INDEPENDENT AUDITORS' REPORT

October 15, 2024

To the Trustees of
Versatex Building Products, LLC 401(k) Plan
Aliquippa, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Versatex Building Products, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Versatex Building Products, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Versatex Building Products, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Versatex Building Products, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Versatex Building Products, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Versatex Building Products, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held at Year End and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**VERSATEX BUILDING PRODUCTS, LLC 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS**

Note 1 – Plan Description

The following description of the Plan provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Versatex Building Products, LLC (the Company) who have reached age 18 and have completed 3 months of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Participants may contribute, pre-tax, a portion of their eligible plan compensation ranging from 1% up to a maximum allowable by the plan document and in accordance with other limiting provisions of the Internal Revenue Code (IRC) and other applicable legal limits. In any calendar year in which a participant is age 50 or older, an additional "catch-up contribution" (limit to \$7,500 in 2023) may be made. The Plan also allows participants to contribute amounts representing distributions from other qualified plans.

The Plan has adopted a Safe Harbor Plan design. Accordingly, the Company provides a safe harbor contribution of 100% of the first 3% of the amount deferred by the participant plus 50% of the next 2% of the amount deferred by the participant. The Safe Harbor contribution amounted to \$342,359 for 2023.

The Company may also provide an additional discretionary profit sharing contribution. The Company made a discretionary profit sharing contribution of \$484,854 to eligible employees in 2023.

Participant Accounts – The plan administrator maintains separate participant accounts for each participant. Each participant's account is credited with their voluntary contributions, the Company's safe harbor contribution, an allocation of the Company's discretionary profit sharing contribution and plan earnings. Allocations are based on participant account balances, as defined by the Plan. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions, safe harbor contributions, and actual earnings thereon. Vesting in the discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants become fully vested upon completion of six years of continuous service.

Notes Receivable From Participants – Participants may borrow from their accounts a minimum of \$500 and a maximum equal to the lesser of 50% of their vested balance or \$50,000, reduced by the participant's highest outstanding loan balance during the prior twelve months. Loan terms range from 12 to 60 months. If the loan is for the purpose of acquiring a primary residence, the loan may be repaid over a maximum of 15 years. Interest on loans is charged at not less than the prime rate at the date of the loan plus 1%.

In the event of default, as described by the Plan, participants are considered to have received a distribution and are subject to income taxes on the distributed amount.

VERSATEX BUILDING PRODUCTS, LLC 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Note 1 – Plan Description (continued)

Payment of Benefits – Upon termination of service due to death, disability, or retirement, a participant may receive a lump-sum amount equal to the vested value of the participant's account. Normal retirement is attained at age 65. During active employment, participants may withdraw their contributions for financial hardship upon approval of the plan administrator. In-service distributions are permitted for participants who have attained the age of 35. Terminated employees receive a lump-sum amount if their account balance is less than \$5,000 but greater than \$1,000. If their account balance is greater than \$5,000, the participant must consent to receive a lump-sum distribution.

Forfeitures – Nonvested accounts are forfeited upon participants' terminations. Forfeited amounts are first applied to the restoration of participants' accounts re-employed during the plan year. Forfeited amounts may then be used to reduce future contributions made by the employer and to offset expenses incurred by the Plan. Forfeited, nonvested accounts totaled \$41,792 at December 31, 2023 and \$16,252 at December 31, 2022. Forfeitures in the amount of \$61,952 were used to reduce employer contributions and offset expenses in 2023.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Directors determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 9 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Gains and losses on the sale of investments are determined on weighted average cost which includes transaction expenses. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Contributions – Participants' elective deferrals and Company contributions are recognized as additions to Plan assets in the year designated by the participant and Company, respectively.

Investment Management Fees and Operating Expenses – Investment managements fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value if investments.

VERSATEX BUILDING PRODUCTS, LLC 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies (continued)

Administrative Expenses – Administrative expenses are paid by the Company or Plan, as provided by the plan document.

Benefit Payments – Benefits are recorded when paid.

Newly Adopted Accounting Standard - In June 2016, the Financial Accounting Standards Board (FASB) issued ASU 2016-13, "Measurement of Credit Losses on Financial Instruments," which amends guidance on the impairment of financial instruments. The new guidance estimates credit losses based on expected losses, modifies the impairment model for available-for-sale debt securities and provides a simplified accounting model for purchased financial assets with credit deterioration. In 2023, the Plan adopted the standard on a retrospective basis. The adoption of this standard had no material impact on the Plan's financial statements.

Subsequent Events – The plan administrator evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 15, 2024, the date the financial statements were approved and authorized for issue.

Note 3 – Certification of Financial Information

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Capital Bank and Trust Company, except for comparing such information certified by the custodian to information included in the Plan's financial statements. The custodian certified to the completeness and accuracy of all investment activity reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the information reflected on the supplemental schedule of assets held at end of year as of December 31, 2023.

Statements of net assets available for benefits:

	<u>2023</u>	<u>2022</u>
Investments in mutual funds	\$ 14,128,126	\$ 11,037,681
Notes receivable from participants	\$ 43,794	\$ 34,664

Statement of changes in net assets available for benefits:

	<u>2023</u>
Interest and dividend income	\$ 560,587
Interest income on notes receivable from participants	\$ 2,172
Net appreciation in fair value of investments	\$ 1,688,850

Note 4 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

NOTES TO THE FINANCIAL STATEMENTS**

Note 5 – Plan Amendment

Effective July 1, 2022, the Plan was restated to comply with Internal Revenue Service requirements. This restatement removed the discretionary matching contribution, allowed partial withdrawals for mandatory required minimum distributions, permitted rollovers from IRAs, and changed the maximum period for home loans to fifteen years.

The Plan adopted the distribution and loan provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. An amendment for these provisions was executed in December 2022.

Note 6 – Tax Status

The Plan is a non-standardized prototype plan of Walker Benefits, LLC, the third-party administrator of the Plan. Walker Benefits, LLC obtained a letter dated June 30, 2020 in which the Internal Revenue Service (IRS) stated its opinion that the form of the prototype plan of Walker Benefits, LLC is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan's tax returns for 2020, 2021, and 2022 are subject to examination by the taxing authorities, generally for three years after they were filed.

Note 7 – Related Party and Party-in-Interest Transactions

Certain plan assets are managed by the custodian. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for custodian and recordkeeping services were not significant for the year ended December 31, 2023. Other expenses paid by the Plan are investment advisor fees and third-party administration fees. Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan. The Plan has notes receivable from participants subject to specific guidelines as defined in the Plan Document.

These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

Note 8 – Risks and Uncertainties

The Plan invests in a variety of investments. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in values of investments will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 9 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability had a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 9 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total Fair Value</u>
Mutual Funds	\$ 14,128,126	\$ -	\$ -	\$ 14,128,126

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total Fair Value</u>
Mutual Funds	\$ 11,037,681	\$ -	\$ -	\$ 11,037,681

There were no significant transfers among investment levels during the years ended December 31, 2023 and 2022.
