INDEPENDENT AUDITORS' REPORT

To the Retirement Committee of the Team Karl Malone 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Team Karl Malone 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITORS' REPORT – CONTINUED

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITORS' REPORT – CONTINUED

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and Delinquent Participant Contributions as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by (See Note 3) and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TEAM KARL MALONE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of the Plan

The following description of the Team Karl Malone 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan administrator.

- A. **General** – The Plan, which began on January 1, 2010, is a defined contribution plan covering all eligible employees of Team Karl Malone (M & M Automotive, Inc. dba Karl Malone Toyota) and related employers (the "Company" or "Plan sponsor"), as defined in the Plan document. The Plan is designed to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code (the "IRC") as amended and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Retirement Committee is responsible for oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan arranged for Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company ("Principal" or "Trustee") to serve as trustee, and Principal Life Insurance Company (the "Recordkeeper") to provide record keeping services for the Plan.

- B. **Significant Plan amendments** – During 2023 and 2022, the Company had multiple acquisitions of dealerships and related entities in various locations. The Plan was amended to allow employees from these acquisitions to participate in the Plan.
- C. **Contributions** – Eligible employees may participate in the Plan upon completing 90 days of service and reaching age 21. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Contributions are automatically invested in a designated balanced fund until changed by the participant. The deferral is automatically increased 1% each subsequent year up to a maximum of 6%. Participants may elect to contribute up to 100% of their annual eligible earnings on a pre-tax basis, subject to the maximum amount allowable by the Internal Revenue Service ("IRS") (\$22,500 for participants to age 50 and \$30,000 for participants over 50 years of age for the year ended December 31, 2023). Participants may also make Roth contributions on a post-tax basis. Participants may also contribute amounts representing distributions from other tax qualified retirement plans. Discretionary employer matching contributions are made on a pay period basis. For the year ended December 31, 2023, the amount contributed was based on a match of 100% of the participant's elective deferral for the pay period up to 1% plus 50% of elective deferral contributions which are over 1% but are not over 6% of the participant's eligible earnings. The Company may also make discretionary profit-sharing contributions as determined by management. No discretionary profit-sharing contributions were made during the year ended December 31, 2023.
- D. **Participant accounts** – Each participant's account is credited with the participant's contributions, discretionary employer matching contributions, and allocations of (a) the Company's discretionary profit-sharing contributions (if any) and (b) the Plan's earnings and losses. Allocations are based on participant earnings or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants also become 100% vested when the participant reaches normal retirement age (65), incurs a disability as defined by the Plan, or upon death.

- F. **Investment options** – Upon enrollment in the Plan, a participant may direct their contributions into various collective investment trusts, mutual funds, pooled separate accounts, or a guaranteed interest account. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.
- G. **Notes receivable from participants** – Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance with terms from 1 year up to 5 years. Notes related to the purchase of a primary residence are allowed to have terms up to 25 years. The loans are secured by the balance in the participant's account and bear interest at the Federal Prime rate, plus 2%. Interest rates on notes receivable as of December 31, 2023 range from a minimum of 5.25% to a maximum of 10.50%. Principal and interest are paid ratably through semi-monthly payroll deductions.
- H. **Payment of benefits** – Participants may receive the vested interest of their Plan account through a distribution of benefits upon retirement, death, termination of employment, or a qualifying withdrawal. Benefit payments are made in a lump sum distribution or rollover contributions to another plan. Participants who terminate employment with an account balance of less than \$1,000 may receive an automatic lump sum distribution of their balance. Participants who terminate employment with an account balance of less than \$5,000, but more than \$1,000 may receive an automatic direct rollover of their account balance to an individual retirement account.
- I. **Forfeited accounts** – As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$55,522 and \$56,606, respectively. Forfeited non-vested accounts are used to reduce future employer contributions or offset administrative expenses. During the year ended December 31, 2023, \$58,477 forfeited non-vested accounts were used to offset discretionary employer matching contributions and \$148 forfeited non-vested accounts were used to offset administrative expenses.

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies

Basis of accounting – The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value, except for the guaranteed interest account which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Retirement Committee determines the Plan’s valuation policies utilizing information provided by the Trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Contributions – Contributions from Plan participants and the discretionary employer matching contributions are recorded in the year in which the employee contributions are withheld from compensation. Discretionary profit-sharing contributions (if any) are recorded in the year in which the participant compensation is earned.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the participant’s account as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to participant requested services and the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

(3) Information prepared and certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate with respect to investments and notes receivable from participants:

- Investments
- Notes receivable from participants
- Interest income from notes receivable from participants
- Interest and dividend income
- Net appreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan’s independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Collective investment trusts: Valued at the NAV of units of the collective investment trusts. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common and collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the mutual funds. These funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of units of the pooled separate accounts. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

(4) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments measured using the net asset value per share practical expedient – The following tables summarize investments for which fair value is based on NAV per share (or its equivalent) practical expedient as of December 31, 2023 and 2022:

Investments	Fair Value 12/31/2023	Fair Value 12/31/2022
Collective investment trusts (b)	\$ 15,580,885	\$ 11,321,424

NOTES TO FINANCIAL STATEMENTS

(5) Guaranteed interest account with Principal

The Plan has a fully benefit-responsive guaranteed interest account contract with Principal Life Insurance Company ("Principal"). Principal maintains the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include complete or partial Plan termination. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring. The guaranteed investment contract does not have a maturity date. The provisions do not provide for a distribution at book value at some specified future date. A contract holder can request a lump sum distribution with a market value adjustment, or an installment payout, at book value, over a period of years. The contract continues in force until all assets have been distributed, or no further payments are due. The balance as of December 31, 2023 and 2022 was \$1,932,584 and \$1,970,041, respectively.

(6) Related party and party-in-interest transactions

Certain investments of the Plan are managed by Principal. Principal serves as the Plan's trustee and recordkeeper, and therefore, the transactions are considered exempt party-in-interest transactions. Fees incurred by the Plan for certain investment management services are paid through a revenue sharing agreement. As described in Note 2, the Plan made direct payments to Principal of \$97,984 during the year ended December 31, 2023.

(7) Plan termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their discretionary employer matching contributions and discretionary profit-sharing contributions (if any).

(8) Tax status

The IRS has determined that the pre-approved 401(k) profit sharing plan document utilized by the Plan is designed in accordance with applicable sections of the IRC and informed Principal of such in a letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter, the Plan's Retirement Committee believes that the Plan and related trust are currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

(9) Risks, uncertainties, and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2023, one of the Plan's investments individually represents approximately 20% of the Plan's investments. As of December 31, 2022, two of the Plan's investments individually represented approximately 22% and 15% each of the Plan's investments.

(10) Delinquent participant contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. During the year ended December 31, 2023, employee contributions totaling \$28,462 were not remitted to the Plan until after the required time period. Prior to the year ended December 31, 2024, the Company remitted lost earnings associated with the 2023 delinquent contributions. Lost earnings for untimely remittances of \$2,866 from 2019 through 2022 were remitted to the Plan in October 2023. Prior to the year ended December 31, 2024, the Company remitted lost earnings associated with the remaining 2019 delinquent contributions of \$2,666.

(11) Reconciliation of financial statements to Form 5500

The following is a reconciliation of the net assets available for benefits to as reported in the financial statements to the Form 5500 as of December 31, 2023 and 2022 to Form 5500:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 20,167,816	\$ 15,081,573

Net assets available for benefits per Schedule H of the Form 5500	<u>\$ 20,167,816</u>	<u>\$ 15,063,839</u>

The following is a reconciliation of the net increase in net assets available for benefits as reported in the financial statements to the Form 5500 for the year ended December 31, 2023 and 2022 to Form 5500:

	<u>2023</u>	<u>2022</u>
Net increase in net assets available for benefits per the financial statements	\$ 5,086,243	\$ 755,948

Net income per Schedule H of the Form 5500	<u>\$ 5,103,977</u>	<u>\$ 738,214</u>

(12) Subsequent events

The Plan has evaluated subsequent events through the date of the independent auditors' report, which is the date the financial statements were available to be issued.
