FINANCIAL STATEMENTS
AND
INDEPENDENT AUDITOR'S REPORT

December 31, 2023 and 2022

Plan Administrator
Mind Springs Employee Retirement Plan
Glenwood Springs, Colorado

INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Mind Springs Employee Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MIND SPRINGS EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Mind Springs Employee Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document and Summary Plan Description, which are available from the Plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Colorado West Inc. d/b/a Mind Springs, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was adopted under the provisions of Internal Revenue Code (IRC) Section 401(a). Participation in the Plan is entirely voluntary. Participants are eligible to make salary deferral contributions if the participant works on average more than 20 hours per week.

Employee Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions up to 100% of eligible compensation. Employee rollover and catch-up contributions are also permitted. The Plan does allow for special code section 403(b) catch-up contributions for those participants with 15 years of service. Contributions may not exceed dollar limits set by the IRC.

Employer Contributions

The Plan also allows for the Company to make matching contributions for employees age 21 or older that have one year of service. Effective October 1, 2022, the Company changed its matching contribution to 100% of employees' salary deferral amounts up to 2.50% to a discretionary match which was determined to be 6% of the participant's eligible compensation. The Company may make other discretionary contributions to the Plan, as determined by the Company's board of directors. For the years ended December 31, 2023 and 2022, the Company did not make any discretionary contributions to the Plan. For the years ended December 31, the Company made matching contributions of \$479,122 (2023) and \$315,364 (2022).

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions on the participant's behalf, and an allocation of the Plan earnings. An individual participant's account is charged a fee for obtaining a participant loan, including on-going maintenance of the loan. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Elections

Investment account options available include various mutual funds and guaranteed investment contracts. Each participant has the option of directing his or her contributions into any of the investment accounts and may change the allocation daily, however; for certain investment accounts, in an effort to reduce market timing and excessive trading, certain restrictions may apply.

Vesting

Participants are immediately vested in their elective voluntary contributions plus earnings thereon. Vesting in the Company's matching contributions plus earnings thereon is based on years of continuous service. A participant is fully vested after three years of qualified credited service. The nonvested balance is forfeited upon termination of service. In the event of a participant's death, disability, or attainment of normal retirement age (65) while employed with the Company, the participant is automatically 100% vested.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are secured by the participant's vested balance and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the plan administrator.

Payment of Benefits

Upon termination of service, a participant with an account balance of \$5,000 or less will receive a lump-sum payment equal to the value of his or her vested account balance. An employee with an account balance greater than \$5,000 may elect to receive a lump-sum amount or remain in the Plan and continue to participate in investment earnings.

Participants may withdraw amounts for their accounts subject to certain limitations imposed by the Plan. Such withdrawals are also subject to certain taxes and penalties as assessed by the Internal Revenue Service (IRS).

Forfeitures

If a participant terminates service prior to being fully vested in their account under the Plan, they will forfeit the amount in which they are not vested. Forfeitures may first be used to pay administrative expenses. Forfeitures that have not been used to pay administrative expenses shall be applied to reduce the earliest plan sponsor contribution made after the forfeitures are determined. Net forfeitures used to pay administrative expenses for the years ended December were \$932 (2023) and \$500 (2022). Net forfeitures used to reduce employer contributions for the years ended December 31 were \$12,700 (2023) and \$7,631 (2022). At December 31, 2023 and 2022, there were no forfeited nonvested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's pooled separate account investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the Plan's trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid by the trustee and upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Plan or the Company, at the Company's discretion.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. American United Life Insurance Company (AUL), the trustee of the Plan for the period from April 1, 2022 through December 31, 2023 and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal), the trustee of the Plan for the period from January 1, 2022 through March 31, 2022, have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan accounts for fair value in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). ASC 820 defines fair values, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Under ASC 820, assets and liabilities are grouped in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect the Plan management's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models, and similar techniques.

Under ASC 820, the Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and, therefore, are based primarily upon the Plan's estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability, and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: The Plan is invested at December 31, 2023 in the AUL American Unit Trust pooled separate account through a group variable annuity contract issued by American United Life Insurance Company. The AUL American Unit Trust, also referred to as the Variable Account, is divided into subaccounts. Each subaccount is exclusively invested in a single mutual fund. The subaccounts are valued at their accumulation unit value (AUV). The subaccounts are valued daily based on the number of accumulation units held by the Plan in each respective subaccount multiplied by each respective subaccount's AUV. The AUV is determined daily based on the net asset value (NAV) of the shares of the underlying mutual fund that each respective subaccount is invested in. The combined AUV of all subaccounts that the Plan is invested in represents the fair value of the Plan's investment in the Variable Account.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the Plan's use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023.

Description	Level 1	Level 2	Level 3	Total Fair Value
Assets in Fair Value Hierarchy				
Not applicable	\$ -	\$ -	\$ -	\$ -
<i>Total Assets in Fair Value Hierarchy</i>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>-</u>
Investments Measured at Net Asset Value Per Share as a Practical Expedient*				
Pooled separate accounts				8,486,760
<i>Total Investments at Fair Value</i>				<u>\$ 8,486,760</u>

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2022 are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Assets in Fair Value Hierarchy				
Not applicable	\$ -	\$ -	\$ -	\$ -
<i>Total Assets in Fair Value Hierarchy</i>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>
Investments Measured at Net Asset Value Per Share as a Practical Expedient*				
Pooled separate accounts				7,551,652
<i>Total Investments at Fair Value</i>				<u>\$ 7,551,652</u>

* In accordance with FASB guidance, investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

As described in Accounting Standards Codification (ASC) 962, *Plan Accounting-Defined Contribution Pension Plans*, as updated by ASU 2015-12, investment contracts held by a defined contribution plan are required to be reported at contract value. The Principal Guaranteed Option and AUL Stable Value Fund (the Funds) are group annuity contracts issued by Principle and AUL, and are backed by the full faith and creditworthiness of the issuers. The Funds do not operate like a mutual fund, variable annuity product, or conventional fixed rate individual annuity product. Under the group annuity contracts that supports these products, participants may ordinarily direct a permitted withdrawal or transfer of all or a portion of their account balance at contract value, within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Guarantees are based on the claims-paying ability of Principal and AUL and not on the value of the securities within the insurer's general account. The credit rating of the issuer at December 31, 2023 and 2022 was considered investment grade and there are no reserves against contract value for credit risk of the contract issuer or otherwise. Generally there are not any events that could limit the ability of the Plan to transact at contract value paid or contract value paid over time. Additionally, there are not any events that allow the issuer to terminate the contract and which require the Plan to settle at an amount different than contract value paid over time. The Plan considers these contracts to be fully benefit responsive. The Funds are included at their contract value and are classified as fully benefit-responsive insurance company general account investments in the statements of net assets available for benefits. As of December 31, the contract value of the Funds was \$785,416 (2023) and \$731,443 (2022).

NOTE 6 - PLAN TERMINATION

Although they have expressed no intention to do so, the Company has the right under the Plan to terminate the subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

NOTE 7 - TAX STATUS

The Plan is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended. The Plan has not requested or obtained a determination letter, as the IRS does not currently provide that service for 403(b) plans. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and not subject to tax.

NOTE 8 - RELATED-PARTY TRANSACTIONS

The Plan pays for certain expenses while the Company absorbs certain administrative expenses, such as accounting fees. Party-in-transit transactions include those with fiduciaries or employees of the Plan, any person which provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

During the years ended December 31, 2023 and 2022 the Plan held investment contracts in which the underlying pooled separate account and insurance company general account investments are managed by AUL and Principal, the trustees of the Plan.

The Company provides certain administrative services on behalf of the Plan at no cost to the Plan.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - CORRECTIVE CONTRIBUTIONS

The Company is in the process of making a corrective contribution as it relates to missed Company matching contributions related to the Plan. The Company is in the process of determining the full impact of the error; however, it is estimated that the correction due from the Company to the Plan at December 31, 2023, is approximately \$54,000. The receivable is presented in the accompanying statements of net assets available for benefits as of December 31, 2023 as employer corrective contributions receivable and with the related employer corrective contributions presented in the accompanying statements of changes in net assets available for benefits for the year then ended.

NOTE 11 - SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through October 14, 2024, the date which the financial statements were available to be issued, and determined that no events have occurred that would require disclosure.
