Independent Auditor's Report

To the Board of Trustees
403(b) Thrift Plan of Making Opportunity Count, Inc.
Fitchburg, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the 403(b) Thrift Plan of Making Opportunity Count, Inc., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 403(b) Thrift Plan of Making Opportunity Count, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of the 403(b) Thrift Plan of Making Opportunity Count, Inc. referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in Note 11 to the financial statements, prior to January 1, 2009, the Plan was not viewed as a separate reporting entity and historically was viewed as a collection of individual accounts with which participants could engage in a range of actions with limited

involvement, if any, by the Plan Sponsor. Thus, the availability and historical maintenance of accounting records, including supporting documents were not readily available using reasonable means. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the beginning balances as of January 1, 2009, previously incorporated as part of the financial statements and supplemental schedules may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the 403(b) Thrift Plan of Making Opportunity Count, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the 403(b) Thrift Plan of Making Opportunity Count, Inc.'s financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the 403(b) Thrift Plan of Making Opportunity Count, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held at End of Year and Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to

the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

403(b) Thrift Plan of Making Opportunity Count, Inc.
Notes to the Financial Statements
December 31, 2023 and 2022

Note 1 – Description of the Plan

The following description of the 403(b) Thrift Plan of Making Opportunity Count, Inc. (the “Plan”) provides only general information. Participants should refer to the “Summary Plan Description” and the Plan document for a more complete description of the Plan’s provisions. Copies are available from the Plan Administrator.

General

The Plan, amended through July 1, 2023, is a defined contribution 403(b) plan covering substantially all employees of Making Opportunity Count, Inc. (the “Plan Sponsor”), who have reached the age of eighteen and are employed by the Plan Sponsor. Employees are eligible to contribute upon the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Sponsor appointed Mutual of America Life Insurance Company and ReliaStar Life Insurance Company as investment custodians to hold the Plan’s assets and execute investment transactions for the years ended December 31, 2023 and 2022.

Amendment

Effective July 1, 2023, the Plan was amended to eliminate the two years of service and minimum age of 21 requirements in order to be eligible to receive employer contributions.

Eligibility

All employees, except non-resident aliens as defined under IRC 410(b)(3)(C) with no U.S. source income, are immediately eligible to participate in the Plan upon hire.

Contributions

The most recently amended Plan continues to allow participants to contribute a deferral percentage up to 100% of pre-tax compensation, subject to annual limitations.

Effective July 1, 2023, the most recently amended Plan allows for employer contributions of 3% of eligible compensation to participants who have less than six years of service, 4% of eligible compensation for participants who have more than six years of service but less than eight years of service, and 5% of eligible compensation for participants who have more than eight years of service. Prior to July 1, 2023 employer contributions were only available to participants who had reached the age of 21 and had been employed for two years.

Participants are able to rollover amounts from other qualified retirement plans under the amended Plan.

Vesting

Participants are immediately fully vested in their employee and employer contributions, rollovers, plus actual earnings thereon.

403(b) Thrift Plan of Making Opportunity Count, Inc.
Notes to the Financial Statements
December 31, 2023 and 2022

Note 1 – Description of the Plan (continued)

Participant Accounts

Participants' accounts are credited with their contributions and allocation of the Plan Sponsor's contributions and Plan earnings, net of any administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which each participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Loans

The Plan allows for participants to borrow an aggregate amount directly from Mutual of America Life Insurance Company or ReliaStar Life Insurance Company, the custodians of the Plan, up to the lesser of (i) 50% of the participant's vested account balance or (ii) \$50,000 of the participant's vested account balance. The minimum loan allowed is \$1,000. Loans, bearing interest rates from 4.60% to 5.85%, are collateralized by the participant's account balance and repayments of principal and interest are credited back to Mutual of America Life Insurance Company and ReliaStar Life Insurance Company and not their own participant account balance. Total loans, which are collateralized by a participant's investment in the Plan as of December 31, 2023 and 2022, were \$157,553 and \$158,820, respectively.

Plan Investments

Participants direct the investment of all contributions and any related earnings among various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and an investment in an insurance company general account with Mutual of America Life Insurance Company. The Plan also offers an investment in an insurance company general account with ReliaStar Life Insurance Company.

Benefits and Withdrawals

The Plan provides for a normal retirement benefit to be paid to participants who have reached the normal retirement age of 65. Upon termination of service, a participant receives a lump-sum amount equal to the value of his or her account. Participants no longer employed by the Plan Sponsor, with balances of \$1,000 or less, will automatically receive a lump-sum of their balance. There are also retirement benefits available upon late retirement, disability, and death.

The Plan allows in-service withdrawals upon attainment of age 59½. A participant may also request a withdrawal upon demonstration to the Plan Administrator that they are suffering a "hardship." Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 403(b) of the Internal Revenue Code (IRC) or standards established by the Secretary of the Treasury or his delegate.

The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Fair Value Measurement

ASC 820, *Fair Value Measurements and Disclosures*, establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The fair value hierarchy is as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Group Annuity Contracts: Valued at contract value, which also approximates fair value, represent contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. The investment contract issuers are contractually obligated to repay principal and a specified interest rate.

Fair Value Measurement (continued)

Pooled Separate Accounts: The value in the pooled separate accounts is the Plan's equity in the net asset value of the investment vehicle in accordance with standards pertaining to *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. Units are available for transactions at the closing accumulation unit value on an open exchange, and even though the underlying assets of the pooled separate accounts cannot be quickly sold and converted to liquid assets, it is backed with a liquidity guarantee to ensure funds are available to meet participant directed withdrawals.

The preceding methods described may produce a value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the value of certain financial instruments could result in a different value measurement at the reporting date.

Investment Valuation and Income Recognition

The group annuity contracts are stated at contract value, which also approximates fair value. All other Plan investments are stated at fair value based on quoted redemption values on the last day of the Plan year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in the pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Contributions

Participants' contributions are recorded in the period in which their payroll deductions are withheld.

Benefits Paid Directly to Participants

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of processing benefits paid to participants are charged directly to the participant's account and are included in administrative expenses when they are incurred. Investment-related expenses are included in net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Note 3 – Information Prepared and Certified by the Plan's Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information included in the accompanying financial statements and supplemental schedules were certified by Mutual of America Life Insurance Company and ReliaStar Life Insurance Company, the custodians of the Plan, as being complete and accurate:

	<u>2023</u>	<u>2022</u>
Investments, at fair value	\$8,192,850	\$6,672,994
Investments, at contract value	2,611,552	2,502,780
Investment income	1,233,920	
Administrative expenses	1,287	

The Plan's independent auditors did not perform auditing procedures with respect to this information other than comparing such information to the related information included in the financial statements and supplemental Schedule of Assets Held at End of Year.

Note 4 – Fair Value Measurement

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Note 4 – Fair Value Measurement (continued)

*In accordance with Subtopic 820-10 (Note 2), certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 5 – Group Annuity Contracts with Insurance Companies

The Plan entered into group annuity contracts with Mutual of America Life Insurance Company and ReliaStar Life Insurance Company. Both insurance companies maintain all investment contributions in a general account. The accounts are credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The investment contract issuers are contractually obligated to repay the principal and a specified rate that is guaranteed to the Plan.

Contract value, which approximates fair value, is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract values, as reported by Mutual of America Life Insurance Company and ReliaStar Life Insurance Company, represents contributions made under the respective contracts, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Each contract limits the percentage of the investment for periodic elective transfers to variable investments within the Plan during any twelve-month period.

There are no reserves against contract values for credit risk of the contract issuers or otherwise. The total contract value of the investment contracts at December 31, 2023 and 2022 was \$2,611,552 and \$2,502,780, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

403(b) Thrift Plan of Making Opportunity Count, Inc.
Notes to the Financial Statements
December 31, 2023 and 2022

Note 6 – Exempt Party-In-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, transactions with investment funds managed and held by the custodians are considered party-in-interest transactions. Administrative expenses primarily consisting of asset management and custodial services totaling \$1,287 was paid to Mutual of America Life Insurance Company during 2023. These amounts were included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

Note 7 – Prohibited Transactions

During the Plan years ending December 31, 2023, 2022, 2021, 2020 and 2019, the Plan Sponsor has inadvertently remitted late contributions to the Plan totaling \$189,975, for \$68,295, \$30,145, \$28,933, \$53,595 and \$9,007, respectively. The Department of Labor (DOL) considers the late deposits to be a prohibited transaction and assess a 15% penalty on the lost earnings. Management is currently working with their third-party administrator to determine the amount of lost earnings on each, file the required forms for each year and contribute amounts to remedy these late deposits.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Tax Status

The Plan Sponsor has adopted a 403(b) plan. The Internal Revenue Service currently does not have a determination letter process in place for 403(b) plans; however, the Plan Sponsor is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status. Therefore, the Plan Sponsor is of the opinion that the Plan and related trust were tax exempt as of and for the year ended December 31, 2023.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

403(b) Thrift Plan of Making Opportunity Count, Inc.
Notes to the Financial Statements
December 31, 2023 and 2022

Note 9 – Tax Status (continued)

On December 29, 2022, the Consolidated Appropriations Act of 2023 was signed into law, which includes the package of retirement provisions referred to as “SECURE 2.0”. These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on getting more participants into the retirement system and finding ways for them to accumulate more assets. These changes have various effective dates starting in 2023 and forward. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.

Note 10 – Termination

The Plan Sponsor may amend the Plan at its discretion and, although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan’s termination, all accrued benefits shall be paid to the participants in accordance with the provisions of the Plan.

Note 11 – Participant Account Balances

In November 2007, the Department of Labor (DOL) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting, disclosure and audit requirements under Part 1 of Subtitle B of Title I of ERISA, as amended. The DOL acknowledged in its *Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans*, that full annual reporting compliance “may not be possible” and “the guiding principle must be to ensure that the appropriate efforts are made to act reasonably, prudently, and in the interest of the Plan’s participants and beneficiaries.”

Notwithstanding the DOL’s specific recognition of the “compliance challenges” engendered by its new requirement, U.S. GAAP provides no such relief requiring all contracts and custodial accounts to be included and maintained. Prior to the amended regulations, the Plan was not viewed as a separate reporting entity and historically was viewed as a collection of individual accounts with which participants could engage in a range of actions with limited involvement, if any, by the Plan Sponsor. Accordingly, various accounting and payroll records related to the Plan’s 403(b) annuity contracts and custodial accounts issued to employees prior to January 1, 2009, were not required to be maintained by the Plan, nor were they required to be maintained or retained by service providers at the Plan level. Consequently, the Plan’s financial statements have been prepared based on the available records, which were accessed using reasonable means and then analyzed by the Plan Sponsor and outside ERISA legal counsel. While nothing has come to the attention of the Plan Sponsor to indicate otherwise, certain reports were not available dating back to the inception of the Plan in 1978, and therefore, the effect, if any, on the completeness of opening balances and thus on the accuracy of the Plan’s financial statements cannot be determined at this time.

Note 12 – Subsequent Events

FASB ASC 855-10, “*Subsequent Events*” defines further disclosure requirements for events that occur after the balance sheet date but before financial statements are issued. In accordance with ASC 855-10, the Plan’s Sponsor has evaluated events subsequent to December 31, 2023 through October 8, 2024, which is the issuance date of this report. There has been no other material event noted during this period that would either impact the results reflected in this report or the Plan’s results going forward.
