Audit Committee
TouchTunes Music Company, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the TouchTunes Music Company, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at year end) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TouchTunes Music Company, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the TouchTunes Music Company, LLC 401(k) Plan (the Plan) provides general information about the Plan's provisions. TouchTunes Music Company, LLC (the Company) is the plan sponsor. The Plan's name was changed from The Octave Music Group, Inc. 401(k) Plan when it was most recently amended effective January 1, 2023. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General: The Plan is a defined contribution plan covering substantially all employees of the Company who have at least two months of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility: Eligible employees are all full-time employees who are 18 years of age or older and have completed two months of eligible service with the Company. The Plan provides that these eligible employees enter the Plan upon meeting these eligibility requirements. The Plan also covers all part-time employees of the Company who have completed one year of service and are age 18 or older.

Contributions: Participants who meet the eligibility requirements are set up with an automatic deferral of 3% with the trustee and may contribute up to a maximum of \$22,500 in 2023. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the year are eligible to make an additional \$7,500 in 2023 in catch-up contributions. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis.

Effective January 1, 2022, the Company may make safe harbor matching contributions. For the year ended December 31, 2023, the safe harbor matching contribution is equal to the first 3% of eligible compensation plus 50% of deferrals between 3% and 5% of eligible compensation.

The Company may make also discretionary matching contributions, as determined by the Company's Board of Directors (the Board). For the years then ended December 31, 2023 and 2022, there was no discretionary match contributed.

Participant accounts: Each participant's account is credited with the participant's contributions, Company's contributions, if any, Plan earnings and losses and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of his/her respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

TouchTunes Music Company, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their salary deferral contributions, safe harbor matching contributions, and actual earnings thereon. Vesting in the Company's discretionary matching are based on the years of continuous service as follows:

Years of Service	Vested Percentage
1	25%
2	50%
3	75%
4	100%

Forfeitures: Forfeitures of terminated participants' nonvested accounts can be used to pay for administrative expenses of the Plan if so directed by the Company. The remaining forfeitures, if any, are used to reduce employer contributions. For the plan year ended December 31, 2023, \$209,782 of forfeitures were used to fund employer contributions. The Plan holds unallocated assets, which consist of forfeitures in the amount of \$144,738 and \$53,216 at December 31, 2023 and 2022, respectively.

Notes receivable from participants: Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period minus the loan balance on the date a new loan is made. A participant may not have more than two loans outstanding at any point in time. The loans bear interest at 1% plus prime as published in *The Wall Street Journal* on the first day of the month in which the loan is originated. Principal and interest are paid ratably through monthly payroll deductions. If a participant terminates employment with the Company, he or she is required to pay off the loan at severance of employment, as provided by the Plan. If the loan is not repaid, it is automatically treated as a distribution to the participant.

Payment of benefits: Upon separation from service with the Company due to death, disability, retirement, or termination, a participant whose vested account balance exceeds \$5,000 may elect to receive either a lump sum or may elect installment payments. A participant whose vested account balance is \$5,000 or less will automatically receive an immediate lump-sum distribution equal to his or her vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative expenses: The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include expenses relating to purchases, sales, or transfers of the Plan's investments and are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of benefits: Benefits are recorded when paid.

New custodian: The Plan entered into a custodial agreement with Empower Trust Company, LLC, effective April 20, 2023.

Notes receivable from participants: Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued, but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments held by the Plan are stated at fair value except for investment contracts which are at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Mutual funds are valued at quoted market prices. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for direct investments in fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to direct investments in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transaction under the terms of the Plan.

Note 4. Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, Fair Value measurements and Disclosures, establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

TouchTunes Music Company, LLC 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Shares of registered investment companies (mutual funds): Valued at the daily closing price, as reported by the fund. Shares held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units of common/collective trusts: Valued at the NAV of units of the common/collective fund. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Units of pooled separate account: Valued at the NAV of units of the pooled separate account. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the pooled separate account. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 10,896,375	\$ -	\$ -	\$ 10,896,375
Unit of pooled separate accounts	-	1,221,298	-	1,221,298
Total assets in fair value hierarchy	\$ 10,896,375	\$ 1,221,298	\$ -	12,117,673
Investments measured at NAV (a)				1,686,067
Investments at fair value				\$ 13,803,740

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 12,462,714	\$ -	\$ -	\$ 12,462,714
Total assets in fair value hierarchy	\$ 12,462,714	\$ -	\$ -	12,462,714
Investments measured at NAV (a)				-
Investments at fair value				\$ 12,462,714

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth the fair value of investments in certain funds that calculate net asset value per share (or its equivalent) at December 31, 2023 and 2022:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2023	2022			
Units of pooled separate account	\$ 1,221,298	\$ -	\$ -	Daily	None
Units of common/collective trusts	1,686,067	-	-	Daily	None
	\$ 2,907,365	\$ -	\$ -		

There are currently no redemption restrictions or unfunded commitments on the investments.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of Level 3.

Notes to Financial Statements

Note 5. Investment Contract With Insurance Company

As of December 31, 2023 the Plan had a balance in an ERISA budget account managed by Empower Trust Company, LLC. At December 31, 2022, the Plan had a balance in an ERISA budget account managed by Reliance Trust Company. The fund in which the Plan is invested is provided under a group annuity contract issued by Empower Annuity Insurance Company of America and Transamerica Financial Life Insurance Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting. There is no required crediting interest rate for the investment contract. At December 31, 2023 and 2022, the interest rate for the investment contract was 1.34% and 0.75%, respectively.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Party-in-Interest Transactions

The Employer pays certain administrative expenses of the Plan. In addition, certain administrative functions are performed by employees of the employer for which no compensation is received from the Plan.

The Plan holds an insurance contract managed by the trustees of the Plan. This transaction qualifies as a party-in-interest transaction; however, it is exempt from the prohibited transactions rules under ERISA. Fees paid by the Plan to the trustee were approximately \$20,000 for the year ended December 31, 2023.

Note 8. Tax Status

The Plan has adopted a volume submitter plan sponsored by Alliant Insurance Services Inc. The volume submitter plan provider has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
