INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants of
Solano-Napa Counties Electrical Workers Profit Sharing Plan:

Opinion

We have audited the financial statements of Solano-Napa Counties Electrical Workers Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Solano-Napa Counties Electrical Workers Profit Sharing Plan as of December 31, 2023 and 2022, and the changes in net assets available for benefits the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Solano-Napa Counties Electrical Workers Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Solano-Napa Counties Electrical Workers Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Solano-Napa Counties Electrical Workers Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Solano-Napa Counties Electrical Workers Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Solano-Napa Counties Electrical Workers Profit Sharing Plan
Notes to Financial Statements
December 31, 2023 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation, Transactions and Income Recognition

General

Investments are carried at fair value, which is determined, presented and disclosed in accordance with Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820, *Fair Value Measurements and Disclosures*. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

Level 3 - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities' own judgments and estimations, or some other pricing method using unobservable inputs.

Inputs and Valuation Methods - In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for each of the Plan's investment classes are presented below.

Mutual funds: Investments in mutual funds are carried at fair value, which generally represents reported market value as of the last business day of the year (Level 1).

Wilmington Trust Retirement and Institutional Services Company Collective Investment Trust for MetLife Group Annuity Contract Nos. 25554 and 28974 (the Wilmington Trust): The fair value of the Wilmington Trust has been estimated by the insurance company using the net asset value of the investments as a practical expedient. The Wilmington Trust invests in Metropolitan Life Insurance Company fully benefit-responsive insurance contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a 60-day redemption notice to liquidate its entire share in the Wilmington Trust. The Plan will receive the lesser of the guaranteed value or the market value when terminating this investment as an option in the Plan.

Valuation Methods, Consistency - The valuation techniques used in the accompanying financial statements have been consistently applied.

Solano-Napa Counties Electrical Workers Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

Transactions and Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Employer contributions and participant contributions due and not paid prior to the year-end are recorded as employer contributions and participant contributions receivable. Allowance for uncollectible accounts is considered unnecessary and is not provided. Contributions due as a result of payroll audits have been recorded net of an allowance equal to the amount due because collectability is uncertain. Therefore, delinquent contributions are recorded when received.

Administrative Expenses

Expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

Payment of Benefits

Pension benefits paid are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in mutual funds and a collective investment trust. Such investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Accounting Pronouncements Currently Adopted

In June 2016, the FASB issued an Accounting Standards Update ("ASU") amending the accounting for credit losses on financial statements. This methodology replaced the incurred loss methodology with the expected credit losses using a wide range of reasonable and supportable information. The amendment affects loans, debt securities, trade receivables, net investments in leases, off-balance-sheet credit exposure and other financial instruments recorded at amortized cost. The Plan adopted the new standard effect January 1, 2023, using the modified retrospective approach. Upon adoption, there was no cumulative-effect adjustment to the opening balance of net assets.

2. DESCRIPTION OF THE PLAN

General

Solano-Napa Counties Electrical Workers Profit Sharing Plan was established effective June 1, 2000, as a result of collective bargaining agreements between Local Union 180 International Brotherhood of Electrical Workers and various employer associations.

The Plan is funded by both employer and participant contributions. Employer contributions are accounted for in the non-elective employer contribution account within the Plan. In addition, participants may elect to have their employer defer a designated amount of their pre-tax compensation into the participant's account within the Plan.

Solano-Napa Counties Electrical Workers Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

The Plan is a defined contribution plan covering all employees whose employment is subject to the terms and conditions of the collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

A participant who has attained the age of 50 prior to close of the taxable year shall be eligible to make catch-up contributions in accordance with the Internal Revenue Code. The total compensation deferral may not exceed the limitations prescribed by the Internal Revenue Code and lawful regulations issued thereunder.

Eligibility

Participation in the Plan begins as of January 1 or July 1 following a twelve-consecutive month period during which a Covered Employee earns 100 Hours of Service in Covered Employment, under which the employer is required to contribute to the Plan under a collective bargaining agreement.

Participation and Vesting

Participants are fully vested in their accounts as of the first day on which they participate in the Plan. A separate account is maintained for each participant, which consists of all employer contributions and participant deferral contributions, if elected; earnings and asset appreciation (or depreciation), minus expenses allocated to such account; and any amounts distributed from such account.

Each participant's account is credited with the employer and employee contributions and allocations of earnings and administrative expenses. During the years ended December 31, 2023 and 2022, participant accounts were charged a quarterly fee of \$90 and \$60, respectively to cover administrative expenses incurred by the Plan. During the years ended December 31, 2023 and 2022, the quarterly participant deductions totaled \$275,193 and \$180,501, respectively. Allocations of earnings are based on participants' account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participant-Directed Accounts

Contributions to the Plan are invested as directed by the participant. Participants must evaluate their own investment goals and objectives and choose the funds best suited to achieve those goals and objectives. Poor investment performance by the investments selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Participants should refer to the Summary Plan Description for more information.

3. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan assets to be used for, or diverted to, purposes other than the exclusive benefit of the retirees, beneficiaries and participants. In the case of termination, benefits would be distributed to the participants and their beneficiaries as if the Plan had not been terminated.

4. TAX STATUS

The Plan obtained its latest determination letter, dated February 10, 2016, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code and was, therefore, exempt from federal income taxes under the provisions of Section 501(a). The Plan's administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

Solano-Napa Counties Electrical Workers Profit Sharing Plan
Notes to Financial Statements
December 31, 2023 and 2022

The Plan's administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. RECIPROCITY

The Plan has various reciprocity agreements in place with participating employers. In accordance with these agreements, the Plan is required to remit funds received and is entitled to receive funds from participating employers on behalf of temporary employees to and from the employees' participating labor unions. For the year ended December 31, 2023 and 2022, the Plan remitted approximately \$156,000 and \$132,000, respectively and received approximately \$1,757,000 and \$1,575,000, respectively, of reciprocal cash payments in accordance with these agreements with the participating labor unions. Reciprocal payments received are netted with payments remitted are included in employer's contributions in the statements of changes in net assets available for benefits. No allowance for credit losses as of December 31, 2023 and 2022, was necessary for reciprocal payments due to the Plan. As of December 31, 2023 and 2022, the Plan has reciprocity receivables of approximately \$82,000 and \$85,000, respectively, net of reciprocity payables of approximately \$191,000 and \$189,000, respectively.

6. FUNDING POLICY

Participating employers contribute such amounts as are specified in the Solano-Napa Counties Local Union 180 collective bargaining agreements. The employer contribution rate for the period of January 1, 2021 through May 31, 2022, was \$1.20 per hour worked. Effective June 1, 2022, the employer contribution rate remained the same at \$1.20 per hour. In addition, Plan participants can elect wage deferrals of \$1.50, \$3.00, \$4.50, \$6.00 and \$7.50 per hour, subject to certain IRS limitations. Changes to the participant elections can be made annually on June 1.

7. CASH CONCENTRATIONS

The Plan places its cash with financial institutions. The balances are insured by the Federal Deposit Insurance Corporation ("FDIC") for up to \$250,000 per institution. Cash balances regularly exceeded the insured deposit limits. Cash at December 31, 2023 and 2022, consisted of \$333,936 and \$202,709, respectively. Any loss incurred or a lack of access to such funds could have a significant adverse impact on the Plan's financial condition, results of operations and cash flows.
