Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BDO USA, PC**

(2) EIN: **13-5381590**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		450000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditor's Report

The Plan Administrator
Geotech 401(k) Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Geotech 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Geotech 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Geotech 401(k) Plan (the Plan) provides only general information. Participants and all others should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2016. The Plan is a contributory defined contribution 401(k) plan available to qualifying employees of Geotech Environment Equipment, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Issuer and Administration of the Plan

The issuer of the insurance products held in the Plan is Standard Insurance Company (Standard or Issuer). StanCorp Financial Group provides the recordkeeping and other administrative services. The Issuer holds all assets of the Plan in accordance with the provisions of the group annuity contract with the Company. The Company and the investment advisor determine the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees are eligible after attaining age 18 and completion of three months of service, as defined, and can participate in the Plan on the first day of the month after meeting the eligibility requirements above. Non-resident aliens and residents of Puerto Rico are not eligible for the Plan.

Contributions

Participants may elect to contribute, on a pre-tax or after-tax Roth basis, up to 100% of their eligible compensation as defined by the Plan Document, subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained or will attain age 50 by the last day of the Plan year may make catch-up contributions, as defined by the Plan, subject to IRC limitations. Participants may contribute rollover contributions from other qualified retirement plans. Participants may change their contribution percentage and investment elections as of the first day of any month.

An employee, once eligible, is automatically enrolled with pre-tax deferrals equal to 6% of eligible compensation unless they make an affirmative election not to defer or to defer a different percentage.

The Company may make a discretionary matching contribution on a pay period basis. For the year ended December 31, 2023, the Company matched 25% of the first 6% of eligible compensation contributed by participants.

Participant Accounts and Investment Options

Participant accounts are credited with (1) the participant elective deferral and rollover contributions, (2) the Company discretionary matching contributions, and (3) and allocation of Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or

Geotech 401(k) Plan

Notes to Financial Statements

specific participant transactions, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. Participants can change their investment elections on the first day of each month. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting and Forfeitures

All participant pre-tax, after-tax Roth, catch-up, and rollover contributions are fully vested. A participant has a non-forfeitable right to a percentage of the balance in their Company discretionary matching contribution accounts based on the participant's years of service as follows:

Years of Service	Vesting (%)
1	20
2	40
3	60
4	80
5 or more	100

Participants also become fully vested in their account balance upon death, disability, reaching normal retirement age (age 65), or termination of the Plan.

Forfeited non-vested amounts can be used to reduce employer contributions or pay plan expenses. For the year ended December 31, 2023, no forfeitures were used to reduce the employer contributions and pay plan expenses. The balance of forfeitures at December 31, 2023 and 2022 was \$22,131 and \$15,687, respectively.

Payment of Benefits

A participant's entire vested interest in the Plan is payable in the event of termination, upon death of the participant, attaining normal retirement age (65), or becoming totally disabled, as defined in the Plan Document. Actively employed participants can begin withdrawing their vested interest without penalty at age 59½. A participant's benefits are payable in a lump-sum payment or a direct rollover to another qualified plan. Immediate lump-sum distributions are to be made to terminated participants if the participant's vested balance is \$1,000 or less. Balances between \$1,001 and \$5,000 are rolled over to an Individual Retirement Account (IRA) for the benefit of the participant. These mandatory distributions are only applicable if the participant does not elect another form of distribution. In addition, hardship distributions and other in-service distributions at age 59½ are permitted if specified criteria are met.

Notes Receivable from Participants

A participant may borrow from his/her account the lesser of \$50,000 or 50% of their vested account balance with a minimum loan amount of \$1,000. Loans are secured by the participant's vested account and bear interest at a fixed rate as of the date of loan origination. The fixed rate is commensurate with local prevailing rates, as determined quarterly by the Plan administrator. The loans are to be repaid over a five-year period unless they are for the purchase of a principal residence, which allow for up to a 15-year period. Principal and interest are collected ratably through payroll deductions. Only one borrowing may be outstanding at a time.

Geotech 401(k) Plan

Notes to Financial Statements

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan Agreement to terminate the Plan, subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants would immediately become fully vested, and the assets would be distributed among the participants in accordance with the terms set forth in the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments (except for the fully benefit-responsive investment contract), are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Company determines the Plan's valuation policies utilizing information provided by investment advisor and Issuer.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Accounting for Fully Benefit-Responsive Investment Contracts with Insurance Companies

The Plan entered into a fully benefit-responsive investment contract with Standard. This contract met the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. There are no reserves against the contract value for credit risk of the contract issuer as of December 31, 2023 or 2022. The crediting interest rate is based on a formula agreed upon with Standard but cannot be less than 1%. Interest rates are reset quarterly. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with Standard. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan

Geotech 401(k) Plan

Notes to Financial Statements

withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The plan administrator does not believe that the occurrence of such events is probable.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued, but unpaid, interest was de minimus. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Contributions

Participant contributions and any related discretionary employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Contributions in excess of amounts allowed by the IRC are recorded as a liability with a corresponding reduction to contributions in the year the excess occurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by the Company and the Plan. Fees, primarily loan origination, distribution fees, and asset-based fees, are charged directly to the participant's account and are included in administrative expenses or net with investment earnings. All other expenses of the Plan incurred during 2023 were paid by the Company and are excluded from these financial statements.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Standard, a qualified institution, has certified that the following data included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for plan benefits as of December 31, 2023 and 2022.
- Net appreciation in the fair value of investments, interest income, and interest earned on participant notes receivable as reported on the statement of changes in net assets available for plan benefits for the year ended December 31, 2023.
- Investment amounts included in the notes to financial statements.
- All investment information included in the supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023.

Geotech 401(k) Plan

Notes to Financial Statements

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - This level consists of inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - This level consists of inputs to the valuation methodology that include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - This level consists of inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Insurance Company Pooled Separate Accounts - Insurance company pooled separate accounts are valued based on the redemption price of units held by the Plan, which is based on the fair value of the separate account's underlying assets. Unit values are determined daily by Standard by applying the net asset value (NAV) of the underlying fund less a management fee.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of

Geotech 401(k) Plan

Notes to Financial Statements

different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2023

		Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$	-	\$ 5,067,446	\$ -	\$ 5,067,446
Total Investments	\$	-	\$ 5,067,446	\$ -	\$ 5,067,446

December 31, 2022

		Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$	-	\$ 4,441,628	\$ -	\$ 4,441,628
Total Investments	\$	-	\$ 4,441,628	\$ -	\$ 4,441,628

5. Tax Status

Effective January 1, 2022, the Plan was amended and restated using a pre-approved profit sharing plan document sponsored by Standard Retirement Services Inc. The Internal Revenue Service (IRS) has determined and informed Standard Retirement Services Inc, by an opinion letter dated June 30, 2020, that the pre-approved profit sharing plan qualifies under Code Section 401. The plan administrator and Company management believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC, thus no provision for income taxes has been provided for in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Concentrations, Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility risk. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

As of December 31, 2023 and 2022, there were four investments held in each year, which individually accounted for more than 10% of investments. See the supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2023.

Notes to Financial Statements

7. Related Parties and Party-in-Interest Transactions

The Plan invests in a group annuity contract issued by the Standard. Certain fees were paid from plan assets to the Standard and its affiliates. Other administrative and investment advisory fees were also paid from the Plan during the year ended December 31, 2023. Standard may also receive certain eligible indirect compensation. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. The above transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

8. Subsequent Events

Management has evaluated subsequent events through October 14, 2024, which is the date the financial statements were available for issue. There were no events or transactions discovered during this evaluation that require recognition or disclosure in the financial statements.
