Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Fresenius Kabi USA, LLC Savings and Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

To the Plan Trustees
Fresenius Kabi USA, LLC
Savings and Retirement Plan

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SAVINGS AND RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

(1) Description of Plan

The following is a description of the Fresenius Kabi USA, LLC Savings and Retirement Plan (the “Plan”). Participants should refer to the plan documents for a more complete description of the Plan’s provisions.

(a) General

The Plan is a defined contribution plan covering eligible employees of Fresenius Kabi USA, LLC (the “Company”). The Plan is administered by the Company.

Employees are eligible to participate in the Plan beginning on the first day of the first month following the date of hire with the Company. Eligible employees can participate in the Plan if they are not (i) subject to a collective bargaining agreement, (ii) a nonresident alien, or (iii) a leased employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Once eligible, the employee automatically becomes a participant in the Plan. Beginning on the date of automatic enrollment in the Plan, the participant’s compensation is reduced by 4 percent and the compensation reduction amount is treated as a before-tax contribution. This 4 percent contribution level continues until the participant elects a different percentage or elects not to participate in the Plan. A participant may elect to defer from 0 percent to 80 percent of his or her compensation, as defined, each pay period, subject to Internal Revenue Service (IRS) annual limitations. In addition, an eligible employee may make a rollover contribution from another qualified plan.

The Plan includes an automatic escalation provision for pretax deferrals. Participants who defer between 1 percent and 14 percent of compensation as a pretax deferral will see an automatic 1 percent increase to their election each January until they make an election to cancel the automatic escalation feature.

The Company makes a qualified, nonelective contribution to the Plan each pay period in the amount of 3 percent of eligible compensation. A deferral by the employee is not required in order to receive the employer contribution as the employer is making a 3 percent safe harbor contribution to the Plan.

In the event that a participant has not provided investment direction, the participant and employer contributions will be invested according to the Service and Expense Agreement between the Company and the Custodians.

(c) Investment Options

Upon enrollment, a participant may direct employee and company contributions to any of the Plan’s fund investment options. The Plan also provides a self-directed investment feature whereby participants may direct a portion of their current account balance, subject to certain restrictions, to various mutual funds, bonds, and stocks.

(d) Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of (a) the Company’s contributions and (b) the Plan’s earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

SAVINGS AND RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

(1) Description of Plan (Continued)

(e) Forfeitures

Forfeitures all relate to employer contributions prior to January 1, 2005, when such contributions were not fully vested under the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeitures are used to offset employer contributions and pay Plan expenses as allowed by the Plan document.

(f) Participant Notes Receivable

Participants may obtain notes from their account balances of a minimum of \$1,000, up to a maximum of 50 percent of their vested account balance or \$50,000, whichever is less. Such notes bear interest at fixed rates, calculated as the prime rate at the inception of the note plus 1 percent (9.50 percent and 8.50 percent at December 31, 2023 and 2022 respectively) and are due and payable in full if regular repayments cease, the participant terminates employment with the Company, or the participant dies. Participant notes receivable are secured by the participant's account. Participant notes receivable are repaid over a five-year period (or longer in cases where the note was obtained for the purchase of a principal residence), through payroll deductions. Participant notes receivable are stated at their outstanding balance, which is equivalent to amortized cost.

(g) Vesting

Participants' and qualified, nonelective employer contributions and earnings thereon are always fully vested.

(h) Benefit Payments

Benefits are payable upon normal, early, or late retirement, as defined by the plan document and upon disability, death, and termination. Participants may elect various payment options, including installment, lump-sum payments, and annuity payments. A participant may withdraw all or a portion of his or her account for hardship reasons before benefits become payable, as permitted under current tax law.

(i) Party-in-interest Transactions

Certain plan assets are invested in investment funds managed by Empower Annuity Insurance Company (EAIC) (formerly known as Prudential Retirement Insurance and Annuity Company). EAIC is one of the custodians of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

(j) Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of the Plan and ERISA. In the event of plan termination, participants are already 100 percent vested in their accounts and will be entitled to their entire account balance.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

SAVINGS AND RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

(2) Summary of Significant Accounting Policies (Continued)

(b) *Investment Valuation and Income Recognition*

Investments are stated at contract value and fair value. Investments stated at fair value are based on quoted market prices or redemption prices reported by the issuer. Redemption prices generally are based on the fair values of the fund's underlying investments. See Note 3 for additional information.

Purchases and sales of investments are recorded on the trade date. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) *Plan Assets*

Mutual Funds: Shares of mutual funds are valued at quoted prices in active markets.

Unallocated Contract: The unallocated contract is a group annuity contract with EAIC that invests in the general assets of EAIC. EAIC considers this contract to be benefit responsive and is stated at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Pooled Separate Accounts: Shares of the pooled separate accounts (PSA) are valued at the net asset value of the pooled separate accounts, which is based on the fair value of the funds' underlying net assets. There are no redemption restrictions or unfunded commitments on these investments.

Self-directed Brokerage Account: Investments within the self-directed brokerage account are valued at fair value. The fair value of the shares is based on prices in active markets. Self-directed brokerage accounts invest approximately 61 percent and 57 percent of net assets in common stocks at December 31, 2023 and 2022, respectively.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(d) *Contributions*

Contributions from participants are recognized by the Plan when withheld by the Company through payroll deductions. Contributions from the Company are recognized by the Plan in the period to which they relate.

(e) *Benefit Payments*

Benefits are recorded when paid.

(f) *Participant Notes Receivable*

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

SAVINGS AND RETIREMENT PLAN

Notes to Financial Statements

December 31, 2023 and 2022

(2) Summary of Significant Accounting Policies (Continued)

(g) *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

(h) *Administrative Expenses*

Substantially all external plan administration fees incurred in the administration of the Plan, except management fees and loan processing fees, are paid by the Company.

(i) *Subsequent Events*

The financial statements and related disclosures include evaluation of events up through and including October 10, 2024, which is the date the financial statements were available to be issued.

(3) Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2023 and 2022 and the valuation techniques used by the Plan to determine those fair values.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period. There were no transfers among the levels during the year ended December 31, 2023.

Mutual funds	\$ 301,289,228	\$ 301,289,228
Self-directed brokerage accounts	3,078,009	3,078,009

Investments measured at NAV - Pooled separate accounts	119,098,714	
Total plan investments at fair value	\$ 423,465,951	

The aggregate fair value for plan investments at December 31, 2022 was as follows:

	At December 31, 2022	Level 1
Mutual funds	\$ 251,366,238	\$ 251,366,238
Self-directed brokerage accounts	2,760,839	2,760,839
Total	\$ 254,127,077	\$ 254,127,077
Investments measured at NAV - Pooled separate accounts	86,386,337	
Total plan investments at fair value	\$ 340,513,414	

(4) Certified Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Bank & Trust, F.S.B., Empower Annuity Insurance Company and Empower Trust Company, LLC have certified the completeness and accuracy of information as of December 31, 2023 and 2022, related to investments reflected in Note 3, the investments and participant notes receivable in the statements of net assets available for benefits, investment and participant notes receivable income in the statement of changes in net assets available for benefits for the year ended December 31, 2023, and supplemental schedule of assets held at end of year. Empower Annuity Insurance Company has provided certification with regard to Empower financial products and Empower Trust Company, LLC and Prudential Bank & Trust, F.S.B. (e.g., mutual funds) has provided certification with regard to participant notes receivable and non-Empower financial products.

SAVINGS AND RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

(5) Investment Contract

The Plan has a benefit-responsive investment contract with EAIC. EAIC maintains contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single portfolio-rate approach. Under this methodology, a single interest rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semiannual basis for resetting. When establishing the interest credit rate for this product, EAIC considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. The minimum crediting interest rate allowed under the contract is 1.5 percent.

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and which require the Company to settle an amount different than contract value paid either within 90 days or over time.

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(7) Income Tax Status

The Plan uses a pre-approved plan and has received a favorable opinion letter from the Internal Revenue Service (IRS) dated December 4, 2020 stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (Code), and, therefore, the related trust is tax exempt. The Plan has not individually sought its own determination letter.
