Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BAKER TILLY US, LLP**

(2) EIN: **30-1413443**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		☒	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☒ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year 560018.

Independent Auditors' Report

To the Plan Administrator of
Pension Plan for Employees of SKF USA Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pension Plan for Employees of SKF USA Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and the statement of accumulated plan benefits as of January 1, 2023, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pension Plan for Employees of SKF USA Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pension Plan for Employees of SKF USA Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pension Plan for Employees of SKF USA Inc.'s ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pension Plan for Employees of SKF USA Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pension Plan for Employees of SKF USA Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the Pension Plan for Employees of SKF USA Inc. (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit plan covering hourly and salaried employees of SKF USA Inc. (the Company) at certain plants and locations as defined in the plan document and amendments thereto.

Certain of the assets of the Plan are maintained by The Bank of New York Mellon/BNY Mellon N.A. in the SKF USA Inc. Master Trust (SKF Master Trust) and State Street Bank and Trust Company (other investments) (together, the Trustees). Independent investment advisors are responsible for investment decisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan was amended effective January 1, 2013 to exclude any new employees hired on or after January 1, 2013. A person who was a participant in the Plan on December 31, 2012 shall remain a member of the Plan on and after January 1, 2013 and will be eligible to continue to accrue vesting service and benefit service, the period in which a participant is active and accruing benefits.

The Plan was amended effective January 1, 2015 to provide immediate lump sum retirement benefits to participants upon retirement or termination.

The Plan was amended to cease benefit accruals to include the accruing of years of credited service on or after January 1, 2017 for all salaried participants. The amendment does not affect the accrual of vesting service.

The Plan was twice amended to cease benefit accruals on or after December 31, 2019 and December 31, 2021 for certain hourly participants, as defined.

Effective January 1, 2022, the Plan was amended to cease benefit accruals for employees at the Hanover and Lincoln locations, as defined.

The SKF Pension and Benefits Committee (the Committee) is responsible for oversight of the Plan. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Funding Policy

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The minimum funding requirements of ERISA were met in 2023. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Pension Benefits

Participants are entitled to annual pension benefits upon attaining certain age and service requirements as defined in the plan document. Participant benefits are fully vested after five (in some cases 10) years of service as defined in the plan document. If a participant terminates before rendering five years of service, all rights to receive benefits from the Plan are forfeited. Benefits are calculated in accordance with plan provisions and are paid by the Trustees.

Pension Plan for Employees of SKF USA Inc.

Notes to Financial Statements

December 31, 2023 and 2022

The Plan permits early retirement at ages 55 to 64 for participants with generally five (in some cases 10) or more years of credited service. Participants generally elect to receive the value of their accumulated plan benefits in the form of a life annuity (if single) or 50% qualified joint and survivor annuity (if married) upon retirement or termination. If the present value of a benefit is \$1,000 or less, the benefit will be made in one lump-sum payment.

Death and Disability Benefits

If a married participant dies on or after completion of five years of vesting service but before their annuity starting date, their surviving spouse will receive a benefit payable for life, as defined in the plan document. Any such benefit will be in addition to any automatic surviving spouse benefit provided in accordance with the plan document.

Active participants who become permanently disabled after completion of ten years of credited service are entitled to a disability benefit as defined in the plan document.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Trustees, as applicable. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan's interest in the SKF Master Trust net investment gain (loss) and net appreciation (depreciation) in fair value other investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits payments to participants are recorded upon distribution.

Pension Plan for Employees of SKF USA Inc.

Notes to Financial Statements

December 31, 2023 and 2022

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in the SKF Master Trust net investment gain (loss) and net appreciation (depreciation) in fair value in other investments in the statements of changes in net assets available for benefits.

Subsequent Events

Subsequent events were evaluated through October 11, 2024, the date the financial statements were available to be issued.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances, such as retirement, death, disability, and termination of employment, are included, to the extent they are attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2023. Had the valuation been performed as of December 31, there would be no material differences. The significant actuarial assumptions used in the valuation were:

	2023
Life expectancy of non-disabled participants	Pri-2012 Total Employee Mortality Tables (base year 2012) and projected generationally with Mortality Improvement Scale MP-2021
Life expectancy of disabled participants	Pri-2012 Total Employee Mortality Tables (base year 2012) and projected generationally with Mortality Improvement Scale MP-2021
Retirement age assumptions	55-65 Early and Normal
Investment return	6%
Discount rate	5.18%

Pension Plan for Employees of SKF USA Inc.

Notes to Financial Statements

December 31, 2023 and 2022

The assumed rate of interest used to value the present value of accumulated plan benefits changed from 2.71% to 5.18% resulting in a decrease of \$198,197,699 in actuarial present value of accumulated benefits for the year ended December 31, 2022.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

4. Interest in SKF Master Trust

The Plan has a 100% interest in the SKF Master Trust as of December 31, 2023 and 2022. The SKF Master Trust was established for the investment of assets of the Plan. The assets of the SKF Master Trust are held by The Bank of New York Mellon/BNY Mellon N.A., a Trustee. The value of the Plan's interest is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income (loss) less actual distributions and allocated administrative expenses.

The following table presents the investments and other assets and liabilities of the SKF Master Trust as of December 31, 2023 and 2022:

	2023	2022
Investments at fair value		
Short-term investments	\$ 11,832,530	\$ 34,370,905

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table presents the Plan's interest in Level 3 financial instruments held in the SKF Master Trust, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2023 and 2022, the significant unobservable inputs and the quantitative information about those inputs.

Instrument	Fair Value December 31, 2023	Fair Value December 31, 2022	Principal Valuation Technique	Significant Unobservable Inputs	Quantitative Information About Significant Unobservable Inputs

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Pension Plan for Employees of SKF USA Inc.

Notes to Financial Statements

December 31, 2023 and 2022

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Short-term investments: Consist of funds valued at the quoted NAV of shares held by the SKF Master Trust at year-end.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Preferred stocks: Valued based on other observable inputs principally from and corroborated by observable market data by correlation or other means.

Common collective trusts: Valued based on the NAV of unit values at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The bond fund is a Level 2 investment, valued at a daily calculated unit value, an observable input, but not traded in an active market or exchange.

Government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

Corporate debt obligations: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote if available.

Alternative investments: The private equity funds' are valued based on the current market values of the underlying assets reported by the investment advisor using audited financial statements of the funds at year-end using NAV of shares held. These funds are classified as Level 3 in the fair value hierarchy.

6. Information Certified by Trustees

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2023 and 2022. Accordingly, The Bank of New York Mellon/BNY Mellon N.A. and State Street Bank and Trust Company, the Trustees of the Plan, have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023 and 2022, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2023 and 2022.

7. Related-Party and Party in Interest Transactions

The Plan's investments are administered under a contract with The Bank of New York Mellon/BNY Mellon N.A. and State Street Bank and Trust Company, the Trustees of the Plan. Contributions are held and managed by the Trustees, who invests cash received, interest and dividend income and makes distributions to participants. These transactions are party in interest transactions under ERISA.

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. These transactions are party in interest transactions under ERISA.

8. Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

December 31, 2023 and 2022

9. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated December 5, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

10. Risks and Uncertainties

The Plan invests in the SKF Master Trust and in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Vesting Service

For (1) salaried employees, (2) hourly employees from the Hanover location within SKF's bearings division, and (3) hourly employees from the Warehouse and Seneca locations within SKF's Chicago Rawhide division, all periods of time from the date on which a person first performs an Hour of Service to such person's Severance from Service Date, measured in years and completed months. Non-successive periods of Vesting Service and less than whole year periods of Vesting Service shall be aggregated on the basis that 365 days of Vesting Service equals one whole year of Vesting Service, 30 days of Vesting Service equals one month of Vesting Service, and any remaining period of 15 to 30 days of Vesting Service equals one month of Vesting Service (any remaining period of less than 15 days shall be disregarded). If a person quits, is discharged, or retires and then performs an Hour of Service within 12 months after his Severance from Service Date (or if earlier, his or her date of first absence), the Period of Severance shall be included in Vesting Service. Also, Vesting Service shall not be considered interrupted by, and shall include (1) any period of US armed-forces military service (provided he or she returns to employment within the time and under the conditions which entitle him or her to re-employment rights), (2) any period covered by an Authorized Leave of Absence (limited to one year for hourly employees from Seneca), and (3) any period of temporary layoff, provided he or she returns when recalled (limited to three years for hourly employees from Hanover, limited to one year for hourly employees from Seneca, and limited to zero years for hourly employees from Warehouse).

For hourly employees from the MRC location within SKF's bearings division, Vesting Service shall not be determined under the elapsed-time method described above, but instead shall be determined in accordance with the hours-of-service method set forth in the prior MRC pension plan.

For covered hourly employees from the Elgin location within SKF's Chicago Rawhide division, the number of Plan Years credited with 1,000 or more Hours of Service, including (1) any period of US armed-forces military service (provided he or she returns to employment within the time and under the conditions which entitle him or her to re-employment rights), (2) any period covered by an Authorized Leave of Absence, provided he or she returns to employment at the end of such absence, and (3) any period of temporary layoff, provided he or she returns when recalled or during the time period authorized.

There are special historical provisions for certain specific groups of former employees which we have not summarized.

Benefit Service

For (1) salaried employees, (2) hourly employees from the Hanover location within SKF's bearings division, and (3) hourly employees from the Warehouse and Seneca locations within SKF's Chicago Rawhide division, all periods of time from the date on which a person first performs an Hour of Service (or, in the case of salaried employees from the MRC location within SKF's bearings division, no earlier than July 25, 1986) to such person's Severance from Service Date, measured in years and completed months. Non-successive periods of Benefit Service and less than whole year periods of Benefit Service shall be aggregated on the basis that 365 days of Benefit Service equals one whole year of Benefit Service, 30 days of Benefit Service equals one month of Benefit Service, and any remaining period of 15 to 30 days of Benefit Service equals one month of Benefit Service (any remaining period of less than 15 days shall be disregarded). Benefit Service shall not be considered interrupted by, and shall include (1) any period of US armed-forces military service (provided he or she returns to employment within the time and under the conditions which entitle him or her to re-employment rights), (2) any period covered by an Authorized Leave of Absence (limited to one year for hourly employees from Seneca), and (3) any period of temporary layoff, provided he or she returns when recalled (limited to three years for hourly employees from Hanover, limited to one year for hourly employees from Seneca, and limited to zero years for hourly employees from Warehouse). Also, Benefit Service shall exclude (1) periods of service with respect to which a lump sum distribution of the entire present value was received, and (2) periods of service as a common law employee for an Affiliated Employer or for an Employer as other than an Employee (if not retiring from current location).

Pension Plan for Employees of SKF USA Inc.

EIN/PN: 23-1043740 / 001

Schedule SB, Part V – Summary of Plan Provisions – SKF

For hourly employees from the MRC location within SKF's bearings division, Benefit Service shall not be determined under the elapsed-time method described above, but instead shall be determined in accordance with the hours-of-service method set forth in the prior MRC pension plan. Also, the accrued benefit formula for these employees is based on two different types of service: (1) all service (including service earned before July 25, 1986), and (2) service earned before July 25, 1986.

For covered hourly employees from the Elgin location within SKF's Chicago Rawhide division, the number of Plan Years credited with 1,000 or more Hours of Service, including (1) any period of US armed-forces military service (provided he or she returns to employment within the time and under the conditions which entitle him or her to re-employment rights), (2) any period covered by an Authorized Leave of Absence, provided he or she returns to employment at the end of such absence, and (3) any period of temporary layoff, provided he or she returns when recalled or during the time period authorized.

There are special historical provisions for certain specific groups of former employees which we have not summarized.

Pensionable Earnings

For salaried employees, total cash compensation (including base salary, commissions, overtime & night shift premiums, and bonuses), plus elective 401(k)/125 contributions and 132(f)(4) fringe benefits, minus all of the following:

- (a) Expense allowances and reimbursements (e.g., auto),
- (b) Reimbursements and allowances for relocation,
- (c) Taxable fringe benefits (e.g., life insurance premiums),
- (d) Cash compensation paid in lieu of specific fringe benefits,
- (e) Payments under LTI or deferred compensation plans, and
- (f) Any other extraordinary payments to HCEs.

For covered hourly employees from the Elgin location within Chicago Rawhide, annual rate of compensation in effect two months prior to an employee's anniversary (January 1 if benefit service began between July 2 and January 1, otherwise July 1).

Final Average Earnings

For salaried employees, average of pensionable earnings received during the five calendar years out of the ten calendar years immediately preceding or ending with termination during which total pensionable earnings were the greatest. If a participant has not completed five or ten calendar years, his or her actual period of employment shall be substituted for such period.

For covered hourly employees from the Elgin location within SKF's Chicago Rawhide division, average of pensionable earnings for the five consecutive anniversaries out of the ten anniversaries immediately preceding or ending with termination during which total pensionable earnings were the greatest. If a participant has not completed five or ten anniversaries, his or her actual period of employment shall be substituted for such period. Also, after an employee reaches age 55, his or her final average earnings shall not be less than the applicable pensionable earnings for the anniversary immediately preceding his or her 55th birthday.

Accrued Benefit

For salaried employees from the Chicago Rawhide division who were hired before April 1, 2007:

- (a) 1.64% of final average earnings multiplied by projected service at normal retirement date (≤ 30), multiplied by
- (b) a fraction (≤ 1), the numerator of which is service at termination and the denominator of which is projected service at normal retirement date, the result reduced by
- (c) the actuarially equivalent benefit payable from Colt Industries for service from January 1, 1982 to November 1, 1983, the overall result of which cannot be less than
- (d) the December 31, 1990 prior-formula accrued benefit.

Schedule SB, Part V – Summary of Plan Provisions – SKF

For all other salaried employees, the greater of 1.25% of final average earnings or \$210 multiplied by benefit service.

For hourly employees from Hanover within SKF's bearings division, \$672 multiplied by benefit service.

For hourly employees from MRC within SKF's bearings division, the sum of (1) \$540 multiplied by benefit service, and (2) \$240 multiplied by benefit service earned before July 25, 1986.

For Warehouse hourly employees with Chicago Rawhide whose status of last employment was Warehouse, \$120 multiplied by benefit service.

For Seneca hourly employees within SKF's Chicago Rawhide division, \$276 (\$312 for retirements or terminations on or after January 1, 2017) multiplied by benefit service.

For covered Elgin hourly employees within Chicago Rawhide:

- (a) 40% of final average earnings, minus \$360, plus
- (b) \$24 multiplied by benefit service in excess of 30 years, disregarding any fraction of a year, the sum multiplied by
- (c) a fraction, the numerator of which is projected benefit service at normal retirement date (≤ 15 years) and the denominator of which is 15, the result then multiplied by
- (d) another fraction, the numerator of which is benefit service at termination and the denominator of which is projected benefit service at normal retirement date.

Normal Retirement

Eligibility

Generally, the later of (1) the last day of the month in which a participant attains age 65, or (2) the last day of the month in which a participant celebrates his or her fifth anniversary of plan participation.

For covered Elgin hourly employees within Chicago Rawhide, the later of (1) the participant's 65th birthday, or (2) the fifth anniversary of the date he became a participant. A fractional payment is made for the month in which the pension commences. Subsequent payments are made monthly thereafter on the first day of each month.

Amount of Benefit

Accrued benefit based on benefit service and pensionable earnings through normal retirement date.

Early Retirement

Eligibility

Salaried employees from Chicago Rawhide hired before April 1, 2007 become eligible for early retirement upon attaining age 55 and completing five years of vesting service. All other salaried employees become eligible for voluntary early retirement upon the earlier of (1) attainment of age 55 and completion of five years of benefit service, or (2) if hired prior to May 14, 2001 completion of 30 years of benefit service that included benefit service completed prior to May 14, 2001. All other salaried employees are eligible for an involuntary early retirement benefit if their employment ceases by reason of involuntary termination and they had attained age 45 as of the termination date and completed 20 years of benefit service that includes benefit service completed prior to May 14, 2001.

Hourly Hanover employees become early-retirement eligible upon the earlier of (1) age 55 & ten years of benefit service or (2) 30 years of benefit service.

Hourly MRC employees become early-retirement eligible upon the earliest of (1) age 55 & ten years of benefit service, (2) age 62 & ten years of benefit service, (3) age 60 & 90 age-plus-benefit-service points (unreduced benefit), or (4) 86 age-plus-benefit-service points. There are also special shutdown eligibility provisions which we have not summarized.

Hourly Warehouse employees become early-retirement eligible upon attaining age 55 and completing ten years of vesting service. Hourly Seneca employees become early-retirement eligible upon attaining age 60 and completing ten years of vesting service.

Schedule SB, Part V – Summary of Plan Provisions – SKF

Covered hourly Elgin employees become early-retirement eligible upon the earliest of (1) the later of age 55 or ten years of vesting service, (2) 30 years of benefit service, or (3) attained age (in full years) plus benefit service (in full years) totals 90 or more.

There are special historical provisions for certain specific groups of former employees which we have not summarized.

Amount of Benefit

Salaried employees from Chicago Rawhide hired before April 1, 2007 receive their accrued benefit reduced by $(1/180^{\text{th}})$ for each month that commencement precedes 65 (to 60) and by another $(1/300^{\text{th}})$ for each month that commencement precedes 60, unless they retire on or after having attained age 62, in which case the accrued benefit is only reduced by $(1/300^{\text{th}})$ for each month that commencement precedes age 65.

All other salaried employees receive their accrued benefit without reduction if they satisfy either the involuntary or “30 and out” voluntary eligibility requirements. Otherwise, they receive their accrued benefit reduced by $(1/180^{\text{th}})$ for each month that commencement precedes 65 (to 60) and by another $(1/360^{\text{th}})$ for each month that commencement precedes 60.

In addition, upon retirement (early, late or normal), all salaried employees are eligible for a special lump sum benefit based on attained age (in full years) at retirement:

Age	Amount	Age	Amount	Age	Amount	Age	Amount
<55	\$500	57	\$850	60	\$1,050	63	\$1,300
55	750	58	900	61	1,125	64	1,400
56	800	59	975	62	1,200	65+	1,500

Hourly Hanover employees receive their accrued benefit without reduction if they’ve satisfied “30 and out” requirements. Otherwise, their accrued benefit is reduced similarly to salaried employees who aren’t CR salaried employees hired before April 1, 2007.

Hourly MRC employees receive their accrued benefit without reduction if they’ve satisfied the “62/10”, “Rule of 90” or “Rule of 86” eligibility requirements. Such employees are also eligible for an additional temporary monthly benefit payable until age 62 such that the total monthly benefit until age 62 (or until the participant is qualified to receive social security benefits, whichever is earlier) including both the unreduced lifetime benefit payable from the SKF plan and the benefit payable from the TRW pension plan equals \$2,400. Other eligible MRC hourly employees receive their accrued benefit reduced for commencement prior to age 62 as follows:

Age	Reduction Factor
61	0.921
60	0.851
59	0.788
58	0.731
57	0.681
56	0.635
55	0.593

Hourly Warehouse employees receive their accrued benefit reduced by $(1/180^{\text{th}})$ for each month commencement precedes 65 (to 60) and by another $(1/300^{\text{th}})$ for each month commencement precedes 60 (unless they retire on or after having attained age 62, in which case the accrued benefit is only reduced by $(1/300^{\text{th}})$ for each month that commencement precedes age 65. Hourly Seneca employees receive their accrued benefit reduced by $(1/180^{\text{th}})$ for each month that benefit commencement precedes 65.

Covered hourly Elgin employees receive their accrued benefit without reduction if they’ve satisfied either the “30 and out” or “rule of 90” eligibility requirements. Otherwise, they receive their accrued benefit reduced similarly to hourly Warehouse employees.

EIN/PN: 23-1043740 / 001

Schedule SB, Part V – Summary of Plan Provisions – SKF

Late Retirement

Eligibility

Any time after normal retirement.

Amount of Benefit

Accrued benefit based on benefit service and pensionable earnings through late retirement.

Deferred Vested

Eligibility

Completion of five years of vesting service.

Amount of Benefit

Accrued benefit based on benefit service and pensionable earnings through termination date. Participants who satisfy the service conditions for early retirement are eligible to retire early with the same reduction factors as for early retirements from active status.

Disability

Eligibility

Total and permanent disability that happened while employed and has continued for six consecutive months. Differing exclusions apply depending on location. In addition, disabled participants at all divisions/locations except for Elgin hourly must have completed ten years of benefit service (vesting service for non-Elgin Chicago Rawhide employees).

Amount of Benefit

For salaried employees from SKF's Chicago Rawhide division hired before April 1, 2007, the accrued benefit based on benefit service to retirement date (reduced if early retirement elected). Benefit commences at retirement date & ceases upon earliest of (1) death, (2) recovery from total/permanent disability, or (3) attainment of normal retirement eligibility (at which time the normal retirement benefit (based on benefit service to retirement date) commences).

For all other salaried employees, and for Hanover hourly employees, the greater of the accrued benefit based on benefit service to retirement date (without reduction) or a minimum annual amount (\$2,100 for all other salaried employees and \$1,800 for Hanover hourly employees). Benefit commences at the participant's retirement date and ceases upon the earliest of (1) recovery from total/permanent disability, (2) attainment of normal retirement eligibility (at which time the normal retirement benefit (based on benefit service to retirement date) commences), or (3) death.

For MRC hourly employees, an annual amount equal to \$2,700, reduced by any comparable benefits provided under the TRW pension plan. Benefit commences after 13th week of disability or, if later, after group sickness or accident insurance or similar governmental plan coverage ends. Benefit ceases upon the earliest of (1) recovery from total/permanent disability, (2) attainment of normal retirement eligibility (at which time the greater of \$2,700 or the normal retirement benefit (based on benefit service to retirement date and the benefit formula in effect six months after such date) commences), or (3) death.

For Elgin and Warehouse hourly employees, the accrued benefit based on benefit service to retirement date (reduced for early retirement). For Seneca hourly employees, the accrued benefit based on benefit service to retirement date (without reduction). In either case, the benefit commences at the participant's retirement date and ceases upon the earliest of (1) recovery from total/permanent disability, (2) attainment of normal retirement eligibility (at which time the normal retirement benefit (based on benefit service to retirement date) commences), or (3) death.

Schedule SB, Part V – Summary of Plan Provisions – SKF

Death

Eligibility

Generally, death after having completed five years of vesting service, and after having been married throughout the preceding one-year period. Elgin hourly and Seneca hourly employees do not have to have been married throughout the preceding one-year period. Elgin hourly employees also do not have to have completed five years of vesting service. And salaried employees (other than salaried employees from SKF's Chicago Rawhide division hired before April 1, 2007) who have completed 15 years of benefit service are eligible for a more generous pre-retirement death benefit.

Benefit on or after earliest retirement date

Amount that would have been paid to a surviving spouse had the deceased participant retired with an immediate QJSA on the day before death. (Chicago Rawhide salaried participants and MRC hourly participants can elect a later commencement date, but no later than the participant's normal retirement date.)

Salaried employees (other than salaried employees from SKF's Chicago Rawhide division hired before April 1, 2007) who satisfy the more restrictive eligibility requirements described above are also eligible to receive (1) the greater of \$1,200 or 50% of the deceased participant's accrued benefit (without reduction) before the surviving spouse attains age 60, and (2) the greater of \$600 or 50% of the deceased participant's accrued benefit (without reduction) reduced by 50% of the applicable Social Security widow/widower's benefit on or after the surviving spouse attains age 60. The \$1,200 and \$600 respective minimum amounts are prorated for former TRW pension plan participants to reflect the portion of vesting service which reflects service for SKF.

Supplemental "Medicare" Benefit

Eligibility

MRC hourly participants hired after 1977 who (1) retire and (2) are eligible to receive postretirement medical benefits.

Amount of Benefit

\$1,200 annual lifetime benefit commencing at attainment of age 62.

Form of Benefits

Automatic form for unmarried participants

Ten-year certain-and life annuity for Elgin hourly participants. Single life annuity for all other participants.

Automatic form for married participants

60% joint-and-survivor annuity for MRC hourly participants. 50% joint-and-survivor annuity for all other participants.

Optional forms

For salaried employees from SKF's Chicago Rawhide division hired before April 1, 2007, a 10-year C&C annuity option, a 66-2/3% joint-and-last-survivor annuity option and 75%/100% joint-and-surviving-spouse-annuity options.

For all other salaried employees, and for hourly employees from SKF's bearings division (excluding MRC hourly employees), a single life annuity option and 50%/75%/100% contingent-annuitant options. (Certain former TRW pension plan participants are also eligible to receive a 10-year C&C option, a 25% contingent-annuitant option and a lump-sum option.)

For MRC hourly employees, a 75% joint-and-surviving-spouse-annuity option.

Effective December 31, 2016 all accrued benefits were frozen.

Normal retirement

Eligibility

Age 65.

Benefit

Monthly benefit for life equal to one-twelfth of the sum of (a) and (b):

(a) The larger of

- (i) 1% of average compensation plus 0.58% of average compensation in excess of covered compensation, multiplied by years of service (to a maximum of 30 years).
- (ii) Frozen benefit on January 31, 1995, equal to 30% of average compensation amount (reduced by one twenty-fifth (1/25th) for each year of service less than 25 years).

(b) The prior plan benefits.

The accrued benefit for any participant will not be less than the benefit that had accrued as of December 31, 1991, based on the prior plan formula.

Early retirement

Eligibility

Age 55 with 10 years of service.

Benefit

If benefit (a)(i) applies, the benefit accrued on average compensation, covered compensation, and years of service as of the actual retirement date. If benefit (a)(ii) applies, the normal retirement benefit that would have accrued if active service had continued to normal retirement date, multiplied by the ratio of service to termination to the service that would have existed at normal retirement.

The benefit is reduced if payments start prior to age 65. The reductions are 5/12% for each month before age 65. The prior plan benefit is reduced by 5/9% for each of the first 60 months and 5/18% for each of the next 60 months. Prior plan benefits set forth in Appendix "A" of the plan document are unreduced if the participant is age 60 and has completed 30 years of service.

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Funding and accounting assumptions selection and rationale

Actuarial Standard of Practice No. 27 ("ASOP 27") provides guidance to actuaries when selecting or advising plan sponsors to select economic assumptions for measuring pension obligations. Actuarial Standard of Practice No. 35 ("ASOP 35") provides guidance to actuaries when selecting or advising plan sponsors to select demographic and other noneconomic assumptions for measuring pension obligations. Under these ASOPs, for each assumption that has a significant effect on the measurement that is not prescribed by law or regulation and that the actuary has selected or advised the plan sponsor to select, the actuary should disclose the information and analysis that led the actuary to select or advise the plan sponsor to select the assumption for the purpose of the measurement. For any assumption that the plan sponsor selected without the actuary's advice, the ASOPs require the actuary to disclose the information and analysis used to support the actuary's determination that the assumption does not significantly conflict with what, in the actuary's professional judgment, is reasonable for the purpose of the measurement.

For funding, the actuary selected the expected return on plan assets and the retirement rates, withdrawal rates, marriage assumptions, and frequency of optional payment forms. The expected asset return assumption was determined as described in the Asset Valuation Method section of Appendix A. The assumed retirement rates, withdrawal rates, marriage assumptions, and optional payment form frequency were based on an experience study performed in 2020 and are reasonable given historic gain and loss experience of the plan.

Use of Models

Actuarial Standard of Practice No. 56 ("ASOP 56") provides guidance to actuaries when performing actuarial services with respect to designing, developing, selecting, modifying, using, reviewing, or evaluating models. Buck uses third-party software in the performance of annual actuarial valuations and projections. The model is intended to calculate the liabilities associated with the provisions of the plan using data and assumptions as of the measurement date under the funding rules and/or accounting standards specified in this report. Further, the model applies those funding rules and/or accounting standards to the liabilities derived and other inputs, such as plan assets and contributions, to generate many of the exhibits found in this report. Buck has an extensive review process whereby the results of the liability calculations are checked using detailed sample output, changes from year to year are summarized by source, and significant deviations from expectations are investigated. Other funding and/or accounting outputs are similarly reviewed in detail and at a high level for accuracy, reasonability and consistency with prior results. Buck also reviews the model when significant changes are made to the software. The review is performed by experts within the company who are familiar with applicable funding and/or accounting rules as well as the manner in which the model generates its output.

Future actuarial measurements

Future actuarial measurements may differ significantly from current measurements due to plan experience differing from that anticipated by the actuarial assumptions, changes expected as part of the natural operation of the methodology used for these measurements, and changes in plan provisions, applicable law or regulations. An analysis of the potential range of such future differences is beyond the scope of this report. However, in accordance with ASOP 51, an assessment of risks for the plan was performed.

Second Segment Rate	3.09%	2.68%
Third Segment Rate	3.58%	3.36%
Effective Interest Rate	3.18%	2.88%

* Used for minimum funding and benefit restriction purposes.

**Used for maximum tax-deduction, PBGC Premium Funding Target, and ERISA 4010 reporting purposes.

The interest rates used for funding purposes are the Segment Rates with 4-month lookback, constrained in accordance with relevant legislation.

Mortality

Mortality tables mandated by applicable law and regulation as specified in IRS Regulation 1.430(h)(3)-1, as amended in IRS Notice 2022-22, applied on a fully generational basis using MP-2021.

Actuarial cost method

The funding Target is the present value of accrued benefits based on compensation and service to date. The Target Normal cost is the present value of benefits expected to be accrued during the current plan year, reflecting the effect of expected compensation increases during the year and including expected plan related expenses to be paid from plan assets during the year.

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods (continued)

Non-Prescribed Funding/PBGC Assumptions and Methods

Based on the results of an experience study completed during 2020, the following assumptions were selected by the plan's enrolled actuary. The asset valuation method was selected by the plan sponsor with the actuary's advice and is an acceptable method under PPA.

Frequency of optional payment forms

- SKF

55% of active participants are assumed to elect a full lump sum form of payment, 25% are assumed to elect a single life annuity and 20% are assumed to elect a 100% J&S annuity.

- Lincoln and Legacy Kaydon plans

For all other plan participants, 55% of active participants are assumed to elect a single life annuity and 45% are assumed to elect a 100% J&S annuity.

Marital percentage

80% of male participants and 50% of female participants are assumed to be married with husbands assumed to be 3 years older than their wives.

Lump Sum conversion

Lump sums are converted by applying annuity substitution principles using the funding interest rates and the 2022 Applicable Mortality Table prescribed under Section 417(e)(3)(B) of the Code.

Expenses

Expected plan related expenses of \$5,926,000 were added to the Target Normal Cost.

Asset valuation method

The Actuarial Value of Assets is market value as of the valuation date, including the discounted value of accrued contributions, reduced by 2/3 of the gain/(loss) for the immediately preceding plan year and reduced by 1/3 of the gain/(loss) for the plan year before that. The gain/(loss) for each period is determined as the actual return on market value during the period less the expected return on market value based on an assumed earnings rate chosen by the actuary but required by current law and regulation to be not greater than the applicable third Segment Rate. The resulting value is constrained to be within a corridor of 90% to 110% of market value, including discounted receivable contributions.
