We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bimeda, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bimeda, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bimeda, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bimeda, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BIMEDA, INC. 401(K) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 PLAN DESCRIPTION

The following description of the Bimeda, Inc 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor defined contribution plan covering substantially all employees of Bimeda, Inc. and Bimeda Biologicals, Inc. (Company) who have completed 6 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by a committee appointed by the Company. Third Party Administrators serve as the trustee of the Plan, maintain the records of the participant data and hold the Plan assets.

Contributions

Participants may contribute up to 100 percent of their annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to allocate contributions between pretax and Roth deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or contributions plans (rollover). The Plan Sponsor contributes safe harbor matching contributions equal to 100 percent of each participant's elective deferrals not exceeding 3 percent of the participant's compensation, and an additional 50 percent of each participant's elective deferrals in excess of 3 percent, not to exceed 6 percent of the participant's compensation.

The Plan also allows for a discretionary nonelective contribution to be made by the plan sponsor. For the years ended December 31, 2023 and 2022, the Plan Sponsor elected to make a nonelective contribution equal to 5 percent of each participant's compensation which amounted to \$694,317 and \$607,051, respectively. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's and plan sponsor's contribution and an allocation of the Plan earnings. Participant accounts are charged with an allocation of the administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The Plan allows for participant-directed investment programs for which separate funds are maintained.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

Participants' Investment Options

Participants must direct their salary deferral contributions and Company contributions, if any, to selected investments as offered by the Plan. Participants may change their investment options throughout the year by contacting the Plan's third-party advisor. The value of each participant's account is determined daily.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50 percent of their vested account balance or \$50,000. Loans are repaid over the term of no greater than 5 years (fifteen years in cases where the loan proceeds are used to purchase the participant's principal residence). Participants are not allowed to have more than two loans outstanding at one time. Loans bear interest of 1 percent over the prime lending rate quoted in the Wall Street Journal. Principal and interest are paid ratably through payroll deductions and credited to the participant's account.

Vesting

Participants are immediately 100 percent vested in their contributions and corresponding employer safe harbor matching contributions, plus actual earnings thereon. Vesting for any discretionary nonelective contributions received from the Plan Sponsor is based on a graduating schedule and after six years of completed service, the participant is 100 percent vested.

Payment of Benefits

Upon retirement, termination, disability or death, a participant or his or her beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a series of substantially equal periodic installments.

Additionally, participants may take an in-service distribution of employee deferrals upon reaching age 59½. Upon termination, automatic distributions are required for balances of less than \$5,000. Automatic distributions above \$1,000 made without the participant's consent are rolled into an individual retirement account designated by the trustee. Generally, certain minimum distributions are required for participants who have separated from service and have reached required minimum distribution age.

The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Forfeitures

Forfeitures are used to reduce future employer contributions. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$20,656 and \$125,340, respectively. For the years ended December 31, 2023 and 2022, forfeitures were used to reduce employer contributions in the amount of \$145,062 and \$38,371, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, ("GAAP"), as codified by the Financial Accounting Standards Board.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and are reflected in the statements of changes in net assets available for benefits.

Contributions

Contributions from Plan participants and matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefit payments to participants are recorded when paid.

BIMEDA, INC. 401(K) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

Administrative Fees

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Participant accounts are assessed a separate fee for the administration of the loans and benefit payments.

Income Taxes

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

NOTE 3 INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee, Alerus Financial, N.A.:

	2023	2022
Collective Investment Fund	\$ 1,904,434	\$ 1,532,395
Mutual Funds	16,001,520	13,410,298
Notes Receivable from Participants	235,455	239,395
Investment Income (Loss)	2,307,842	(3,082,165)
Interest Income on Notes Receivable from Participants	13,423	11,809

NOTE 4 FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

BIMEDA, INC. 401(K) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Fund: Valued at the net asset value of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 INCOME TAX STATUS

The Plan is a Pre-Approved Plan sponsored by the trustee and adopted by the Plan. The Internal Revenue Service informed the trustee by an opinion letter dated June 30, 2020, that the Pre-Approved Plan is acceptable under section 401 of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter, however, the plan administrator and the Plan management believe that the Plan is currently designed and being operated in compliance. Therefore, no provision for income taxes has been included in the Plan's financial statements.

BIMEDA, INC. 401(K) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 6 EXEMPT TRANSACTIONS WITH PARTIES-IN-INTEREST

Alerus Financial, N.A., is the trustee of the Plan and Alerus Retirement and Benefits is the recordkeeper of the Plan. As such, transactions with the trustee and recordkeeper qualify as party-in-interest transactions. Total fees paid to them for services amounted to \$5,483 and \$8,971 for the years ended December 31, 2023 and 2022, respectively.

Alerus Financial, N.A. receives revenue from mutual fund service providers for services Alerus Financial, N.A. provides to the funds. This revenue is used to offset certain amounts owed to Alerus Financial, N.A. for administrative services Alerus Retirement and Benefits provides to the Plan.

NOTE 7 NON-EXEMPT TRANSACTIONS WITH PARTIES-IN-INTEREST

During 2023, the Company failed to timely remit to the Plan withheld employee contributions of \$336,368, in accordance with the plan asset provisions of the Department of Labor ("DOL") Regulation 2510.3-102, resulting in prohibited, or non-exempt, transactions. The Company has not yet completed the required corrections to the Plan to reflect foregone earnings that would have been credited to participants' accounts if the late remittances had been made on a timely basis.

NOTE 8 AMENDMENT AND TERMINATION OF PLAN

Although it has not expressed any intent to do so, the Company reserves the right at any time to amend or terminate the Plan subject to the provisions of the Plan and ERISA. If the Company terminates contributions or the Plan is terminated, all participants become fully vested.

NOTE 9 RISKS AND UNCERTAINTIES

Participants direct the investment of their accounts into various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 SUBSEQUENT EVENTS

No significant events occurred subsequent to the Plan's year end. Subsequent events have been evaluated through October 15, 2024, which is the date these financial statements were available to be issued.
