REPORT ON AUDIT OF FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

HRC

INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
403(b) Thrift Plan of Opportunity Village
Las Vegas, Nevada

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the 403(b) Thrift Plan of Opportunity Village (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Contributions

The Plan provides for voluntary contributions by its participants and matching contributions by the Employer. Participants may elect to defer up to 100% of their annual compensation, as defined by the Plan, up to an annual dollar limitation in accordance with the Internal Revenue Code (IRC) (\$22,500 for 2023). In addition, the Plan allows participants, attaining the age of 50, to make catch-up contributions not to exceed an annual dollar limitation in accordance with the IRC (\$7,500 for 2023). Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions.

The Employer matches 50% of the participant's contributions, not to exceed a maximum of \$2,000 for each participant. In addition, the Employer contributes non-matching contributions equal to the dollar amount left over from the benefits provided by a Government Service Contract for each applicable participant after paying for medical benefits on a monthly basis. The Employer non-matching contribution is made whether or not the employee is making contributions to the Plan and amounted to \$211,644 for the year ended December 31, 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions and Plan earnings based on participants' directed account balances.

Vesting

Participants are immediately vested in their contributions, Employer contributions, and actual earnings thereon.

Payment of Benefits

On termination of service due to retirement, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or in monthly installments of \$100 or more. On termination due to death, disability, or other reasons, a participant or the participant's designated beneficiary will receive a lump-sum distribution equal to the value of the participant's vested interest in the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments is reported in the statement of changes in net assets available for benefits and consists of the realized gains and losses and the unrealized appreciation or depreciation of these investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

Fixed annuity contracts: Valued using a discounted cash flow valuation methodology. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire portfolio compared to the minimum crediting rate, as stated in the contract, and prevailing market conditions.

Variable annuity contracts: These investments are held in separate accounts of insurance companies and consist of investments in mutual funds registered with the Securities and Exchange Commission and are valued at the net asset value at which the mutual fund shares are actively traded.

Custodial accounts: These accounts consist of mutual funds which are valued at the net asset value of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6. RISKS AND UNCERTAINTIES

Each investment fund is diversified through a portfolio containing a wide variety of investments that fit the particular investment strategy and targeted composition. Further diversification is available to participants through participation in more than one fund. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. In addition, forced liquidation due to the complete or partial termination of the Plan, although not expected at this time, may affect the estimated value of the fixed annuity contracts.

NOTE 7. INFORMATION CERTIFIED BY PLAN'S CUSTODIANS (UNAUDITED)

The Plan's investments are held and administered by the following service providers: Mutual of America Life Insurance Company (Mutual of America), The Variable Annuity Life Insurance Company (VALIC), and Oppenheimer Funds. VALIC and Mutual of America have supplied the Plan administrator with a certification as of December 31, 2023 and 2022, that the fair value and information included in the supplemental schedules for the following Plan assets are complete and accurate.

Fixed annuity contract with insurance companies	\$ 2,678,400	\$ 2,711,444
Variable annuity contracts with insurance companies	8,757,518	7,330,538
Notes receivable from participants	-	10,465

Mutual of America and VALIC also certified to the completeness and accuracy of \$1,364,467 of net appreciation in fair value of investments and \$44,254 of interest and dividend income related to the aforementioned investments for the year ended December 31, 2023.

NOTE 8. TAX STATUS OF THE PLAN

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform to the sample language provided by the IRS. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The Plan has adopted a prototype document designed by Mutual of America effective March 16, 2020, which has a determination letter dated March 2, 2020. U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
