INDEPENDENT AUDITORS' REPORT

To the Plan Administrators
Apogee 401(k) Plan
Chesapeake, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Apogee 401(k) Plan, an employee benefit plan subject to the Employee Retirement Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Apogee 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Apogee 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Apogee 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Apogee 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Apogee 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes at end of year as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

APOGEE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

NOTE 1 - PLAN DESCRIPTION:

The following description of the Apogee 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan established by Apogee Solutions, Inc. (the Company) under the provisions of Section 401(a) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility:

Regular employees aged 21 and over are eligible to participate on their date of hire or any date thereafter.

Contributions:

Upon becoming a member of the Plan, participants may elect to contribute up to the lesser of the legal limit established under the Internal Revenue Code or up to 100% of compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to designate all or any portion of their elective deferrals as Roth Elective Deferral Contributions. The Company will make qualified matching contributions at 100% of participant elective deferral contributions that are not over 3% of compensation, plus 50% of participant elective deferral contributions which are over 3% but not over 5% of compensation. The Company has certain employees under government contracts requiring the payment of fringe benefits. Any of the monetary benefit not used for their fringe benefits is contributed to the Plan for that employee. These amounts are not matched. The Company may also make a discretionary contribution to the Plan based on the financial status of the Company for the year. For the years ended December 31, 2023 and 2022, the Company made \$316,971 and \$304,626, respectively, in matching contributions to the Plan. No discretionary contributions were made to the Plan for the years ended December 31, 2023 and 2022.

Participant Accounts:

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, and the Plan earnings. Participant accounts are charged for certain administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The value of participant accounts will fluctuate with the market value of the securities in which the accounts are invested.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon as well as the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon.

Payment of Benefits:

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive the value of the participant's vested interest in his or her account as a lump-sum distribution. Regardless of the vesting schedule, a participant will become fully vested upon death or total and permanent disability. In-service withdrawals are allowed only from pre-tax elective deferral accounts which are fully vested for financial hardship.

APOGEE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

NOTE 1 - PLAN DESCRIPTION (Continued):

Forfeited Accounts:

Forfeitures of non-vested account balances may be used to reduce employer's contributions to the Plan. Beginning January 1, 2022, the Plan's participants are immediately vested in their contributions beginning plus actual earnings thereon as well as the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon, therefore no future forfeitures are expected. At December 31, 2023 and 2022, forfeited non-vested accounts held by the Plan totaled \$5,941 and \$5,869, respectively. During 2023 and 2022, no forfeitures were used to reduce employer's contributions to the Plan.

Administrative Expenses:

Expenses of maintaining the Plan are paid by the Plan or the Company, as directed by the plan document. Those expenses paid by the Company are excluded from these financial statements. Investment-related expenses are included in the net depreciation in fair value of investments. Expenses relating to specific participant transactions, such as distributions, are charged directly to the participant's account.

Investment Elections:

Each participant may direct their account balances into one or more of the mutual fund investment options offered by the Plan. A participant may change their allocations and may transfer all or a portion of the value of their account among the fund options at any time.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting:

The financial statements of the Plan have been prepared using the accrual method of accounting from information supplied by the Company, the Plan administrator and the Plan custodian.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. In accordance with the policy of stating investments at market value, net unrealized gains or losses are taken into income each year. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions:

Contributions from participants are recorded when the Company makes payroll deductions. Contributions receivable represent amounts not yet deposited into the participant's individual accounts.

Use of Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

APOGEE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Payment of Benefits:

Benefits are recorded when paid.

NOTE 3 - FINANCIAL REPORTING:

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator has obtained certification from Empower Annuity Insurance Company of America, LLC, the custodian, as of and for the years ended December 31, 2023 and 2022, that all of the following information relating to the Plan's investments is complete and accurate:

	2023	2022
Investments at fair value	\$ 3,294,808	\$ 2,141,558
Investments at contract value	\$ 186,616	\$ 119,484
Investment income - dividends	\$ 93,485	\$ 83,395
Net appreciation (depreciation) in fair value of investments	\$ 509,425	\$ (864,422)
Interest income on notes receivable from participants	\$ -	\$ 24

NOTE 4 - INVESTMENTS AND FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

APOGEE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

NOTE 4 - INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued):

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are used to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These investments are classified within Level 1 of the valuation hierarchy.

The Plan's investments measured at fair value on a recurring basis as of December 31, 2023 were as follows:

	<u>Assets at Fair Value as of December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds:				
Global Funds	\$ 188,358	\$ -	\$ -	\$ 188,358
Small Cap Equity Funds	481,801	-	-	481,801
Mid Cap Equity Funds	146,128	-	-	146,128

	<u>\$ 3,294,808</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,294,808</u>

The Plan's investments measured at fair value on a recurring basis as of December 31, 2022 were as follows:

	<u>Assets at Fair Value as of December 31, 2022</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds:				
Global Funds	\$ 112,681	\$ -	\$ -	\$ 112,681

	<u>\$ 2,141,558</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,141,558</u>

During 2023 and 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$509,425 and \$(864,422), respectively.

There were no transfers between Level 1 and Level 2 investments in 2023 or 2022.

APOGEE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

NOTE 5 - GROUP ANNUITY CONTRACT WITH EMPOWER ANNUITY INSURANCE CO. OF AMERICA:

The Plan is entered into a guaranteed investment contract (GIC) that is a group annuity contract, backed by the assets of the general account of Empower Annuity Insurance Company of America. This GIC, the Key Guaranteed Portfolio Fund, is considered a fully benefit-responsive investment contract and is measured, presented and disclosed at contract value within the statement of net assets available for benefits. Contract value is calculated as contributions, plus earnings, less withdrawals and administrative expenses. Participant transactions are executed using contract value without adjustment. The GIC issuer guarantees to pay a specified interest rate which is reset semi-annually on June 1 and December 1. The GIC's guaranteed crediting rate as of December 31, 2023 and 2022 was 1.23 percent and 0.93 percent, respectively, with a contract value of \$186,616 and \$119,484, respectively. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and the prevailing market conditions. The interest crediting rate is reset quarterly. This contract does have surrender charges if it is terminated by the contract holder or a plan terminates its interest in such contract within certain time periods. If the contract holder is considering terminating the contract or a plan is considering terminating its interest in such contract in the near future, contract value less surrender charges is used to determine fair value.

The Plan's ability to meet its contractual obligations to settle amounts due is dependent on the issuer, which could be impacted by economic and regulatory changes. Currently, there is no probability of the issuer not being able to fulfill its contractual obligations at contract value.

NOTE 6 - PLAN TERMINATION:

Although the Company has not expressed any intention to do so, it has the right under the terms of the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Employee Retirement Income Security Act of 1974. Upon termination of the Plan, each participant is then 100% vested in their employer contributions.

NOTE 7 - RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - TRANSACTIONS WITH PARTIES-IN-INTEREST:

At December 31, 2023 and 2022, the Plan held an interest in a guaranteed investment contract backed by the assets of the general account of the Plan custodian. During 2022, the Plan had loans to participants. The Plan paid Empower Annuity Insurance Company of America, the Plan custodian, \$12,118 and \$10,503 in fees and commissions related to administrative services for the years ended December 31, 2023 and 2022, respectively, and the Plan paid Barnes TPA & Associates, the third-party administrator, \$1,135 and \$1,500 in fees related to administrative services for the years ended December 31, 2023 and 2022, respectively. These transactions qualify as exempt party-in-interest transactions under the provisions of ERISA.

APOGEE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

NOTE 9 - TAX STATUS:

The Internal Revenue Service has determined and informed the prototype plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the prototype plan has been amended since receiving the determination letter, the Plan administrator and the prototype plan sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - SUBSEQUENT EVENTS:

Management has evaluated subsequent events through October 14, 2024 the date which the financial statements were available to be issued.

In December 2022, Congress passed the Setting Every Community Up for Retirement Enhancement 2.0 Act (SECURE 2.0 Act). Many of the provisions of the SECURE 2.0 Act are effective immediately upon passage of the law, while others will become effective in subsequent years. The SECURE 2.0 Act will have wide-reaching effects and will require significant changes to plan administration and recordkeeping.
