INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
PosiGen, Inc. 401(k) Plan
Metairie, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PosiGen, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of PosiGen, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of PosiGen, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PosiGen, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PosiGen, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PosiGen, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i- Schedule of Assets (Held at End of Year) and Schedule H, Line 4a- Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all

material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

POSIGEN, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2023 and 2022

1) Description of plan

The following description of PosiGen, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for complete information regarding the Plan's provisions.

a) General

The Plan is a defined contribution plan, which was adopted on January 1, 2013, to provide retirement benefits to employees of PosiGen, Inc. and related employers (the Company or Employer or Plan Sponsor). The Plan covers substantially all employees who are of age 18 or over and have completed three months of service (participants). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b) Contributions

Participants may voluntarily make before-tax and after-tax contributions to the Plan under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. All eligible employees are automatically enrolled in the Plan with a 6% deferral election, unless the employee elects otherwise. Participant contributions are permitted up to 100% of compensation, subject to certain IRC limitations.

The Company will make a safe-harbor matching contribution each year in an amount equal to 100% of each participants' contributions up to 2% of the participant's eligible compensation plus 50% of the participants' contributions that exceed 2% of the participant's eligible compensation but do not exceed 6%. The service requirement for Employer safe harbor matching contributions is one year of service for participants. Company contributions may not exceed the maximum amount deductible for federal income tax purposes.

Additionally, the Plan provides that the Company may make a profit-sharing contribution each year, however, a profit-sharing contribution by the Company is not required. No such contribution was made during 2023 or 2022.

c) Participant accounts

Each participant's account is credited with the participant's contributions, Plan Sponsor matching contributions, allocations of Company profit-sharing contributions, if applicable, investment earnings (losses), and administrative expenses. Allocations are based on participant compensation or account balances as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Participants vest 100% in the Company's safe-harbor matching contribution portion of their accounts plus actual earnings (losses) thereon after two years of continuous service.

Additionally, vesting in the Company's profit-sharing contribution portion of their accounts plus actual earnings (losses) thereon is based on years of continuous service. Participants vest 20% every year after one year of service and are fully vested after five years.

For the Years Ended December 31, 2023 and 2022

1) Description of plan (continued)

e) Payment of benefits

On termination of employment due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested balance in their account. A participant may withdraw all or part of their rollover contributions at any time. Participants may receive an in-service withdrawal of their vested account balance upon reaching 59 ½ years of age. Participants may also receive hardship distributions, as described in the Plan, from their deferral accounts. Balances under \$5,000 for terminated participants may be paid out at the discretion of the Company.

f) Forfeitures

When termination of participation in the Plan occurs, the non-vested portion of the participant's account, as defined by the Plan, represents forfeitures. Forfeitures are used to reduce administrative expenses and Employer match. Forfeited non-vested accounts used to pay Employer contributions in 2023 and 2022 were \$65,839 and \$57,231, respectively. At December 31, 2023 and 2022 forfeited non-vested accounts available for future use totaled \$69,230 and \$13,246, respectively.

g) Note receivable - participant loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance incurred by the participant during the previous twelve-month period. The loans are secured by the balance in the participant's account and bear interest at fixed rates ranging from 4.50% to 9.50%, which is prime plus 1.00%.

2) Summary of significant accounting policies

a) Basis of accounting

The accompanying financial statements have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

b) Use of estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America, requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

c) Investment valuation and income recognition

The Plan's investments are stated at fair market value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 11 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2023 and 2022

2) Summary of significant accounting policies (continued)

d) Notes receivable – participant loans

Participant loans are classified as notes receivable – participant loans, and are measured at the unpaid balance plus unpaid accrued interest. The Plan classifies all participant loans as in default when any scheduled payment remains unpaid as of the end of the last day of the calendar quarter following the calendar quarter in which the required payment was due. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statements of changes in net assets available for benefits. Deemed distributions recorded for Plan years 2023 and 2022 were \$51,198 and \$8,445, respectively.

e) Payment of benefits

Benefits are recorded when paid. There were no amounts allocated to participants who have elected to withdraw from the Plan but not yet been paid as of December 31, 2023 and 2022.

3) Plan administrative costs

The Plan Sponsor absorbs significant administrative costs of the Plan. Administration expenses paid by the Plan arise from processing fees for loans and distributions that are charged to their respected participants' accounts. In addition, certain investment accounts charge asset and participation fees that are allocated among the respected participants.

4) Investments

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$1,244,657 and (\$1,177,303) for the years ended December 31, 2023 and 2022, respectively.

5) Federal income taxes

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2006-6, the Company has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the letter, including amendments made to comply with recent law changes. The administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor and the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is not subject to income tax examinations beyond three years from filing of returns.

NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2023 and 2022

6) Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In such a case, participants would become 100 percent vested in their account and would be allocated their account balance at the time of the termination. Assets of the Plan will be distributed to participants after payment of expenses in accordance with the value credited to such participants as of the date of termination.

7) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8) Related party transactions

Certain Plan investments were and are shares of investment contracts managed by Transamerica Life Insurance Company for the period from January 1, 2021 through March 31, 2022 and managed by Reliance Trust Company for the period from April 1, 2022 through December 31, 2022. Transamerica Life Insurance Company and Reliance Trust Company was and is the custodian, as defined by the Plan, for the years ended December 31, 2022 and 2023, respectively, therefore, these transactions qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

9) Prohibited transactions

Participant contributions of \$337,795 and loan payments of \$9,643 were withheld from participants' pay during 2022 but were not remitted to the Plan's trust within the time frame required by the Department of Labor under the Plan asset rules. As of the date of the auditor's report, the lost earnings for these contributions and loan payments have not been remitted to the Plan.

Participant contributions of \$319,514 and loan payments of \$19,004 were withheld from participants' pay during 2021 but were not remitted to the Plan's trust within the time frame required by the Department of Labor under the Plan asset rules. As of the date of the auditor's report, the lost earnings for these contributions and loan payments have been remitted to the Plan.

10) Information certified by the custodians (unaudited)

The following is a summary of the investment information regarding the Plan as of December 31, 2023 and 2022, and for the years then ended, included in the Plan's financial statements and supplemental schedules that was prepared by or derived from information prepared by the custodians, Reliance Trust Company (as of December 31, 2023 and for the year ended December 31, 2023 and for the period from April 1, 2022 to December 31, 2022) and Transamerica Life Insurance Company (for the period from January 1, 2022 to March 31, 2022) and furnished to the plan administrator. The plan administrator has obtained certifications from the custodians that such information is complete and accurate.

11) Fair value measurement

Financial Accounting Standards Board Statement (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820, are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for measuring assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

POSIGEN, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2023 and 2022

11) Fair value measurement (continued)

Mutual Funds: valued at the daily closing price as reported by the fund.

Common collective trust: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The net asset value (NAV) is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	<u>Assets at Fair Value as of December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$11,590,254	\$ -	\$ -	\$ 11,590,254

(a) Certain investments are measured at fair value using the NAV per share (or its equivalent) practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in statements of net assets available for benefits.

The following table sets forth additional disclosures of Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2023 and 2022:

12) SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. While most of the significant provisions will become effective in 2024 and subsequent years, there was no material impact on the Plan's financial statements for 2022 or 2023.

13) Plan merger

On February 1, 2023, the Employer acquired New England Conservation Services, LLC. In connection with this transaction, the New England Conservation Services, LLC Section 401(k) Profit Sharing Plan was merged into the Plan effective February 1, 2023 on which date net assets of \$694,458 were transferred into the Plan. As of the effective date of the merger, New England Conservation Services, LLC employees were eligible to participate in the Plan, provided that they met the eligibility requirements of the Plan.

14) Subsequent events

The Company has evaluated subsequent events through the date of the auditor's report, the date which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosures in these financial statements.
