## Independent Auditor's Report

RSM US LLP

Participants and Board of Directors  
Tall Tree Foods, Inc. – Union 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Tall Tree Foods, Inc. – Union 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedules Required by ERISA**

The supplemental schedules, Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2023, and Schedule H, line 4i—schedule of assets (held at end of year), as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Tall Tree Foods, Inc. – Union 401(k) Plan

### Notes to Financial Statements

---

#### Note 1. Plan Description

The following description of the Tall Tree Foods, Inc. – Union 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

**General:** The Plan was established on April 1, 2021, and is a defined contribution plan that covers all union employees of KSC Foods, Inc, a subsidiary of Tall Tree Foods, Inc. (collectively, the Company). Oversight of the Plan is the responsibility of the Tall Tree Foods, Inc. – Union 401(k) Plan Committee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Eligibility:** Union employees who have attained age 18 and have completed one year of service, as defined, are eligible to participate in the Plan. Eligible employees enter the Plan on the first day of the month on or after meeting the eligibility requirements.

**Contributions:** A participant may elect to contribute a percentage of their eligible compensation, as defined by the Plan, up to the maximum allowed by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants who attain the age of 50 before the end of the year are eligible to make catch-up contributions. The Company may make discretionary matching contributions, as defined. The Company may also make additional qualified nonelective contributions, as defined. The Company made approximately \$116,000 of qualified nonelective contributions during the period ended December 31, 2023, but did not make any discretionary matching contribution during the period ended December 31, 2023. All contributions are subject to certain limitations.

**Participant accounts:** Each participant's account is credited with the participant's contributions, Company discretionary matching contributions, if any, and an allocation of Company qualified nonelective contributions, if any, plan earnings and losses, and charged with administrative expenses and investment expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

**Vesting:** Participants are immediately vested in all contributions, plus the actual earnings thereon.

**Investment options:** Upon enrollment in the Plan, participants may direct the investment of their account balances into a variety of investment options, as more fully described in the Plan's literature. Participants may change their investment options daily.

**Payment of benefits:** The full value of a participant's account balance is payable at normal retirement age, as defined, at termination of employment, or due to death. Benefits are paid in a lump sum. In-service withdrawals are also allowed at any time for hardship reasons, as defined in the Plan, and at age 59½.

#### Note 2. Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan are prepared on the accrual basis of accounting.

**Accounting estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

#### Note 2. Significant Accounting Policies (Continued)

**Investment valuation and income recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for detailed discussion of fair value measurements.

**Purchases and sales of securities are recorded on a trade-date basis.** Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

**Payment of benefits:** Benefits payments to participants are recorded when paid.

**Administrative expenses:** Expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain investment-related expenses are included in net depreciation of fair value of investments.

**Subsequent events:** During 2024, Tall Tree Foods, Inc. sold certain subsidiaries, resulting in a partial Plan termination of its retirement plan under ERISA. Affected participants are now fully vested in their accrued benefits as of the termination date. The financial impact is currently under evaluation, but no material effect on the Company's financial position is anticipated. The Plan Administrator has evaluated subsequent events through October 15, 2024, the date the financial statements were available to be issued and found no additional material items for disclosure.

#### Note 3. Information Certified and Provided by the Custodian

The following is a summary of the Plan's asset and income information as of December 31, 2023 and 2022, and for the period ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedules, Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2023, and Schedule H, line 4i—schedule of assets (held at end of year), obtained by management and agreed to or derived from information certified and provided by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodian. The Plan Administrator has obtained a certification from the custodian that information provided to the Plan Administrator by the custodian related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	2023	2022
Investments, at fair value:		
Shares of registered investment companies	\$ 246,630	\$ 153,285

The custodian also certified to the completeness and accuracy of \$27,745 of net appreciation of fair value of investments and \$4,823 of dividend income related to the aforementioned Plan assets for December 31, 2023.

#### Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

**Shares of registered investment companies:** Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

#### Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Description	2023			Total
	Level 1	Level 2	Level 3	
Shares of registered investment companies	\$ 246,630	\$ -	\$ -	\$ 246,630

  

Description	2022			Total
	Level 1	Level 2	Level 3	
Shares of registered investment companies	\$ 153,285	\$ -	\$ -	\$ 153,285

**Changes in fair value levels:** To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the period ended December 31, 2023, there were no transfers in or out of Level 3.

#### Note 5. Related-Party and Party-in-Interest Transactions

Certain plan investments are managed by Principal Trust Company, the custodian. These transactions, therefore, qualify as party-in-interest transactions. Administrative expenses paid by the Plan to the custodian were \$9,844 during the period ended December 31, 2023.

Certain employees of the Company provide administrative services to the Plan. These employees do not receive any compensation from the Plan for their services. Also, certain administrative expenses were paid by the Company on behalf of the Plan.

#### Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

#### Note 7. Tax Status

The Plan adopted a prototype nonstandardized preapproved profit-sharing plan sponsored by Principal Life Insurance Company. The preapproved plan has received an advisory letter from the IRS as to the preapproved plan's qualified status. The preapproved plan advisory letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.

#### **Note 8. Prohibited Transactions**

During the year ended December 31, 2022, the Company inadvertently deposited participant contributions that would be considered delinquent by the DOL. Therefore, contributions totaling \$150 were reported as delinquent participant contributions for years ended December 31, 2021 and 2022, amounting to \$12 and \$138, respectively, and Schedule H, line 4a—schedule of delinquent participant contributions. The Company corrected these delinquent contributions in 2024. There were no late contributions for year ended December 31, 2023.

#### **Note 9. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2023 statement of net assets available for benefits.
