INDEPENDENT AUDITOR'S REPORT

Board of Trustees
403(b) Thrift Plan for
Employees of Gibault, Inc.
Terre Haute, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of 403(b) Thrift Plan for Employees of Gibault, Inc., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of 403(b) Thrift Plan for Employees of Gibault, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 403(b) Thrift Plan for Employees of Gibault, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan for Employees of Gibault, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 403(b) Thrift Plan for Employees of Gibault, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan for Employees of Gibault, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to

auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the 403(b) Thrift Plan for Employees of Gibault, Inc. (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Prior to 2011, the Gibault 403(b) Plan consisted of tax-deferred annuity contracts with Mutual of America Life Insurance Company. Effective January 1, 2011, the 403(b) Thrift Plan was established with Mutual of America to incorporate the aspects of the tax-deferred annuity arrangements and provide the plan sponsor the ability to make employer contributions, if desired. As a result of the adoption of the 403(b) Thrift Plan, the existing tax-deferred annuity contracts with Mutual of America Life Insurance Company are no longer permitted to receive salary reduction contributions or employer contributions, but may make and receive rollovers and transfers.

The Section 403(b) Thrift Plan covers all eligible employees of Gibault, Inc. and Gibault Care, Inc. (under controlled group rules). The Plan permits employee salary reduction contributions made pursuant to voluntary salary reduction agreements between the employer and its eligible employees. There are no minimum age or service requirements to make salary reduction contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Each plan year the board of trustees of Gibault, Inc. will determine the amount of employer matching contributions, if any, that will be made to the Plan on behalf of eligible participants who are actively employed on the last day of the plan year. Participants must be at least 21 years of age and completed one year of service to be eligible to receive employer matching contributions. The employer approved an employer contribution of the lesser of 3% of wages or employee deferrals for 2023 for those participants making salary deferrals to the plan.

The Plan allows employees to select various investment alternatives offered by the Plan. If no selection is made by the participant, then any contributions received for a participant will be allocated to the default investment alternative as specified by the plan document.

Contributions

Each eligible employee may elect to have salary reduction contributions made to the Plan on his behalf. The maximum dollar amount that may be deferred is \$22,500 for the year ending December 31, 2023. Additional salary reduction catch-up contributions of up to \$7,500 are permitted for participants who attain age 50 or more by the end of the taxable year. A special Section 403(b) catch-up contribution is also available for employees with 15 or more years of service with the organization.

NOTE 1 - DESCRIPTION OF PLAN - continued

Participant Accounts

Each participant must direct that his individual account be invested in one or any combination of the investment accounts made available. Each participant's account reflects the participant's contributions, an earnings allocation, any payments or withdrawals on the participant's behalf, and any expenses attributable to the participant's interest therein. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The value of a participant's account attributable to their own contributions is 100% vested at all times. The value of a participant's account attributable to employer contributions is fully vested after completion of three years of vesting service. Additionally, a participant's account becomes fully vested upon the participant reaching the age of 65, upon the total or permanent disability of the participant, or upon the death of the participant.

Payment of Benefits

After termination of employment, a participant, or in case of death, his beneficiary, may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or use the value of the account to purchase an annuity payable for life or a term certain. Vested account balances less than \$1,000 will be distributed in a lump-sum at termination of service.

Administration

The board of trustees of Gibault, Inc. has the overall responsibility and authority to manage and control the operation and administration of the plan. Certain other administrative functions are performed by officers and employees of the Organization. The board of trustees, officers and employees do not receive compensation from the Plan. Participant accounts are charged for any investment related fees and charged an administrative fee for account maintenance by Mutual of America. All other administrative expenses are paid by the Organization.

Forfeitures

Forfeitures are the non-vested amounts in the accounts of participants who terminate employment. Each year forfeitures are first used to pay certain plan expenses. Any remaining unused forfeitures are used to reduce future employer contributions. If a participant's account is forfeited due to termination and then is rehired, their forfeited account will be restored as long as they did not incur a break-in-service greater than five years. There were forfeitures of \$13,626 during the year ended December 31, 2023. At December 31, 2023, accumulated forfeitures of \$19,366 are available to offset future employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Party-in-interest Transactions

Fees paid during the year for legal, accounting, and other services to parties-in-interest were based upon customary and reasonable rates for such services.

Investments

The Plan's investment contracts are stated at fair value except for the fully benefit-responsive investment contract, which is reported at contract value.

Allowance for Credit Losses

The allowance for credit losses is zero at December 31, 2023 and 2022, respectively.

Subsequent Events

Management has evaluated subsequent events through October 15, 2024, the date which the financial statements were available for issue and concluded nothing occurred requiring adjustment to the financial statements or disclosure in the notes to the financial statements.

NOTE 3 - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan entered into a traditional fully benefit-responsive investment contract with Mutual of America Life Insurance Company (Mutual). Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported by Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

**403(B) THRIFT PLAN FOR
EMPLOYEES OF GIBAUT, INC.**

Notes to Financial Statements - Continued

December 31, 2023

NOTE 3 - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES - continued

The fair value of the benefit-responsive investment contract with Mutual of America (General Account) at December 31, 2023 and 2022 was \$778,105 and \$643,165, respectively. For all participants enrolled in the contract prior to August 31, 2008, the contract provides for a 3% minimum guaranteed crediting interest rate. For those participants enrolled in the contract on or after September 1, 2008, the 3% minimum guaranteed crediting interest rate has been eliminated. Mutual of America will declare annually a minimum guaranteed interest rate that cannot be less than the minimum rate required by state law or if no state law minimum rate, then the guaranteed minimum credited interest rate pursuant to NAIC standard nonforfeiture law. The NAIC minimum rate cannot be less than .15% or more than 3.0%. The crediting rate was 1.6% from January 1 to December 31, 2023 and .25% from January 1 to December 31, 2022.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Mutual of America. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

The Plan also has under the same investment contract with Mutual of America a pooled separate account. Mutual of America maintains the contributions in the pooled separate account. The pooled separate account is comprised of separate account funds valued at the accumulated unit value based on the underlying mutual funds on the last business day of the Plan year as determined by Mutual of America. Investments measured at accumulated unit value are considered an equivalent of net asset value and therefore, used as a practical expedient. There are no trading restrictions or unfunded commitments outstanding related to the Plan's investments in Separate Account Funds. The pooled separate account is not a benefit-responsive investment contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at fair value. See Note 4 for the fair value measurement of the pooled separate account.

NOTE 4 - FAIR VALUE MEASUREMENTS

ASC 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

**403(B) THRIFT PLAN FOR
EMPLOYEES OF GIBAUT, INC.**

Notes to Financial Statements - Continued

December 31, 2023

NOTE 4 - FAIR VALUE MEASUREMENTS - continued

Level 2 - Inputs to the valuation methodology include 1) quoted prices for similar assets or liabilities in active markets, 2) quoted prices for identical or similar assets or liabilities in inactive markets, 3) inputs other than quoted prices that are observable for the asset or liability, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In accordance with ASC 820-10, certain investments measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The pooled separate account is valued at the accumulated unit value which is determined by the net asset value of shares of all the underlying funds, the fund's dividends and the contract's separate account charges. The accumulated unit value of the pooled separate account, as a practical expedient of fair value at December 31, 2023 and 2022 was \$3,941,261 and \$2,709,332, respectively. There were no investments reportable in the fair value hierarchy.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, Gibault, Inc. has the right under the Plan to terminate the Plan subject to the provisions of ERISA. At all times, participants are 100% vested in their accounts. Upon termination of the Plan, all plan assets are to be distributed to plan participants and beneficiaries as soon as administratively possible.

NOTE 6 - TAX STATUS

The Plan has not obtained a determination letter from the Internal Revenue Service. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset)

or disclosure in the financial statements. The plan's information returns are subject to examination by the appropriate taxing jurisdictions. As of December 31, 2023, the plan's tax returns for the last three years are open for examination as each year's returns remain open for examination for three years.

NOTE 7 - INFORMATION CERTIFIED BY MUTUAL OF AMERICA LIFE INSURANCE COMPANY

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mutual of America (Mutual) has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.
