BENEFIT PLAN ASSURANCE

INDEPENDENT AUDITORS REPORT

To the Plan Administrator
OpenSea Retirement Plan
Miami, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of OpenSea Retirement Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, the related statement of changes in net assets available for benefits for the period from February 1, 2023 (date of inception) to December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the period from February 1, 2023 (date of inception) to December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the period from February 1, 2023 (date of inception) to December 31, 2023, and the supplemental schedule of assets (held at end of year) as of December 31, 2023, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of OpenSea Retirement Plan ("Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution savings plan sponsored by Ozone Networks, Inc. dba OpenSea ("Company"). The Plan was established on February 1, 2023 (date of inception) and is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent laws.

Plan administration

The Company is the Plan Administrator. The Company has contracted with Fidelity Management Trust Company ("Fidelity") to serve as the trustee, and with an affiliate of Fidelity to provide recordkeeping services to the Plan.

Eligibility

Substantially all employees of the Company are eligible to participate in the Plan, except employees who are covered by a collective bargaining agreement, independent contractors, and certain non-resident aliens. Interns, part-time, temporary and seasonal employees may participate in the Plan after attaining age 21 and completing 1,000 hours of service within their eligibility computation period, as defined in the plan document.

Contributions

Participants are allowed to contribute their eligible pre-tax or after-tax (as Roth contributions) compensation, as defined by the plan document, up to the maximum annual amount allowed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, as defined in the IRC.

Newly eligible employees are automatically enrolled in the Plan at 4% of their eligible pre-tax compensation, unless they affirmatively opt out of participation or make an alternative deferral election. Participants are also allowed to make rollover contributions to the Plan from other qualified defined benefit or defined contribution retirement plans.

The Company is allowed to make matching or non-elective contributions to the Plan, on a discretionary basis; no such contributions were made for the period from February 1, 2023 (date of inception) to December 2023.

Participants direct the investment of contributions to their respective accounts into the investment options offered by the Plan.

Vesting

Participants are immediately 100% vested in their elective contributions, Company discretionary matching contributions, if any, plus earnings thereon. Participants begin to ratably vest in any Company discretionary non-elective contributions, plus earnings thereon, after 2 years of credited service and are fully vested after 6 years of credited service, as defined in the plan document. Participants are immediately 100% vested in their entire account balance in the event of death or disability, as defined in the plan document.

Participant accounts

Each participant's account is credited with the participant's contributions, any Company contributions and plan earnings. Accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance. Participants direct the investment of their account into various investment options offered by the Plan.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, disability or death. The Plan permits in-service withdrawals under certain conditions, as described in the plan document. Upon termination, participants with total vested account balances of up to $1,000 may automatically receive a lump-sum cash distributions from the Plan, unless affirmatively elected otherwise by the participant. If a participant's vested account balance is greater than $1,000, the participant may consent to either a distribution from the Plan or postpone payment to a later date and remain in the Plan, as described in the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the change therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions are separated from a participant’s pay by the Company, which is the pay date. Discretionary Company contributions are recorded in the year earned to coincide with the year the Company records the contributions in its financial statements. Rollover contributions from participants are recorded based on the date the contributions are received by the Plan.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fidelity certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain administrative expenses of the Plan were paid directly by the Company for the period from February 1, 2023 (date of inception) to December 31, 2023 and they are excluded from these financial statements. The Plan is not expected to reimburse the Company for these expenses. Investment fees, which may vary according to the individual investment options selected, are paid out of the assets of the Plan.

Subsequent events

The Plan has evaluated subsequent events through October 14, 2024, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information was certified as complete and accurate by Fidelity, the trustee, and was not subjected to any auditing procedures performed by the independent auditors:

- Investments reflected on the accompanying Statement of Net Assets Available for Benefits as of December 31, 2023.
- Net appreciation in fair value of investments, and dividend and interest income, reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the period from February 1, 2023 (date of inception) to December 31, 2023.
- Investments reflected on the Schedule of Assets (Held at End of Year).

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.
- Level 2 - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value on a recurring basis.

Mutual funds: Valued at the daily closing price as reported by the funds. The funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,115,940	$ -	$ -	$ 3,115,940
Total assets in the fair value hierarchy	$ 3,115,940	$ -	$ -	$ 3,115,940

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

6. TAX STATUS

The Plan has adopted a non-standardized pre-approved defined contribution plan document that has received an opinion letter from the Internal Revenue Service dated June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan’s tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. OPERATIONAL DEFECT

The Company failed to withhold participant deferrals on eligible earnings paid to certain participants. The Company has identified the affected participants and is in the process of depositing qualified non-elective employer contributions (“QNEC”) to the Plan to make these participants whole. QNEC are estimated to be approximately $10,000 for the year ended December 31, 2023, and are included in the financial statements as other employer corrective contributions. Participants are immediately 100% vested in any QNEC, plus earnings thereon.

8. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Company, and certain others. Certain Plan investments are managed by Fidelity or its affiliates. As such, transactions conducted by Fidelity and its affiliates, including fee offset agreements, qualify as exempt party-in-interest transactions. Also, the Company pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Fidelity retains as compensation for services provided to the Plan, any interest (or "float") on amounts earned, while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

9. PROHIBITED TRANSACTIONS

The Company failed to remit certain participant deferrals of approximately $1,244,000 within the period allowed by the DOL, which remain uncorrected as of December 31, 2023. The Company intends to make contributions to the affected participants' accounts to compensate those participants for lost earnings due to the delays.

10. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
