contract Value		
Insurance Company General Account	1,968,920	1,793,121
Total Investments	\$ 16,016,320	\$ 12,331,028

Mutual also certified to the completeness and accuracy of \$2,152,963 of net appreciation in fair value of investments and \$30,391 in interest and dividends related to the aforementioned assets for the year ended December 31, 2023.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

**403(b) THRIFT PLAN OF SOUTHEASTERN
LOUISIANA AREA HEALTH EDUCATION CENTER**

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2 Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

- Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Pooled Separate Accounts: The net asset value (NAV) of a pooled separate account is based on the market value of the underlying investments as adjusted for the Plan's units of participation in the pooled accounts. Units are established for each investment division of the pooled separate accounts. The value of these units is determined at the close of the stock exchange each day the exchange is open for regular trading. The pooled separate NAV is not a publicly quoted price in an active market. Therefore, the NAV is used as a practical expedient to estimate fair value. The value increases or decreases based on the investment performance of the corresponding underlying portfolios.

**403(b) THRIFT PLAN OF SOUTHEASTERN
LOUISIANA AREA HEALTH EDUCATION CENTER**

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The method previously described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

December 31, 2023	Level 1	Level 2	Level 3	Total
Investments Included in the Fair Value Hierarchy	\$ -	\$ -	\$ -	\$ -
Investments Measured, at Net Asset Value ^(a)				<u>14,047,400</u>
Total Investments, at Fair Value				<u>\$ 14,047,400</u>
December 31, 2022	Level 1	Level 2	Level 3	Total
Investments Included in the Fair Value Hierarchy	\$ -	\$ -	\$ -	\$ -
Investments Measured, at Net Asset Value ^(a)				<u>10,537,907</u>
Total Investments, at Fair Value				<u>\$ 10,537,907</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

- (a) This category is made up of conservative, moderate, and aggressive allocation funds, all seeking current income and capital appreciation. The funds invest in fixed income and equity funds. The degree of allocation in fixed income and equity funds varies, with the conservative funds investing a larger percentage in fixed income, and the aggressive funds investing a larger percentage in equity funds.
- (b) This category is made up of funds seeking to achieve a competitive total return by investing in a diversified portfolio of common stocks, debt securities, and short-term (money market) instruments.

**403(b) THRIFT PLAN OF SOUTHEASTERN
LOUISIANA AREA HEALTH EDUCATION CENTER**

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Investments Measured Using the NAV per Share Practical Expedient (Continued)

- (c) This category includes small-cap, mid-cap, and diversified growth and value funds, seeking high total returns and long-term capital growth, by investing primarily in common stocks and seeking to correspond or outperform the S&P 500 Index.
- (d) This category includes funds seeking current income, with a secondary objective of preservation of capital. The funds invest primarily in investment grade, publicly traded debt securities, bonds, U.S. Government and agency securities, mortgage-backed securities, and zero coupon securities.
- (e) This category is comprised of funds which invest in real estate properties and real estate related investments. The funds' holdings consist principally of professionally appraised real estate interests and occasionally priced securities.
- (f) This category is made up of funds seeking various degrees of current income, capital appreciation, and preservation of capital. The allocations are dependent on the target retirement date. The funds invest in fixed income and equity funds, with a goal of capital appreciation for those funds with distant target retirement dates. As the target retirement date approaches, the funds change the mix toward a goal of preservation of capital and production of income.

Note 5. Investment Contracts with Insurance Companies

The Plan has entered into a traditional fully benefit-responsive investment contract with Mutual of America Life Insurance Company. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

All contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due in accordance with the investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The contract issuer reserves the right to defer the payment of a total withdrawal from the investment contract in connection with the termination of this contract for up to six months following the date of such request.

**403(b) THRIFT PLAN OF SOUTHEASTERN
LOUISIANA AREA HEALTH EDUCATION CENTER**

Notes to Financial Statements

Note 5. Investment Contracts with Insurance Companies (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contract.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

Note 6. Reconciliation of the Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2023 and 2022:

Note 6. Reconciliation of the Financial Statements to Schedule H of Form 5500 (Continued)

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2023 to the net income reported in Schedule H Form 5500:

Net Increase in Net Assets Available for Benefits, per the Financial Statements	\$ 3,664,377
Add: Receivables at December 31, 2022	97,620
Less: Receivables at December 31, 2023	<u>(76,705)</u>
Net Income, per Schedule H of Form 5500	<u>\$ 3,685,292</u>

Note 7. Related-Party and Party-in-Interest Transactions

Certain plan investment options are managed by Mutual of America Life Insurance Company, the Plan's custodian. Therefore, these transactions qualify as party-in-interest. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the provisions of the party-in-interest transactions under ERISA. The Plan incurred \$6,748 of administrative expenses during 2023, which was allocated to participant accounts.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Subsequent Events

The Plan Administrator has evaluated subsequent events through the date that the financial statements were available to be issued, October 4, 2024, and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.
