Independent Auditor's Report

October 3, 2024

Plan Administrator
Toshiba International Corporation Retirement Savings Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Toshiba International Corporation Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

October 3, 2024

Toshiba International Corporation Retirement Savings Plan

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TOSHIBA INTERNATIONAL CORPORATION RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

Note 1 - Plan Description

The following description of the Toshiba International Corporation Retirement Savings Plan (the Plan) is provided for general information only. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan covering all eligible employees of Toshiba International Corporation (the Company and plan administrator). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was adopted by the Company on April 1, 1988 and has been amended and restated from time to time. Charles Schwab Trust Bank (Charles Schwab) serves as the Plan's trustee. Schwab Retirement Plan Services serves as the Plan's recordkeeper.

Eligibility and Contributions

An employee, as defined, becomes eligible to participate in the Plan on the first day of the month coincident with or next following the completion of two months of service and attainment of 18 years of age. The Plan includes a savings feature designed to permit employees and the Company to contribute to the Plan, as allowable under Section 401(k) of the Internal Revenue Code (IRC). Participants may also make rollover contributions to the Plan from other qualified plans and certain other qualified sources as defined in the plan document.

Employee contributions are made to the Plan on a pre-tax or Roth basis by electing to defer up to the lesser of 50% of the employee's compensation or the dollar limit established on an annual basis by the Internal Revenue Service (IRS). Employees who have reached age 50 by the close of the plan year are eligible to make catch-up contributions in accordance with the IRC.

Upon meeting the eligibility requirements, employees automatically begin deferring 6% of their compensation for each payroll period, unless an affirmative election not to contribute or to contribute at a different percentage is made by the employee. The contributions are pre-tax deferrals unless the employee affirmatively designates that any portion or all of the contributions be treated as Roth contributions. On January 1st of each year, the automatic deferral percentage increases by 1% each year up to a maximum of 15%, unless otherwise instructed by the employee.

For the year ended December 31, 2023, the Company made safe harbor matching contributions to all eligible participants in an amount equal to 100% of the participant's deferrals that did not exceed 6% of compensation. Additionally, the Company may elect to make a safe harbor match true-up contribution on an annual basis. For the year ended December 31, 2023, the Company made a safe harbor true-up contribution of approximately \$237,000.

TOSHIBA INTERNATIONAL CORPORATION RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2023 and 2022

The Company may also elect to make non-safe harbor matching and/or non-elective contributions. For the year ended December 31, 2023, the Company did not make any non-safe harbor matching or non-elective contributions.

Vesting

Participants are fully vested in their employee contributions, the Company's safe harbor matching contributions and earnings thereon at all times. With the exception of certain grandfathered employer contributions and earnings thereon as further described in the plan document, participants become 100% vested in their non-safe harbor matching contributions and non-elective contributions upon completion of one year of service with the Company. Regardless of service term, full and immediate vesting occurs for participants upon retirement, death or disability prior to termination of employment.

Forfeitures

Forfeitures attributable to the nonvested contributions made by the Company are to be used either to pay administrative expenses of the Plan or to reduce future employer contributions to the Plan. At December 31, 2023, there were no available forfeitures. At December 31, 2022, the forfeiture balance was \$9,576. For the year ended December 31, 2023, \$2,893 was used to pay administrative expenses and \$10,998 was used to reduce Company contributions.

Participant Accounts

Separate accounts are maintained for each participant. Upon enrollment in the Plan, a participant may direct the investment of his or her account balance. Participants may change their investment options at any time.

Investment earnings and losses are allocated daily to participant accounts in the same ratio as the participant's investment in each fund bears to the total of all participants' investments in each fund.

Notes Receivable from Participants

Notes receivable from participants are loans to participants secured by the vested portion of their accounts as prescribed in the plan document. The loans bear interest at rates similar to the rates available at commercial lending institutions and are determined by the plan administrator. The loans are repaid through payroll deductions. Loans may not exceed the lesser of \$50,000, reduced by the highest outstanding loan balance during the preceding 12 months, or 50% of the participant's vested balance. Loan terms are limited to five years unless for the purchase of a principal residence. Loans for the purchase of a principal residence are limited to terms of ten years. Participants may only have one loan outstanding at a time.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2023 and 2022

Benefit Payments

Distributions may be made to participants upon termination of employment, disability, retirement, or death. In-service distributions are allowed for participants who have reached the age of 59½, upon demonstration of financial need as well as for other permitted reasons as outlined in the plan document. Upon termination, participants with an account balance of \$1,000 or less shall receive an automatic lump-sum distribution from the Plan. Upon withdrawal from the Plan or termination of employment, participants may be subject to tax on contributions and income earned.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Accounting principles followed by the Plan and methods of applying those principles are summarized below:

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes realized gains or losses on investments sold during the year as well as unrealized gains or losses on the investments held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as the notes are collateralized by the participants' account balances. Interest income is recorded on the accrual basis. In general, notes receivable from participants are considered in default in the calendar quarter following the quarter in which no payment is made. Defaulted loans are accounted for as distributions based upon the terms of the plan document when a distributable event has occurred.

Benefit Payments

Benefits paid to participants, or their beneficiaries are recorded when paid.

TOSHIBA INTERNATIONAL CORPORATION RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2023 and 2022

Administrative Expenses

Administrative expenses are paid by the Plan unless paid by the Company at its discretion.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and may impact participant account balances and the amounts reported in the financial statements.

Subsequent Events

The plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 3, 2024, which is the date the financial statements were available to be issued.

Note 3 - Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Charles Schwab as of December 31, 2023 and 2022, and for the year ended December 2023, that all of the information provided is complete and accurate. Information included in the accompanying financial statements, the notes to the financial statements and the supplemental schedule regarding investments, notes receivable from participants, investment income and interest income on notes receivable from participants is presented solely in reliance upon these certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, the accompanying notes to the financial statements, and the supplemental schedule.

See independent auditor's report.

NOTES TO FINANCIAL STATEMENTS (Continued)

Note 4 - Fair Value Measurements

GAAP provides a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: These investments are valued based upon their quoted market prices.

Common/Collective Trust Funds: These investments are valued at their net asset value (NAV) as reported by the issuer based on quoted market prices of the underlying investments, when available, net of certain expenses. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than the reported NAV.

December 31, 2023 and 2022

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a complete termination of the Plan, participants shall be fully vested in all amounts allocated to their accounts, and such amounts will be distributed.

Note 6 - Federal Income Tax

The pre-approved plan document adopted by the Company received an opinion letter from the IRS dated September 21, 2020, stating that it was in compliance with the applicable requirements of the IRC. The pre-approved plan has been amended since receiving its IRS letter; however, the plan administrator believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Party-in-Interest Transactions

Certain investments of the Plan are issued by Charles Schwab or an affiliate, and therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.
