Liberty Tire Services, LLC 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Liberty Tire Services, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2023, and assets (held at end of year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Liberty Tire Services, LLC 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE A - DESCRIPTION OF PLAN

The following description of the Liberty Tire Services, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Liberty Tire Services, LLC (the Company) and is subject to the provisions, as amended, of the Employee Retirement Income Security Act of 1974, as amended (ERISA). All nonunion employees who are 21 years of age or older and who are credited with at least three months of service are eligible to participate in the Plan. The Plan's 401(k) Committee and Plan administrator control and manage the operation and administration of the Plan.

The Plan changed the trustee, custodian and record keeper to Fidelity Investments and adopted a new plan document that amends and restates the Plan, effective July 1, 2023. To facilitate the change, the Plan's prior trustee, custodian and recordkeeper converted the Plan's investments to a money market fund on June 30, 2023.

The investment options available to employees prior to July 1, 2023 were replaced with funds with a similar investment strategy and style.

Contributions

Each year, participants may contribute a percentage or dollar amount of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). For 2023 and 2022, the Company contributes \$0.50 for every \$1.00 a participant contributes on the first 2% of the participant's base salary for a calendar year and \$0.25 for every \$1.00 a participant contributes on the next 2% of the participant's base salary for a calendar year.

The Company's matching contribution is made biweekly concurrent with payroll. Each year, the Company may make a discretionary nonelective contribution to the Plan. The Company has elected not to make the discretionary nonelective contribution for 2023 and 2022. Contributions are subject to certain Internal Revenue Code (Code) limitations.

Participant Accounts

The Plan's recordkeeper maintains a self-directed account in the name of each participant to which each participant's contributions, the Company's matching contributions and the participant's share of the net earnings, losses and expenses, if any, of the various investments are recorded. Allocations are generally based on eligible participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Elections

The participant's contributions and the Company's matching contributions are allocated to the various investment options offered by the Plan as directed by participants.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon

Liberty Tire Services, LLC 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

is based on years of continuous service. A participant is 25% vested after the first year, 50% vested after the second year, 75% vested after the third year and becomes 100% vested after four years of credited service. Participants also become fully vested in the Company's contributions regardless of years of service at age 65 or upon death or permanent and total disability.

Forfeitures

Forfeitures of non-vested Company contributions are used to reduce future Company contributions or pay Plan expenses. For the years ended December 31, 2023 and 2022, \$22,095 and \$0, respectively, of forfeitures were used to reduce Company contributions. At December 31, 2023 and 2022, there were \$13,465 and \$13,703, respectively, of forfeitures that had not yet been applied to reduce Company contributions or pay Plan expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the excess, if any, of the participant's highest outstanding balance of all loans on any day during the one year period ending on the day before the loan is made, or 50% of their vested account balance. Loan terms shall not be for more than five years. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly at inception, is set at 1% above the prime rate, as defined. Principal and interest is primarily paid ratably through biweekly payroll deductions.

Payment of Benefits

Benefits may be distributed to participants, spouses or designated beneficiaries, as appropriate, upon normal retirement (age 65), early retirement (age 59½), death, disability or termination of employment. The Plan provides for required distributions commencing at age 72. Benefit distributions are made in a single lump sum or annual installments over a period of time not exceeding the joint life expectancy of the participant and beneficiary, or a combination of the above.

Expenses

The Company provides certain accounting, administrative and investment management services to the Plan for which no fees are charged. In addition, the Company pays some of the administrative expenses of the Plan. The administrative expenses paid by the Company for 2023 and 2022 were approximately \$19,977 and \$23,000, respectively. Participants bear part of the cost of the third-party administrator expenses and participants who request distributions, including loans, are charged expenses directly for these transactions. Participant expenses for 2023 and 2022 were \$40,869 and \$61,219, respectively.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Dividends include capital gains distributions from mutual funds. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Code are recorded as a liability. The excess contributions payable is included in distributions to participants for reporting in the statements of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant's loan to be in default, the participant's loan balance is reduced, and a benefit payment is recorded.

Payments of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to distribution requests are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2024, the date the financial statements were available to be issued.

NOTE C - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the current trustee of the plan, has certified to the completeness and accuracy of investments and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2023, and the investment activity and interest income on notes receivable from participants for the period July 1, 2023 to December 31, 2023, reflected in the statements of changes in net assets for the year ended December 31, 2023. Newport Trust Company, LLC, a former trustee of the Plan, has certified to the completeness and accuracy of investments and notes receivable from participants, and the investment activity and interest income on notes receivable from participants for the period January 1, 2023 to June 30, 2023, reflected in the statement of changes in net assets for the year ended December 31, 2023. PNC Bank, National Association, a former trustee of the Plan, has certified to the completeness and accuracy of investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022, and the investment activity and interest income on notes receivable from participants reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2022.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board's Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques should maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market funds: These investments are valued at daily closing market price of \$1.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables present the fair value of financial instruments, measured on a recurring basis, as of December 31, 2023 and 2022, respectively, by the ASC 820 fair value hierarchy described above:

Balance at December 31, 2023				
	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Mutual funds	\$ 21,196,275	\$ -	\$ -	\$ 21,196,275
Money market funds	422,237	-	-	422,237
 Total plan investments, at fair value	 \$ 21,618,512	 \$ -	 \$ -	 \$ 21,618,512
Balance at December 31, 2022				
	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Mutual funds	\$ 16,320,446	\$ -	\$ -	\$ 16,320,446
Money market funds	507,855	-	-	507,855
 Total plan investments, at fair value	 \$ 16,828,301	 \$ -	 \$ -	 \$ 16,828,301

NOTE E - EXCESS CONTRIBUTIONS PAYABLE

At December 31, 2023 and 2022, liabilities of \$227,222 and \$284,855, respectively, are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Code.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions set forth in ERISA and the Code. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G - TAX STATUS

The Plan is a non-standardized volume submitter defined contribution plan sponsored by Fidelity Management Trust Company. The Internal Revenue Service (IRS) has issued an opinion letter dated June 30, 2020 stating that the form of the volume submitter document is acceptable under Section 401 of the Code. The Plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments at December 31, 2023 and 2022 are in a money market fund managed by the custodian of the Plan. Such transactions qualify as party-in-interest transactions.

As described in Note A, the Company pays certain expenses of the Plan. The Company is the Plan sponsor as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan. The Plan has notes receivable from participants subject to specific guidelines as defined in the Plan document. These transactions are not, however, considered prohibited transactions under Section 408(b) of the ERISA regulations.
