INDEPENDENT AUDITOR'S REPORT

The Administrative Committee
The Adirondack Trust Company
Employee Stock Ownership Plan

Opinion

We audited the accompanying financial statements of The Adirondack Trust Company Employee Stock Ownership Plan (the 'Plan'), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Adirondack Trust Company Employee Stock Ownership Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations and Disclosure under ERISA.

NOTE 1 — PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following brief description of The Adirondack Trust Company Employee Stock Ownership Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Adirondack Trust Company (Company) established The Adirondack Trust Company Employee Stock Ownership Plan (Plan) effective as of January 1, 1977. Effective January 1, 2016, the Plan was amended and operates, in relevant part, as an employee stock ownership plan (ESOP) and a 401(k) Plan, and is designed to comply with the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions for the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by an Employee Benefits Administration Committee comprising up to five persons appointed by The Adirondack Trust Company's Board of Directors.

Employees of the Company are eligible to participate in the ESOP portion of the Plan after one year of service providing they worked at least 1,000 hours during such plan year and have attained age 21. Employees of the Company are eligible to participate in the 401(k) portion of the Plan after three months of service.

Contributions

The amount of the employer contribution for the ESOP portion of the Plan is discretionary and is determined annually by the Board of Directors of The Adirondack Trust Company.

Plan participants that have completed three months of service and are not eligible to participate in The Adirondack Trust Company Pension Plan are eligible to receive a matching Employer contribution for the 401(k) portion of the Plan. Company matching contributions equal up to 100% of each participant's deferred compensation with a maximum of 3% of eligible compensation.

Participants have the option to defer their eligible compensation up to the maximum amount allowable to the 401(k) portion of the Plan. The option features an automatic enrollment feature with a pretax salary deferral of 3%. Contributions are automatically invested into a designated mutual fund until changed by the participant. Participants have the option to elect increased salary deferrals and the option to designate deferrals as Roth contributions on an after tax basis. Participants are permitted to make rollover contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. After 10 years of service and attaining the age of 55, a participant has the right to direct the investment, or elect a distribution, of a portion of their ESOP account attributable to company stock. Participants may diversify the 401(k) portion of their account regardless of age or years of service into certain mutual funds.

NOTE 1 — PLAN DESCRIPTION AND BASIS OF PRESENTATION (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) Employer's contribution (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts. Generally, the Employer's contribution and any forfeitures are allocated to each eligible participant in proportion to compensation. Investment earnings or losses (including net appreciation or depreciation) are allocated on the basis of the participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

For the years ended December 31, 2023 and 2022, all available assets were allocated to participant accounts except for $422,853 of dividends in 2023 and $406,747 of dividends in 2022.

Vesting

Participants are immediately vested in their contributions and employer matching contributions plus actual earnings thereon. Participants are vested in employer discretionary contributions based on years of service with the Company. A participant is 100% vested after five years of credited service. Participants who reach their normal retirement age, generally age 65, will become fully vested.

Forfeited Accounts

Forfeitures are created when a participant terminates employment prior to becoming fully vested. If, after five years, the participant does not rejoin the plan, the forfeited amount is reallocated to eligible participants in the same way as employer contributions are allocated. At December 31, 2023 and 2022 forfeitures reallocated to participants totaled $36,854 and $29,939, respectively.

Payment of Dividends

Employees who are vested may elect to receive The Adirondack Trust Company and 473 Broadway Holding Corporation dividends earned as a distribution. This election will reduce the participant's amount available at retirement.

Voting Rights

Participants are entitled to exercise voting rights attributable to the shares of The Adirondack Trust Company stock allocated to their account. If a participant does not timely exercise the right to vote Company stock, the trustee will vote such Company stock.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of the participant's vested account balance. The notes are secured by the participant's vested account balance and bear interest rates as determined by the Plan's administrator by reviewing the interest rate charged for similar types of notes by other lenders. In general, the terms of the note may not exceed five years and are required to be paid by payroll deductions or automated clearing house system for electronic funds transfer (ACH).

NOTE 1 — PLAN DESCRIPTION AND BASIS OF PRESENTATION (Continued)

Payment of Benefits

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), after attainment of age 55 if the participant is fully vested, or under the prescribed circumstances in the event of financial hardship.

Under the distribution policy, unless otherwise elected, distributions to a participant or a participant's beneficiary attributable to employer securities shall be payable in a lump sum for accounts not exceeding $325,000 or in substantially equal annual installments not longer than five years for accounts exceeding $325,000.

Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, no further contributions will be made to the Plan and all amounts credited to participant's accounts will become 100% vested. The interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code.

Put Option

Under provisions of the Plan a participant or beneficiary will have two put options. The put options are rights to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair value of the stock. The Company can pay in cash or in installments over a period of five years or in some cases not in excess of ten years.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

Concentrations of Credit Risk

Financial instruments which potentially subject the Plan to concentrations of credit risk include cash and cash equivalents. In some instances, such cash and cash equivalents investments may be in excess of the FDIC insurance limit. The Plan has not experienced and does not expect to experience any losses on its deposits.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments held in the Plan are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Dividend income is recorded on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as service fees when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants during 2023.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan Administrator has evaluated subsequent events through October 11, 2024 the date the financial statements were available to be issued.

NOTE 3 — TAX STATUS

The IRS has determined and informed the Plan sponsor by a letter dated April 14, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 4 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 5 — ADMINISTRATION OF PLAN ASSETS

Plan assets are held in a trust fund. The trustee is responsible for the safekeeping of the trust fund which is used for the accumulation of assets from which benefits will be distributed.

The ESOP portion of the Plan's assets consist principally of The Adirondack Trust Company and 473 Broadway Holding Corporation common stock. The Adirondack Trust Company is a commercial bank serving customers primarily in northern Saratoga County, New York and surrounding towns and a wholly owned subsidiary that engages in insurance agency activities. 473 Broadway Holding Corporation is a one-bank holding company with operations and headquarters in Saratoga Springs, New York.

Certain administrative functions are performed by officers or employees of the Company for which they receive no compensation from the Plan. During the years ended December 31, 2023 and 2022, The Adirondack Trust Company absorbed substantially all administrative costs of the Plan.

NOTE 6 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3).

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

The asset’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 6 — FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measure at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stock: Valued at the amount the Plan could reasonably expect to receive in a sale between a willing buyer and a willing seller. As there is no active market for the common stock, the Plan has engaged an independent appraisal firm to appraise the fair value of common stock of the Company at year-end. The fair value of the Company common stock is based on an annual independent appraisal. This appraisal was based on a combination of market and income valuation approaches consistent with the prior years. The appraiser considered historical and projected cash flow and net earnings, market comparables, and applicable discounts and premiums.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Fair Value Measurements as of December 31, 2023
