INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Supreme Group Inc. 401(k) Plan
Harwinton, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Supreme Group Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) (Schedule H, Line 4i) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SUPREME GROUP INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN:

The following description of the Supreme Group Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan was established on October 1, 1999 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan was adopted under the provisions of Section 401(a) of the Internal Revenue Code ("Code") with a cash or deferred arrangement qualified under Section 401(k) of the Code. Pursuant to the requirements of Section 401(a) 27 of the Code, the Plan is also a profit sharing plan. The Plan is a defined contribution plan that covers all active full-time employees of Supreme Group Inc., Supreme Industries, Inc., Supreme Forest Products, Inc., Quantum Biopower Holdings, Inc. and Quantum Biopower Southington, LLC. Effective October 1, 2022, the Plan was amended to have a year end on December 31st. The three month period which began on October 1, 2022 and ended on December 31, 2022 was a short plan year.

The Plan is administered by the Company and third-party advised by Pension Consultants, Inc. The assets of the Plan are held and invested by Empower Trust Company, LLC ("Empower").

2. *Plan Amendments.* Effective January 1, 2023, the Plan was completely amended and restated under a new prototype plan document and adoption agreement. The Plan changed the custodian and record-keeper of the Plan from Newport Trust Company ("Newport") to Empower. All existing Plan assets were liquidated and transferred to Empower on February 23, 2023, where they were invested at the direction of the Plan participants in mutual funds and money market funds. There were no significant changes to the basic plan provisions other than required legal and regulatory updates.
3. *Contributions.* Contributions to the Plan include (i) salary reduction contributions authorized by the participants, (ii) safe harbor matching contributions made by the Company, (iii) discretionary non-elective contributions made by the Company, (iv) fixed non-elective (Davis-Bacon) contributions made by the Company and (v) rollovers from new participants from other qualified plans.

Each participant may authorize the Company to contribute into the Plan on a pre-tax basis or on an after-tax basis as Roth contributions, a percentage of their annual salary, up to the maximum amount permitted by law for each Plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Participants are eligible to participate in the elective deferral, safe harbor company match and Davis-Bacon on the first day of Plan year quarter following six months of service with the Company. Additionally, unless waived, participants are automatically enrolled in a 2% deferral of compensation election on that entry date.

Participants must be employed on the last day of the Plan year, have performed at least 1,000 hours of service during the Plan year to be eligible to participate in the discretionary non-elective company contributions.

The Company shall annually contribute and allocate to each eligible participant's account 100% of the first 4% of the participant's elective deferral contributed for the year. Additional profit sharing amounts may be contributed at the option of the Company. There were no such contributions made during the Plan year. Total participant contributions in any calendar year are limited to the applicable limit under Internal Revenue Code Section 402(g). The Plan also provides that certain limitations may be imposed on participants' contributions in order to comply with statutory requirements.

SUPREME GROUP INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (CONTINUED):

4. *Participant Accounts/Benefits.* Individual accounts are maintained for each Plan participant to reflect the participants' contributions, related matching contributions, and discretionary Company contributions. Income and loss is allocated to the participants' accounts based on the ratio of the account balances of the individual to the aggregate of all account balances within the Plan.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. *Vesting.* Participants are immediately vested in their contributions, safe harbor match and prevailing wage contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portions of their accounts plus actual earnings thereon is based on years of continuous service. A participant vests in the Company's discretionary profit sharing contributions according to the following schedule:

Less than 2 years	0%
At least 2 years, but less than 3 years	20%
At least 3 years, but less than 4 years	40%
At least 4 years, but less than 5 years	60%
At least 5 years, but less than 6 years	80%
6 years or more	100%

6. *Notes Receivable from Participants.* Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at rates that range from 2.75% to 10.50% as of December 31, 2023, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.
7. *Investment Options.* Upon enrollment in the Plan, a participant may direct employee and employer contributions in a variety of Empower mutual funds and a guaranteed investment insurance contract. Participants may change their investment options daily.
8. *Payment of Benefits.* Upon termination of employment for any reason, including death, disability or retirement, the participant or their beneficiary will receive an amount equal to the value of the participant's vested interest in his or her account. An election is made by the participant or their beneficiary as to the form of payment (direct rollover or cash payment). In the absence of an executed election form, the Plan distributes benefit amounts less than \$1,000 in cash while amounts between \$1,000 and \$5,000 shall be rolled over into an individual retirement account; amounts greater than \$5,000 remain credited to the participant's account until an election is made.
9. *Forfeited Accounts.* At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$6,774 and \$3,598, respectively. These accounts will be used to reduce future employer contributions and pay Plan expenses. During the years ended December 31, 2023 and 2022, no employer contributions were reduced from non-vested accounts.

2. SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

SUPREME GROUP INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED):

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the asset custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The Plan presents in the statement of changes in net assets available for benefits the net change in fair value for each type of investment held by the Plan, which includes gains and losses on investments bought and sold, as well as held during the year.

Plan Expenses - The Plan's administrative expenses of Empower are paid by the Plan, as provided by the Plan document. In addition, the Plan's legal expenses of Hinckley Allen and audit expenses of Nicola, Yester & Company, P.C. may also be paid by the Plan or paid in part by the Plan sponsor. Total expenses paid for the year ended December 31, 2023 were \$47,257.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - The Company has evaluated events and transactions for potential recognition of disclosure through October 15, 2024, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification 820, *Fair Value Measurements*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

SUPREME GROUP INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS (CONTINUED):

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within the hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Investments in mutual funds are valued at the net asset value of shares held by the Plan at year end using market prices on active markets (Level 1). Investments in common stocks are valued at the closing price reported on the active market on which the individual securities are traded (Level 1). Level 1 instrument valuations are obtained from real-time quotes for transactions in active exchange markets involving identical assets.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	December 31, 2023			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$10,753,780	\$ 0	\$ 0	\$10,753,780
Self-directed brokerage accounts	24,851	0	0	24,851
Total assets at fair value	<u>\$10,778,631</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$10,778,631</u>

	December 31, 2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 8,442,336	\$ 0	\$ 0	\$ 8,442,336
Self-directed brokerage accounts	23,911	0	0	23,911
Total assets at fair value	<u>\$ 8,466,247</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 8,466,247</u>

The Company's policy is to recognize transfers in and transfers out of levels as of the actual date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2023 and 2022, there were no significant transfers between levels.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS:

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower and Newport, the custodians of the Plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as December 31, 2023 and 2022 and the schedule of assets (held at end of year) for investment purposes as of December 31, 2023, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023. Included in the statement of changes in net assets available for benefits for the year ended December 31, 2023 is net appreciation in fair value of investments of \$1,333,092 and dividend income of \$334,085 which was certified by Empower and Newport.

SUPREME GROUP INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

5. GUARANTEED INVESTMENT CONTRACT:

The Plan has entered into a benefit-responsive guaranteed investment contract with Empower. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Empower is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract is a traditional investment contract. The contract value of the investment contract at December 31, 2023 and 2022 was \$11,297 and \$-0-, respectively.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with Empower. Such events include the following:

1. Amendments to the Plan documents (including complete or partial plan termination or merger with another plan).
2. Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions.
3. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan.
4. The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

SUPREME GROUP INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

7. TAX STATUS OF THE PLAN:

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

8. PARTY-IN-INTEREST AND PROHIBITED TRANSACTIONS:

The Plan's investments in mutual funds, managed by the custodians, are considered exempt party-in-interest transactions. The Plan allows participants to take loans against their account balances, which are also considered exempt party-in-interest transactions.

Certain Plan investments are managed by affiliates of Empower and Newport, the custodians, as defined by the Plan, and qualify as party-in-interest transactions. Other parties-in-interest include record-keepers and professional service firms who provide services to the Plan. Certain employees of the Company who participate in the Plan perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants are also party-in-interest transactions.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 to Form 5500:

Net assets available for benefits per the financial statements	\$ 9,193,237
Employee contributions receivable	(2,664)
Employer contributions receivable	(467,884)
Net assets available for benefits per Form 5500	<u>\$ 8,722,689</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements at December 31, 2023 to Form 5500:

Total additions per the financial statements	\$ 2,888,784
Prior year employee contributions receivable	2,664
Prior year employer contributions receivable	<u>467,884</u>
Additions per Form 5500	<u>\$ 3,359,332</u>

10. RISK AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
