FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REPORT
DECEMBER 31, 2023 AND 2022

INDEPENDENT AUDITORS' REPORT

The Trustee and Participants of Aspen Products, Inc. 401(k) Plan
Kansas City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Aspen Products, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets as of December 31, 2023, is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ASPEN PRODUCTS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF THE PLAN

The following description of the Aspen Products, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all eligible employees of Aspen Products, Inc. (the "Plan Sponsor"). The Plan was established July 1, 1995. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA").

John Hancock Life Insurance Company ("John Hancock") serves as the Plan's custodian and recordkeeper. An employee serves as the Plan's trustee.

Eligibility – Employees at least 19 ½ years of age who have completed one year of service may enter the Plan on the first day of January or July after meeting the eligibility requirements. The Plan is not open to non-resident aliens or to employees covered by a collective bargaining agreement.

Contributions – Participants may contribute up to 100% of eligible compensation, as defined in the Plan Document, subject to certain Internal Revenue Code ("IRC") provisions. In addition, participants meeting certain age requirements may also make catch-up contributions.

The Company makes a safe harbor matching contribution equal to 100% of an employees' deferral amount, up to a maximum of 4% of the participant's compensation.

The Company may also make an annual discretionary profit sharing contribution. The discretionary profit sharing contribution is allocated on a pro rata basis to non-highly compensated employees based on their compensation relative to total compensation for the Plan year. For 2023, the Company did not declare a profit-sharing contribution.

Participant Accounts – Each participant's account is credited with the participant's and the Company's contributions, an allocation of the investments' earnings and losses, and is charged with the participant's withdrawals and distributions, and Plan expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants direct their investments into a variety of pooled separate accounts or a guaranteed investment contract.

Vesting – Participants' contributions and the matching safe harbor contributions are fully vested at all times. Discretionary profit sharing contributions vest in 20% increments, with 20% vesting after 2 years of service, 40% vesting after 3 years of service, and so forth. Profit sharing contributions are fully vested after 6 years of service. Employer profit sharing contributions also become fully vested in the event of death or disability of the participant, or attaining the later of 59½ years or the 5th anniversary of participating in the Plan.

Forfeitures – Forfeited balances of terminated participants' non-vested accounts are used to reduce the safe harbor contributions and to pay plan expenses. As of December 31, 2023 and 2022, there is \$0 in forfeitures. No forfeitures were used during 2023.

Payment of Benefits – Upon termination of service, the participant, or in the case of death, the participant's beneficiary, may elect to receive the vested value of the participant's account in a lump-sum or in installments. If the vested portion of the account balance is less than \$5,000, the participant's vested account balance will be automatically distributed if the participant does not elect to roll-over the balance to another qualified plan. Balances between \$1,000 and \$5,000 will be automatically rolled over to an IRA account.

In-Service Withdrawals – Certain participants may make withdrawals prior to termination of employment. Hardship withdrawals are available to Plan participants for purposes as defined by the Plan and permitted by the IRC. Hardship withdrawals are limited to the participant's account balance that is 100% vested.

Participants who have obtained the age of 59 ½ are allowed to receive a distribution of all or any portion of the vested account balance in a single lump sum payment.

Administrative Expenses – Administrative expenses are paid by the Plan or the Company, as defined in the Plan. During 2023, the Plan paid administrative expenses of \$138,133 for recordkeeping and custodial services.

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA. In the event that the Plan is terminated, participants' accounts would become fully vested at that time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest is accrued when earned.

Management fees and operating expenses charged to the Plan for investments in pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction on investment return for such investments.

Contributions – Contributions are recorded in the year that services are rendered.

Payment of Benefits – Benefit payments are reported in the year of payment.

Date of Management's Review – Subsequent events have been evaluated through October 15, 2024, which is the date the financial statements were available to be issued, and there were no material events requiring recognition or disclosure.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Pooled Separate Accounts – The investment advisors calculate a unit value (similar to a net asset value “NAV”) of a separate account. It is the sum of the market value of the underlying investments as determined by quoted market prices, less operating expenses accrued but not deducted, if any.

Guaranteed Investment Contracts – These are investments in group annuity contracts with John Hancock which guarantee a fixed interest rate. The assets are valued at fair value using the Market Value Adjustment formula. These contracts do not hold any specific assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows at December 31, 2023 and 2022:

	Fair Value Measurements Using:			
	Level 1	Level 2	Level 3	Fair Value
December 31, 2023:				
Guaranteed investment contracts	\$ -	\$ -	\$ 223,065	\$ 223,065

Sector funds				480,584
Total investments measured at net asset value				14,073,620
Investments measured at fair value				\$ 14,334,447

- (a) The pooled separate accounts are measured at fair value based on NAV per share practical expedient at December 31, 2023 and 2022. These investments have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. These investments are valued daily, may be redeemed daily without restrictions, and with no notice requirements. Additionally, there are no unfunded commitments.

The following table provides further details of Level 3 fair value measurements for the year ended December 31, 2023:

	Guaranteed Investment Contract
Beginning Balance	\$ 260,827
Total gains and losses included in changes in net assets	(308)
Earnings	2,254
Fees	(1,912)
Purchases	16,517
Sales	(54,313)
	<u>\$ 223,065</u>
The amount of total gains or losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	<u>\$ (308)</u>

The following table includes quantitative information about significant unobservable inputs used to derive the fair value of the Level 3 asset.

	12/31/2023	Principal Valuation		
Instrument	Fair Value	Technique	Unobservable Inputs	Range of rates
Guaranteed investment contract	\$ 223,065	Market Value Adjustment (Market Approach)	Composite Interest Rates New Money Crediting Rates	0.13% - 2.74% 2.85% - 3.05%

Management assesses the reasonableness of the methodology by reviewing a variety of factors including review of existing contracts, the fund investment profile and financial strength ratios, economic conditions, industry and market developments, and overall credit ratings.

4. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan provides the Guaranteed Investment Contract account, a group annuity contract by John Hancock, as an investment option for participants. The objective of this investment option is to guarantee the return of principal plus compound interest earned over a defined term backed by John Hancock. There are no specific securities in the general account that back the liabilities of this group annuity contract. John Hancock is obligated to pay interest at crediting rates, which are announced in advance and guaranteed per the terms of the contract. The investment contract is not considered fully-benefit responsive and, as such, is included in the financial statements at fair value. Fair value is calculated using the Market Value Adjustment formula specified in the group annuity contract and is based on the composite interest rates and new money crediting rates. There are no reserves against fair value for credit risk of the contract issuer or otherwise.

6. INFORMATION CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2023 and 2022, and for the year ended December 31, 2023:

- Investments, at fair value
- Net appreciation in fair value of investments
- Interest income
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. TAX STATUS

The Company adopted a Prototype Non-standardized Profit Sharing Plan with a deferral arrangement which received a favorable opinion letter from the IRS on November 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2023. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Plan investments represent pooled separate accounts and guaranteed investment contracts of John Hancock. John Hancock is a custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

The Plan pays certain fees to John Hancock to administer the Plan. These transactions qualify as party-in-interest.
