Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Owner Operator Services, Inc. Profit Sharing/401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for Plan benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for Plan benefits for the year ended December 31, 2023 and the related summary of significant accounting policies and notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Owner Operator Services, Inc. Profit Sharing/401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Owner Operator Services, Inc. Profit Sharing/401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Owner Operator Services, Inc. Profit Sharing/401(k) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Owner Operator Services, Inc. Profit Sharing/401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Owner Operator Services, Inc. Profit Sharing/401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Independent Auditor's Report

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OWNER OPERATOR SERVICES, INC. PROFIT SHARING/401(K) RETIREMENT PLAN

Summary of Significant Accounting Policies **December 31, 2023 and 2022**

Basis of Accounting

Owner Operator Services, Inc. Profit Sharing/401(k) Retirement Plan (Plan) presents its financial statements on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon terms of the Plan document. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of administering and maintaining the Plan are paid directly by Owner Operator Independent Drivers Association (OIDA) and its affiliates (the "Companies") and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payment of benefits are charged directly to the participants' accounts and are included in administrative expenses. Direct investment related expenses are included in administrative expenses, and indirect investment related expenses are included in net appreciation in fair value of investments.

OWNER OPERATOR SERVICES, INC. PROFIT SHARING/401(K) RETIREMENT PLAN

Notes to the Financial Statements December 31, 2023 and 2022

1. Description of Plan

The following description of the Owner Operator Services, Inc. Profit Sharing/401(k) Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Companies. See eligibility requirements below. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan and related trust were established in 1989. The Plan's administrative committee is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Contributions

Employees are eligible to participate in the Plan for employee salary deferrals on the first day of the month following two consecutive months of eligible service. A participant specifies the amount, not to exceed Internal Revenue Service (IRS) limits, of eligible compensation to be contributed to the Plan (employee salary deferral contributions). New participants are automatically enrolled in the Plan at a 10% employee salary deferral rate, unless they opt not to participate or to defer a different percentage of their salary. The Plan allows discretionary employer matching contributions. The employer may also make a discretionary profit sharing contribution each year, which is allocated to participants based on their earnings. Employees are eligible for discretionary employer matching contributions and discretionary employer profit sharing contributions beginning on the first of the month following 10 consecutive months of eligible service. Discretionary employer matching contributions of 50% of the first 10% of participant deferrals were made in 2023. There were no profit sharing contributions made in 2023. The total of the annual employee and employer contributions on behalf of each participant cannot exceed certain IRS limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (employee rollover contributions). Rollover contributions are not subject to contribution limitations.

Participant Accounts

Participants have the option of making contributions to any of the investment options available from the trustee or to an individual self-directed brokerage account. Changes to contribution amounts, allocation changes, and fund transfers can be done daily. Each participant's account is credited/charged with an allocation of the directed investment's earnings/losses based on the participant's account balance and credited with the following contributions:

- Employee's salary deferral contributions
- Employee's rollover contributions
- Discretionary employer matching contributions
- Discretionary employer profit sharing contributions

Forfeitures

The forfeited nonvested balances totaled \$8 and \$0 at December 31, 2023 or 2022, respectively. Forfeitures of \$5,931 were used to pay administrative expenses in 2023. Forfeitures are used to pay administrative expenses and any remainder can be reallocated in future years among the remaining participant accounts in the same manner as employer profit sharing contributions. There were no forfeited nonvested accounts that were reallocated among the participant accounts in 2023.

Notes Receivable from Participants

Participants may borrow from their account up to the lesser of \$50,000 or 50% of their vested account balance and are only permitted to have one loan outstanding at any time. New loans must be for a minimum of \$1,000. Loan terms range from one to five years except loans for the purchase of a primary residence, which may be for a longer term. The loans are secured by the balance in the participant's account. The interest rates charged on loans are determined by Plan management and ranged from 4.25% to 9.50% at December 31, 2023 and from 4.25% to 8.00% at December 31, 2022. Principal and interest are paid ratably through payroll deductions.

Notes to the Financial Statements December 31, 2023 and 2022

1. **Description of Plan** (continued)

Future Changes in Laws and Regulations

On December 29, 2022, the Consolidated Appropriations Act of 2023 was signed into law, which includes the package of retirement provisions referred to as "SECURE Act 2.0." These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on getting more participants into the retirement system, finding ways for them to accumulate more assets, and then ensuring they get connected with those assets when retirement comes. Plan management is monitoring the SECURE Act 2.0 provisions, which begin to go into effect during the Plan year 2024 and beyond.

2. **Information Certified by the Plan's Trustee**

Certain information related to the investments disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Ascensus, LLC (Ascensus), as agent for Ascensus Trust Company and Newport Trust Company, LLC, collectively the trustee.

The following table includes the values of the Plan's investments and notes receivable from participants at December 31, 2023 and 2022 and investment activity and interest on notes receivable from participants for the year ended December 31, 2023 as certified by Ascensus.

3. Fair Value Measurement of Investments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used to determine the fair value of investments. There have been no changes in the methodologies used at December 31, 2023 and 2022:

- Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Self-directed brokerage accounts: Consist primarily of interest bearing cash, common stocks, which are valued at the closing price reported on the active market on which the securities are traded, and mutual funds and exchange traded funds, which are valued at their NAV as described above under mutual funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to the Financial Statements December 31, 2023 and 2022

3. Fair Value Measurement of Investments (continued)

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2023, there were no transfers into or out of levels 1, 2, or 3.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31:

	2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 20,858,650	\$ -	\$ -	\$ 20,858,650
Self-directed brokerage accounts	5,719,496	-	-	5,719,496
Total assets in the fair value hierarchy	<u>\$ 26,578,146</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 26,578,146</u>
	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 21,343,294	\$ -	\$ -	\$ 21,343,294
Self-directed brokerage accounts	1,672,650	-	-	1,672,650
Total assets in the fair value hierarchy	<u>\$ 23,015,944</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,015,944</u>

Net appreciation in fair value of self-directed brokerage accounts totaled \$522,048 during the year ended December 31, 2023.

4. Party-in-Interest Transactions

The Plan incurred expenses of \$18,571 from the Plan's investment advisors during the year ended December 31, 2023. The Plan paid fees to recordkeepers totaling \$34,994 during the year ended December 31, 2023. The investment advisors and recordkeepers are considered parties-in-interest to the Plan. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Additionally, notes receivable from participants are considered party-in-interest transactions.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would become 100% vested in their employer contributions.

OWNER OPERATOR SERVICES, INC. PROFIT SHARING/401(K) RETIREMENT PLAN

Notes to the Financial Statements December 31, 2023 and 2022

6. Income Taxes

The Plan has adopted a non-standardized pre-approved profit sharing plan with Ascensus, which has received an opinion letter dated June 30, 2020 from the IRS indicating that the Plan, as then designed, was qualified for tax-exempt status under the appropriate sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan is qualified and tax-exempt as of the financial statement date and no provision for income taxes has been recorded in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

7. Risks and Uncertainties

The Plan allows participants to invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuation, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits and the statements of changes in net assets available for Plan benefits.

8. Subsequent Events

Management of the Plan has evaluated subsequent events through October 14, 2024, the date the financial statements were available to be issued.
