Arizona OB/GYN Affiliates PC 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Arizona OB/GYN Affiliates PC 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year), as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Arizona OB/GYN Affiliates PC 401(k) Retirement Plan

Notes to Financial Statements December 31, 2023 and 2022

1) Summary of Significant Plan Provisions

The following description of Arizona OB/GYN Affiliates PC 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Arizona OBGYN Affiliates PC (the “Employer”) who have completed one year of service and 1,000 hours, and are age twenty one or older. Participation entry commences on the first day of each month for elective deferrals and each January 1 and July 1 for nonelective employer contributions after meeting the eligibility requirements. The Plan was established on October 1, 1980, was amended and restated effective July 1, 2022, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Employer serves as the Plan administrator.

Effective July 1, 2022, the service requirement to become eligible to participate in the Plan changed from one year of service to three months of service.

Contributions

Each year, participants may contribute pretax and after-tax Roth contributions up to the lesser of the federal statutory limits or 92% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to certain limitations under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified Plans (rollover).

The Employer makes a safe harbor nonelective contribution to the Plan annually. For the years ended December 31, 2023 and 2022, a 3% safe harbor nonelective contribution was made to non-highly compensated participants totaling \$540,571 and \$559,524, respectively.

The Employer may make a discretionary profit-sharing contribution to the Plan. For the years ended December 31, 2023 and 2022, there was a 9% discretionary profit-sharing contribution allocated to highly compensated participants that were shareholders, a 6% discretionary profit-sharing contribution allocated to shareholders that were not highly compensated, and a 3% discretionary profit-sharing contribution allocated to highly compensated participants that were not shareholders, totaling \$1,078,528 and \$870,316, respectively.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Employer’s contributions, and allocations of Plan earnings (losses). Participant accounts are also charged with an allocation of certain administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Arizona OB/GYN Affiliates PC 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

Vesting of Accounts

Participants are immediately vested in their contributions, the Employer's safe harbor nonelective contributions, and related earnings thereon. Vesting in the Employer's discretionary profit-sharing contributions portion of their accounts plus earnings thereon is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The maximum loan period is five years unless for the purchase of a principal residence. The loan interest rate, determined quarterly, is set at one percent above the prime rate, as defined. Principal and interest is paid through payroll deductions. Participants can have no more than two loans outstanding at one time.

Payment of Benefits

Benefits are payable in the event a participant ceases to be an employee of the Employer. A participant may receive the value of the vested interest in their account as a lump-sum distribution or annual installments. Participants are also allowed to withdraw from their account in the event of undue financial hardship, as defined by the Plan.

Mandatory Cash-Out

If the amount of benefits in a participant's account is \$5,000 or less (excluding rollover contributions) at the time of separation, the Plan will distribute benefits in a single lump sum payment, without consent of the participant. If the benefit exceeds \$1,000, such distributions are transferred to an individual retirement account.

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions into any of the investment options offered by the Plan. Participants may change their investment options each business day. If a participant does not make an investment election, their account will be invested in a default investment chosen by the trustee. Under certain circumstances, the Plan allows participants to direct employee and Employer contributions into self-directed brokerage accounts.

Arizona OB/GYN Affiliates PC 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

Forfeitures

Forfeitures available for allocation under the Plan are applied to restore forfeited account balances of eligible rehired employees, to pay Plan administrative expenses, or to offset Employer contributions otherwise required for the Plan year. As of December 31, 2023 and 2022, the ending balance in the forfeited, nonvested participant accounts was \$3,385 and \$4,824, respectively. In 2023, \$15,448 of forfeitures were used to pay Plan administrative expenses. In 2022, \$9,799 forfeitures were used to pay Plan administrative expenses. In 2023 and 2022, no forfeitures were used to restore account balances of rehired employees, or to offset Employer contributions.

2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

December 31, 2023 and 2022

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default in accordance with Plan provisions, the participant's loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan permits, but does not require, the Employer to pay significant costs of Plan administration. For the years ended December 31, 2023 and 2022, the Employer paid a portion of the Plan's administrative expenses, which are not reflected in the accompanying statements of changes in net assets available for benefits. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

Subsequent events were evaluated for recognition or disclosure in these financial statements through October 10, 2024, the date that the financial statements were available to be issued.

3) Investments and Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the input to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

December 31, 2023 and 2022

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: The self-directed brokerage (SDB) option is an investment option in which participants can transfer assets to an independent brokerage account and invest in investment vehicles outside of the Plan's offering of mutual funds and money market investments. Assets are valued at the daily closing price as reported by the stocks and funds held.

The following table presents investments measured at fair value by classification within the fair value hierarchy as of December 31:

2023	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 26,359,544	\$ -	\$ -	\$ 26,359,544

4) Information Prepared and Certified by the Custodian (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.1030-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Newport Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- Investments reflected on the supplemental schedule of assets held at end of year.

Notes receivable from participants and interest income on notes receivable from participants are not certified.

5) Related-Party and Party-In-Interest Transactions

Certain Plan investments are managed by the custodian, and therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. For the years ended December 31, 2023 and 2022, fees paid by the Plan for administrative expenses, such as third-party administrative fees, totaled \$82,814 and \$70,246, respectively.

6) Plan Termination

Although it has not expressed any intention to do so, the Employer may terminate the Plan for any reason, subject to the provisions of ERISA. Unless the Employer was to transfer the trust fund to another trust or fund, account balances would be distributed to participants in cash or in purchased annuities. In the event of Plan termination, participants will become 100% vested in their accounts.

Notes to Financial Statements

December 31, 2023 and 2022

7) Tax Status

The Plan is operating as a tax exempt plan under a prototype document with a nonstandardized adoption agreement. The Internal Revenue Service (IRS) has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended and restated since the date of the advisory opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management does not believe that the Plan has taken any uncertain tax positions as of December 31, 2023. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.
