INDEPENDENT AUDITOR'S REPORT

To the Plan Committee
Adams Group, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Adams Group, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of change in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets held at end of year, as of and for the year ending December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1: DESCRIPTION OF PLAN

The following description of Adams Group, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 1978, to provide retirement benefits for employees of Adams Group, Inc. and subsidiaries (the “Plan Sponsor”). The Plan covers all employees who have attained the age of twenty-one years and have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by a committee appointed by the Plan Sponsor. Assets are held by Principal Trust Company, the Plan trustee.

Effective July 31, 2022, the Plan was amended and restated to bring the Plan into compliance with legislative and regulatory changes and to incorporate past amendments.

Plan Year

The Plan year begins January 1st and ends December 31st.

Contributions

The Plan provides for the following types of contributions.

- **Employee Salary Deferral 401(k) Contributions**
The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the “Code”). Upon eligibility, a participant may voluntarily contribute up to 100% of their regular wages subject to various nondiscrimination tests and limitations prescribed by the Code. Participants may also make after-tax elective deferral contributions.
- **Employer Safe Harbor Non-Elective Matching Contributions**
The Plan Sponsor makes a safe harbor matching contribution equal to 100% of the first 3% of a participant’s compensation and 50% up to the next 2% of the participant’s compensation contributed to the Plan. The applicable period for safe harbor matching contributions is each payroll period. The Plan Sponsor made safe harbor matching contributions of \$362,871 and \$329,000 for the years ending December 31, 2023 and 2022, respectively.
- **Employer Discretionary Matching Contributions**
The Plan Sponsor may make a discretionary matching contribution at management's discretion. Discretionary matching contributions are equal to a discretionary percentage of a participant’s compensation or a discretionary dollar amount, the percentage or dollar amount is determined by the Plan Sponsor on a uniform basis for all participants and are determined each pay period. The Plan Sponsor elected not to make a discretionary matching contribution for the years ended December 31, 2023 and 2022.
- **Employer Non-Elective Profit-Sharing Contributions**
The Plan Sponsor may make a non-elective profit-sharing contribution at management's discretion. Employer profit sharing contributions are allocated in the same ratio as each participant's compensation bears to the total of such compensation of all participants. In order to be eligible for profit sharing contributions, the employee must have completed a year of service (1,000 hours) and be employed on the last day of the Plan year. The Plan Sponsor accrued profit sharing contributions of \$400,000 and \$100,000 for the years ended December 31, 2023 and 2022, respectively.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

- Employee Rollover Contributions
Participants may make rollover contributions from another qualified plan.

Participant Accounts and Allocations

Each participant's self-directed account is credited with the participant's contributions, rollover contributions, the Plan Sponsor's matching and discretionary non-elective contributions, an allocation of earnings or losses, and an allocation of certain plan expenses, as defined by the Plan. The yield (interest, dividends, and net realized and unrealized gains and losses) on investments is allocated to each participant's account based on each participant's pro rata share of the total investments in the particular fund. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account.

Retirement

Normal retirement under the Plan is the later of age sixty-five or 5 years of participation in the Plan. Early retirement under the Plan is the age fifty-five.

Vesting

Participants are immediately fully vested in their salary deferral and employer safe harbor matching contributions and investment gains and losses credited thereon. Participants vest in discretionary employer matching contributions and non-elective profit-sharing contributions, including investment gains and losses, in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year credited service	0%
After 1 year credited service	20%
After 2 years credited service	40%
After 3 years credited service	60%
After 4 years credited service	80%
After 5 years credited service	100%

For vesting purposes, one year of service is defined as 1,000 hours of service during the plan year. Participants who reach the Plan's early retirement age automatically become 100% vested in employer contributions.

Payment of Benefits

Payment of benefits may be made at the following times under the Plan: 1) upon termination of service, 2) death or disability, 3) normal or early retirement, 4) demonstration of financial hardship, 5) in-service upon reaching age 59½, or 6) termination of the Plan. Benefit payments are made in a single lump-sum payment, except for installment payments for in-service or required distributions.

Forfeitures

Forfeitures may be used to pay Plan expenses or reduce employer contributions. Forfeitures of \$19,197 and \$0 were used to reduce employer contributions receivable during the years ended December 31, 2023 and 2022, respectively. At December 31, 2023 and 2022, the forfeiture balance was \$15,454 and \$8,238, respectively, available to pay for Plan expenses or reduce employer contributions.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

Investments in mutual funds and common collective trusts are stated at fair market value based on quoted market prices when available. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Increases in the unit values of investments are reflected in each participant's individual account. Investments are valued daily.

Payment of Benefits

Benefits to participants are recorded when paid.

Income Taxes

The Plan has adopted a pre-approved plan which has obtained a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Plan management has analyzed tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Estimates and Assumptions

The preparation of these financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: INFORMATION CERTIFIED BY THE TRUSTEE

The following amounts were taken directly from statements provided and certified as complete and accurate by Principal Trust Company, the trustee, as of and for the years ended December 31, 2023 and 2022:

	<u>2023</u>		<u>2022</u>
Mutual funds	\$ 16,314,613	\$	11,932,926
Common collective trusts	\$ 2,149,037	\$	2,945,203
Net appreciation (depreciation) in fair value of investments	\$ 3,040,976	\$	(4,049,032)
Dividend and other income	\$ 228,633	\$	177,055

NOTE 4: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 5: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

NOTE 6: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 6: FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Common collective trust funds invest mainly in mutual funds and stocks, both domestic and international. The majority of the underlying assets have Level 1 quoted pricing inputs and observable Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets.

Stable value collective trust funds: Stable value funds are comprised primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total

Contributions as reported	<u>\$ 1,623,702</u>	<u>\$ 1,139,969</u>

NOTE 8: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of common collective trusts managed by the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to administration of the Plan and investment advisory fees were paid by the Plan or by the Plan Sponsor. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules of ERISA.

NOTE 9: PROHIBITED TRANSACTIONS

During the year ended December 31, 2023, the Plan Sponsor failed to remit certain employee contributions to the Plan in a timely manner, as defined by ERISA, in the amount of \$110.

NOTE 10: SUBSEQUENT EVENTS

Plan management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2024, the date the financial statements were available to be issued, and Plan management has determined that no subsequent events have occurred that should be disclosed.
