REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Participants, Plan Administrator, and Pension Committee of
the Board of Trustees of the Sibley Memorial Hospital 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Sibley Memorial Hospital 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal controls-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a- Schedule of Delinquent Participant Contributions and the Schedule H, Line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other

records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SIBLEY MEMORIAL HOSPITAL 401(k) PLAN

Notes to the Financial Statements December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN

The following brief description of the Sibley Memorial Hospital 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all employees of Sibley Memorial Hospital (the Plan Sponsor) who have completed 1,000 hours of service in the 12-month period and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Sibley Memorial Hospital Pension Committee (the Committee) is responsible for oversight of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

The Plan was amended and restated effective January 1, 2012.

Recent Legislation

The Setting Every Community Up for Retirement Enhancement (SECURE) Act was enacted in December 2019, and became effective January 1, 2020. The SECURE Act was designed to encourage investing for retirement by increasing the required minimum distribution age and making certain other changes to certain tax-qualified retirement plans.

SECURE Act 2.0 was signed into the 2023 Consolidations Appropriations Act under the Securing a Strong Retirement Act on December 29, 2022, with similar retirement provisions designed to increase retirement savings, facilitate access to retirement savings, encourage employees to save for retirement, and lower employers' cost of offering and funding retirement plans.

The Plan has a policy to incorporate the SECURE Act changes in its Plan document by the deadlines prescribed in the legislation.

Contributions

Eligible employees may elect to contribute through regular payroll deductions on a pre-tax or Roth basis, from 1% to 50% of their annual compensation. The Plan automatically enrolled eligible employees hired after July 1, 2001, and through August 4, 2004, pursuant to a deemed salary reduction agreement in which contributions total 1% of compensation for participants who do not affirmatively elect not to participate in the Plan. Effective January 1, 2009, automatic enrollment was reinstated with an automatic enrollment of 3% of compensation. For employees hired on or after January 1, 2014, the contributions total 3% of compensation during the first year of participation and increase by 1% each following year up to a maximum of 6% of compensation, unless otherwise affirmatively elected by the participant.

Notes to the Financial Statements December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN (continued)

Contributions (continued)

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover distributions from other qualified plans.

The Plan Sponsor makes matching contributions on the employees' behalf at a rate of 50% of elective deferral contributions up to 3% of eligible compensation. The Plan Sponsor may make discretionary profit-sharing contributions to the Plan. There were no such contributions during the year ended December 31, 2023. The Plan Sponsor also makes a Basic Hospital Contribution and Excess Contribution (both as defined in the Plan document) for each eligible participant in the Plan without regard to the participant's elective deferral, and which is calculated based on each participant's compensation earned during the applicable payroll period. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings and account balances, as defined. The participant is entitled to a benefit that cannot exceed the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants hired on or before July 1, 2001 are 100% vested in employer contributions at all times. Participants hired after July 1, 2001 are 100% vested after completing three years of service from the date of hire.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a direct rollover into another qualified plan.

Forfeitures

As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$421,722 and \$375,939, respectively. These can be used to reduce future matching contributions to the Plan. During the year ended December 31, 2023, \$423,180 was used to offset employer contributions.

Notes to the Financial Statements December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN (continued)

Notes Receivable from Participants

Participants may borrow the lesser of \$50,000 or 50% of their vested account balance. A participant's Roth contribution account and hospital contribution account shall not be available for a loan. Principal and interest is paid bi-weekly through payroll deduction. Participants also have the option to pay off notes at any time by money order or certified check. Participants are allowed a maximum of two loans. Loan repayment terms can not exceed five years unless the loan is for the purchase of a principal residence (fifteen-year maximum term). Notes bear interest at a rate that reflects the current market rates charged by financial institutions for similar loans.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

SIBLEY MEMORIAL HOSPITAL 401(k) PLAN

Notes to the Financial Statements December 31, 2023 and 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Employee and employer match contributions are recorded in the period that the Plan Sponsor makes payroll deductions from the participant's earnings. The discretionary profit-sharing contributions and Basic Hospital contributions are typically funded after the Plan year-end, within the timeframe prescribed by the Internal Revenue Service (IRS).

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of the Plan are allocated and charged to the participant accounts. Administrative expenses include recordkeeping fees and expenses related to purchases, sales, or transfers of the Plan's investments. Fees for loan initiation and maintenance are paid for by the participant and management and other fees for investment funds offered under the Plan may be subtracted from the investment fund's assets in determining the investment fund's unit or net asset value. Investment related expenses are included in the net appreciation/(depreciation) of fair value of investments. Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements.

Subsequent Events

The Plan Administrator evaluated subsequent events and transactions through October 11, 2024, the date these financial statements were available for issue, and has determined that no material subsequent events have occurred that would affect the information presented or require additional disclosure.

SIBLEY MEMORIAL HOSPITAL 401(k) PLAN

Notes to the Financial Statements December 31, 2023 and 2022

3. CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation/(depreciation) in fair value of investments, interest and dividends and interest on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal Trust Company, the trustee of the Plan.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the entity has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

SIBLEY MEMORIAL HOSPITAL 401(k) PLAN

Notes to the Financial Statements December 31, 2023 and 2022

4. FAIR VALUE MEASUREMENTS (continued)

The following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2023 and 2022.

Mutual funds: Valued at the current trading value of shares held by the Plan at year end.

Common collective trusts: One of the common collective trust funds is invested in securities that are traded in active markets. These active market inputs are principally used to determine fair market value. As such, the fund is reported at Level 2. The stable value fund is valued at the net asset value (NAV) of the underlying investment contracts. The funds' estimated fair value is net asset value, exclusive of the adjustment to contract value and has not been classified in the fair value hierarchy. The fair value of the collective trust fund recognized as NAV is deemed appropriate as the collective trust fund does not have a finite life, unfunded commitments, or significant restrictions on redemptions.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

As of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 157,837,451	\$ -	\$ -	\$ 157,837,451
Common collective trust (a)	-	12,506,898	-	12,506,898
Total Investments at Fair Value	\$ 157,837,451	\$ 12,506,898	\$ -	\$ 170,344,349

As of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 134,336,064	\$ -	\$ -	\$ 134,336,064
Common collective trust (a)	-	11,224,080	-	11,224,080
Total Investments at Fair Value	\$ 134,336,064	\$ 11,224,080	\$ -	\$ 145,560,144

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. Common/collective trust funds measured using NAV practical expedient are not classified in the fair value hierarchy but are provided for reconciliation purposes. This category represents investments in a stable value fund. The stable value fund has no restriction regarding daily fund redemption; however, the Plan is required to provide a one-year notice to liquidate its entire share in the fund.

SIBLEY MEMORIAL HOSPITAL 401(k) PLAN

Notes to the Financial Statements December 31, 2023 and 2022

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a traditional investment contract that meets the fully benefit-responsive investment contract criteria, and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the unallocated contract as of December 31, 2023 and 2022 was \$30,463,991 and \$31,148,156, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. The guaranteed value interest rate will not be changed more frequently than once per year. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

1. Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan);
2. Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
3. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan;
4. The failure of the Plan sponsor to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA; and/or
5. Premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

SIBLEY MEMORIAL HOSPITAL 401(k) PLAN

Notes to the Financial Statements December 31, 2023 and 2022

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events including the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; and/or
4. A material amendment to the agreement without the consent of the issuer.

6. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Principal Trust Company. Additionally, Principal Trust Company provides certain administrative services to the Plan. These transactions qualify as party in interest transactions.

7. RISKS AND UNCERTAINTIES

The Plan invests in various securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants would become 100% vested in their accounts.

9. INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated February 20, 2018 that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (the Code). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes the Plan is qualified and the related trust is tax-exempt.

SIBLEY MEMORIAL HOSPITAL 401(k) PLAN

Notes to the Financial Statements December 31, 2023 and 2022

9. INCOME TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.
